DEMOCRATS REVOLT.

Leaders Object To Wanamakerites Running The Minority Party.

A VERY LIVELY FIGHT IS ON.

A Pronounced Sentiment In the Organization Against the Nomination of An Insurgent On the Bourbon Ticket.

Philadelphia, July 23.—A pretty fight has broken out in the Democratic party in this state and there are likely to be some interesting revelations before the Democratic state convention meets at Harrisburg on the 15th prox.

It is the old struggle over again, between the straightout Democrats and the Democrats who are controlled by the Wanamaker influences and who have for the last few years made the Demo-eratic organization subordinate to the so called independent Republican or In-surgent combine, of which John Wana-maker is now the acknowledged head.

Wanamakerism has disrupted the Democracy of the state to such an extent that many of the old line Democrats, who have not for years taken an active interest in the affairs of the Democratic state organization are pushing to the front, and they say they propose to make themselves heard at the coming Democratic state conven-

Unless Col. Guffey puts his foot down hard upon the schemes of the Wana-maker Democrats there will be "fur a flyin" when the Democratic convention gets down to the work of framing a state ticket.

THE WANAMAKER STATE TICKET. The Wanamaker Democrats have al-

ready slated the ticket which they propose to support. They are for the nomination of Judge Harman Yerkes, of Bucks county, a Democrat, for justice of the supreme court, and Representative E. A. Coray, of Luzerne, an In surgent Republican, for state treasurer. The Wanamaker newspapers have been booming this slated combination and have been reviving the proposition for a fusion movement which shall receive the support of all Wanamaker Republicans in the state.

These so called Republicans, prior to the meeting of the Republican state convention, and without knowing who the Republican canidates are to be, and without apparently giving that matter a moments thought, have announced their purpose to support a Democratic ticket to be made up of Yerkes and

Republicans of Pennsylvania who be lieve in the principles of their party and who have some feeling of loyalty to their party organization, will recognize in this proclaimed action of the Wanamaker insurgents another evidence of the selfish and personal interest which actuate the small contingent which constitute the remains of the late Insurgent movement in Pennsyl-

While the Insurgent Republicans and their allies in the Democratic party are advocating the nomination of Coray for treasurer the straightout Democrats have candidates of their own, whose names will be presented to the Democratic state convention and who will be backed with all the vigor of the old fashioned Democracy of the Key-

Former Sheriff Charles Robinson, of Lackawanna county, has been proposed by the leading Democrats of northeastern Pennsylvania for the nomination for state treasurer. Coming from the same section of the state as Coray, Robinson's candidacy presents a direct challenge to the Insurgent Republicans and their Democratic co-workers the election of delegates from the northeastern counties to the Democrat ic state convntion. Former Senator Mc-Donald, of Lackawanna, is active in leading the fight for Robinson.

Former Democratic State Chairman John M. Garman is out in a letter to Chairman Creasy of the Democratic state committee, demanding the nomination of a straight Democratic state and others of prominence and influence in the Democratic state organization are giving public expression to like sentiments.

Representative Mayne, of Lehigh

county, is another Democrat who has been proposed for the Democratic nomination for state treasurer, and there will probably be others before many days have passed.

Meanwhile, the stalwart Republican leaders are watching complacently the developments, day by day. They smile as they see the Wanamakerites who have cut such a sorry figure in the Republican organization, now attempting to dispute leadership in the Democracy with some of the oldest and most respected Democratic leaders.

THE PURPOSE OF IT ALL

The rule or ruin policy of the Wanamaker contingent in the Republican organization has not profited the mer-chant prince of the Quaker City any, w that he and his supporters ar engaged in a bitter struggle against the Republican organization in Philadelin the state frame a state ticket so that they can call it a "reform ticket," and thy can call it a "reform ticket," and seek to persuade Republicans of this city to vote their local Wanamaker ticket, but placing a cross mark in the circle at the head of the Democratic column, which would mean a vote for all the candidates of the Democracy, state and local.

If the Wanamaker plans are successcarried out, this would mean a vote for Wanamaker's private counsel, P. F. Rothermel, who is the Wanamaker candidate for district attorney of Phila-

MISSOURI'S RAINPRAYER

Governor Made Yesterday A Day of Universal Appeal.

BUT IT WAS HOTTER THAN EVER

Thermometers In St. Louis Registered 106 at 3.30 O'clock In the Afternoon. Chicago Enjoyed Its Hottest Day In Thirty Years.

St. Louis, July 22.-Yesterday, the day that Governor Dockery designated for fasting and prayer to God that the present drouth might be broken Missouri, all records for hot weather in St. Louis were broken, the weather bureau thermometer on the custom house registering 106 degrees. On the streets and in exposed places the mercurv went many degrees higher. record broken was that of 106, made in the early eighties.

At early as 7 a. m. the day gave promise of being unusually warm. At that time the thermometer registered 90 degrees, and from then on until 3.30 p. m. the mercury steadily climbed upward under the impulse of a fierce sun shining from a cloudless sky. Hardly a breath of air stirred all day, and the little that did circulate came as the draught from a furnace, so in-

tensely hot was it.

The governor's proclamation was very generally heeded, nearly every church in the city holding well attended services, given up to prayer that the drouth, which has prevailed sev-eral months and threatens the destruction of all vegetation, might be

This is the second proclamation of the character ever made in the history of Missouri. In 1875, a time of drouth and grasshopper pest, Gov-ernor Charles H. Hardin called upon the people of the state to pray for re-lief. This call was also generally

In the states of Iowa, Missouri and Kansas the duration of the present heated term is without precedent, there having been practically no interruption to temperatures of 90 degrees or over since June 18, a period of 34 days. On 18 days of this period the maximum temperature at Kansas City was 100 degrees or more. There are as yet no indications of any relief from the abnormal heat. No rain has fallen in the corn belt for the past three days and none is in sight.

At other points the maximum temperature was as follows: Kansas City, 104; Chillicothe, 114; Bowling Green, 112; Paris, 108; Monroe City, 107; Springfield, 100.

Chicago's Hottest Day In 30 Years Chicago, July 22 .- All heat records since the establishment of the weather bureau in Chicago 50 years ago were broken yesierday, the government thermometer registering 103 degrees. Down on the street it was from three to five degrees hotter, and to add to suffering a hot, stifling wind, like a blast from a furnace blew all day from the southwest. From 5 o'clock in the morning, when the thermometer registered 77, a gradual rise followed until, at 4.30 in the afternoon, the top notch had been reached. Shortly after that time the wind veered around toward the lake and caused a drop to 95 at 8.30 last night. Prostrations were numerous and police ambulances were kept busy taking care of persons who were overcome on the streets.

At Decatur the thermometer registered 106, while a similar temperature was recorded at Sioux City, Ia.

Even Russia Feels the Heat.

St. Petersburg, July 22.-Phenome nal heat prevails throughout all northern Russia. The temperature in St. Petersburg yesterday was 117 degrees Fahrenheit. In Odessa it was 103, and the rate of mortality there is 70 per cent. above the normal.

EPWORTHIANS ENTHUSIACTIC.

Ten Thousand Heard Bishop Joyce

Preach In Mechanics' Pavilion. San Francisco, July 22.—The religious enthusiasm aroused by the in ternational convention of the Epworth League here had its culmination at the grand meeting held yesterday, the last of the gathering at the Mechanics' pavilion. About 10,000 persons were in attendance, and not a seat was vacated until the conclusion of the sermon preached by Bishop Joyce, president of the league. His theme president of the league. His theme was "Faith In Christ," and no more eloquent address has been heard since the assembling of the convention. At its conclusion the bishop was tendered an impromptu reception, not being al-lowed to leave the platform until a large part of the great congregation had grasped his hand.

The influence of the league was not alone felt in the central meeting. All over the city, in churches of many denominations, services were held, and the local pulpits were occupied by visiting divines. At Grace Episcopal church, where Rev. J. M. Buckley, of New York, preached, it was impossible to gain admittance long before the time announced for opening of the doors, and in none of the churches was a vacant pew. Love feasts were held in the early morning in more than dozen places, including the Japanese and Chinese missions.

Harrisburg, July 18 .- The report of Col. Frank G. Sweeny, inspector general of the National Guard of Pennsylvania, on the spring inspections, made public yesterday in general orders issued by Adjutant General Stewart. General Stewart says that matters that were the subject of unfavorable comment at the spring inspection of 1900 seems to still exist, this being particularly noticable in the fault to forward enlistment papers and the proper care of state property. The reports indicate, in some instances, that captains of companies fail to avail themselves of the help that the adju-tant general says should always be rendered by lieutenants and thus make their positions un-necessarily irksome.
