RUSSIA'S GREAT FAMINE

Whole Families Trying to Exist
on Child's Rations.

ELIZABETHGRAD SUFFERS MOST

People of That District Become Blind
As Sun Goes Down—Many Dying of
Starvation As Result of Hunger
Typhus.

St. Petersburg, Aug. 5.—A traveler
chancing into the district of Eliza-
bethgrad, province of Kherson, South
Russia, would find men and women
who, endowed with serviceable visual
powers as long as the sun is visible,
become totally blind the moment twi-
light sets in and must be led home.
This is one of the queerest diseases
known to medical science, and is one
of the camp followers of the famine
which is not officially admitted to exist
in this district.

In correspondence from here men-
tion has been made from time to time
of the dearth which has visited many,
though not very large, districts of
Russia and of the efforts made by the
government to alleviate suffering re-
sulting from it. The ministry of the
interior repeatedly declared the fam-
ine had been conquered, food had
been distributed and seed corn provid-
ed for the current year. Newspapers
here received during the last few
months occasional letters depicting
the situation in anything else than the
rosy colors which the government or-
gans used. The government answered
by a communicate recapitulating what
had been done, and repeating former
assertions that all was well as could
be expected, and then the newspapers
received a secret circular forbidding
further mention of the subject.

The existence of famine was an in-
convenient fact at a time when nego-
tiations were pending for foreign
loans. Access to the famine districts
was made difficult for non-residents
of them, and the charity workers who
were not directly under the control of
the state were sent back to their
homes, and the agencies they had
created were placed under the Red
Cross, which is as much a branch of
the government as any ministry. These
measures did not still the natural
curiosity to ascertain the truth about
the matter, and certain people with
influential connections which could not
be ignored sent a trustworthy young
man to Elizabethgrad to investigate
for himself. He has just returned.
Without going into details, he reports
the following facts:

The city and districts of Elizabeth-
grad, with a population of 600,000, are
suffering now from famine and disease
incident upon famine. The investiga-
tor found:

1. General destitution.
2. Many cases of acute destitution.
3. Some people dying of starvation.
4. "Spotted" or hunger typhus prevalent.

Hunger typhus is an unfailing indi-
cation that poverty has sharpened into
want.

Whole families are attempting to ex-
ist on rations allowed for a single
child. The government is still making
an unavailing effort to alleviate the
suffering.

St. Petersburg has been planning to
celebrate the two hundredth anni-
versary of her foundation by an exposi-
tion in 1903. Minister De Witte has,
however, decided that the time is too
short for such a grand undertaking,
and it will be deferred until 1913,
which will be 200 years after the cap-
ital was removed here.

Actress Shot At Rehearsal.

Omaha, Neb., Aug. 5.—Mrs. Millie
Lighthawk, an actress, known on the
stage as Millie Allen, was fatally shot
here yesterday by Thad Brookline, who
afterward turned his revolver on him-
self, sending a bullet through his
heart. Mrs. Lighthawk is dying in the
Clarkson Hospital, with no chance for
recovery. Jealousy is said to have
been the motive for the deed. The
tragedy occurred at a rehearsal of
"The Arizona Female Bandit," of
which the dying woman was the
author.

Escaped Convict Recaptured.

Lincoln, Neb., Aug. 5.—Of the three
convicts who escaped from the peni-
tentiary on Friday morning, one,
Adair, was captured by the sheriff
of Hall county near Grand Island yester-
day. Poses are pursuing the other
two with bloodhounds from Lincoln.
Adair had discarded his prison garb
and was in his underclothing, supple-
mented with a long coat which some
one had given him.

Dumont, Aeronaut, Fails Again.

Paris, Aug. 5.—M. Santos-Dumont,
the Brazilian aeronaut, made another
unsuccessful attempt yesterday after-
noon to win the prize of 100,000 francs
offered by M. Deutsch, of the Aero
Club, for a dirigible balloon. He only
succeeded in covering about half the
distance to the Eiffel Tower.

DETECTIVE WAS CRUEL.

Life Saving Men Attribute Brutality
To Pennsylvania Railroad Official.

Trenton, N. J., Aug. 5.—Leon Bray,
John Welsh and William Welsh, who
claimed to be members of the United
State Life Saving Service, charge Con-
stable Dennis Frawley with cruelty
and unjust arrest. Frawley is a Penn-
sylvania railroad detective and met
the men at the coal chute just outside
of Trenton. Bray and the two Welshs
were among 64 men whom Frawley
arrested last week on the charge of
trespassing on the railroad company's
tracks. The men were taken before
Justice of the Peace Humphreys, who
sentenced them to the county work-
house for 30 days.

Bray and his two companions in-
sisted that they were not on the tracks
and Frawley is charged with having
kept some of the men chained to tele-
graph poles for several hours before
taking them to the justice for a hear-
ing.

TOWN SPRINGS UP IN A NIGHT.
Lawton, Oklahoma, Already Has 10,
000 Population.

Fort Sill, O. T., Aug. 3.—A town of
10,000 people, to be known as Lawton,
has grown up just outside the Fort
limits, almost within a night. Follow-
ing the close of the land lottery at El
Reno, thousands of homeseekers, who
drew blanks, started for the three
points picked out by the Federal gov-
ernment for town sites in the new
country, namely, Anardarko, Hobart
and Lawton. A majority of the people
favored Lawton, which is 25 miles in-
land, and last night thousands are
camped in about the proposed town
site awaiting the sale of lots on August
6.

Already Lawton has 400 temporary
business houses, including a grocery
firm and a newspaper, and three streets
have been laid out. A national bank
has been projected. Every form of
gambling known on the frontier is be-
ing run wide open, side by side with
fake shows of various descriptions. To
add to the picturesque of the scene,
a thousand Comanche Indians have
pitched their tents nearby.

JAPANESE STRUCK, TOO.

Oriental Feature Added to San Fran-
cisco's Big Strike.

San Francisco, Aug. 3.—Conferences
were held yesterday with a view of
bringing the local strikes to a close.
While no appreciable result has been
reached, Mayor Phelan, who is labor-
ing to bring about an adjustment, ex-
presses confidence that the controver-
sy will end with the week. The new
features of the day involved Oriental
labor. The Japanese labor union vol-
untarily called upon Japanese em-
ployed upon the water front to stand
with the strikers, and the Chinese
crew of the steamer Coptic was prohib-
ited from working ashore by the
Federal authorities, in pursuance of
the exclusion act.

STRICKEN IN HIS PULPIT.

Asbury Park Pastor Meets Death At
Morning Service.

New York, Aug. 5.—The Rev. Geo.
E. Hancock, pastor of the West Park
M. E. Church, of Asbury Park, N. J.,
was stricken with paralysis at the
morning service yesterday. He was
carried into the rectory and died at
2:30 o'clock in the afternoon.

Mr. Hancock complained of not feel-
ing well before he went into the pul-
pit, but attempted to deliver the ser-
mon. He had not spoken more than
five minutes when the fatal stroke
came. The funeral will be held on
Tuesday evening at the church, the
Rev. George L. Dobbins, presiding
elder of the Camden district, officiat-
ing.

Mount Assiniboine Still Unconquered.

Banff, N. W. T., Aug. 5.—Mount As-
siniboine, the Matterhorn of the Cana-
dian Rockies, after seven attempts in
as many seasons is still unconquered.
Walter D. Wilcox, of Washington, D.
C., and Henry G. Bryant, ex-president
of the Geographical Society of Phila-
delphia, accompanied by two Canadian
Pacific Swiss guides, were defeated in
an attempt to reach its summit, al-
though an altitude of 11,135 feet was
attained.

Pekin Populace Becomes Unfriendly.

Pekin, Aug. 5.—American and Euro-
pean residents assert that the de-
meanor of the Pekin populace is con-
stantly becoming more unfriendly, and
that as the allied troops depart the
Chinese resume their old habits of
jostling and cursing foreigners in the
streets.

London, Aug. 5.—The Reuter Tele-
gram company has received the fol-
lowing dispatch, dated Aug. 4, from
Curacao: "Advices from Caracas say
that 6,000 revolutionists were defeat-
ed after 30 hours of fighting on July
29 and 30, with a loss of 800 men, the
government loss being 300."

British Torpedo Destroyer Wrecked.

London, Aug. 5.—The British tor-
pedo boat destroyer Viper struck a
rock off the Island of Alderney, in the
English Channel, and is a total wreck.

WAR TO THE BITTER END

Within a Week Shaffer Will Call
Out All Union Men.

NO COMPROMISE WILL BE ASKED

Every Mill of the Steel Corporation
Will Be Closed, It Is Said—Amal-
gamation Said To Have Many Sur-
prises Ready.

Pittsburg, Aug. 5.—"Within a week
every union man and every union man
at heart in the employ of the United
States Steel Corporation will be asked
to join in the strike now being waged
by the Amalgamated Association. We
must settle whether unionism is to
stand or fall.

"There will be no more conferences
with the United States Steel Corpora-
tion unless the meeting is asked for
by the officials of that corporation. The
Amalgamated Association will not
request a peace meeting."

These and several other significant
statements were made last night by
Theodore J. Shaffer, president of the
Amalgamated Association of Iron,
Steel and Tin Workers, upon his re-
turn from the fruitless conference
with J. Pierpont Morgan and others in
New York.

It is now a fight to the bitter finish
between the great billion dollar steel
trust and organized labor. Mr. Shaffer
says that he is ready to employ every
peaceable means within the power of
man to win a victory. No quarter is
to be given and none will be requested.
The entire management of the battle
has been placed in the hands of Presi-
dent Shaffer. He has absolute power
to call out every man who is connected
with the organization, and he intends
to do it. He is satisfied with the pro-
gress of the fight to date. He finds
that none of his battle lines have been
broken.

Mr. Shaffer was asked this question:
"Do you think you will be able to
close all of the mills of the Steel Cor-
poration?"

"I am of the opinion that every one
of them can be closed. We have some
great surprises in store for the trust.
The men have been organized in some
of their mills that they never dream-
ed could be touched. We have the sym-
pathy of the workmen, and they will
not throw any straws in the way of
our absolute victory."

"Don't blame Mr. Morgan for all
this," said Mr. Shaffer, as he went on.
"Mr. Morgan knows absolutely nothing
about the true conditions of the mills
except as he is told by others. He has
their word and is guided by it entirely.
I believe that Mr. Morgan is a far-
sighted man and is only acting on his
judgment based on information of
others whom he looks to."

Mr. Shaffer said that the stories that
Mr. Morgan had been ugly during the
conference on Saturday were untrue.
He said the gentleman had been cour-
teous and business like throughout the
entire meeting, and if he had lost his
temper it was after the adjournment
of the gathering.

"Are you afraid of southern negroes
being brought in to break the strike?"

"Not in the least. The negroes of
the south are thoroughly organized.
We have not been overlooking that
detail. They make the best kind of
union men. The 200 colored men
brought from the south to assist in
starting the plant of the Latrobe Steel
company, in Chicago, were all mem-
bers of the union. When they dis-
covered what was wanted of them
they returned to their homes."

COULD NOT ACCEPT THE TERMS.

It Would Have Meant Association's
Death Blow, Says Rees.

Pittsburg, Aug. 5.—Vice President
David Rees said this morning:

"As anxious as the members of the
executive board of the Amalgamated
Association are to settle the strike,
their refusal to accept the terms of
Mr. Morgan was the only alternative
left them at the last moment. From
the association side to have agreed to
the proposition that would have de-
clared all of the hoop combine mills
now idle as non-union would have
meant the desertion of the thousands
of workmen who were employed in
them and who organized and came out
on a strike since the trouble began.
To have deserted these men now
would have been the death blow of
the organization and it would have
died in dishonor. To fight the trust in
an honorable battle, with a good
chance to win, means at least a chance
for life, but if beaten a demise of
the Amalgamated Association with
honor."

Rain Maker a Dead Failure.

Lincoln, Neb., Aug. 3.—Without pro-
ducing the desired result of a fall of
rain, W. N. Wright yesterday aban-
doned his bombardment of the sky
temporarily. Mr. Wright said he was
convinced his mortars were too small
and the powder charges too light.
