### Shot Wife and Himself.

Scranton, Pa., Aug. 12.—Edwin Davis, a young carpenter, shot his wife and himself last evening after a succession of quarrels. His wife returned from Atlantic City, where she had been for a week, on Saturday night. Last evening Davis sent his little daughter to his wife, with a request that she bring him a glass of water to his room on the second floor. A minute later four shots were heard. When the neighbors went up stairs they found the wife dead on the floor, with three bullet holes in her head, while the husband lay lying dead across the bed, with a bullet hole in his forehead and a revolver in his grasp. They had been married three years and had one child. The husband frequently complained of his wife's condition, and according to the neighbors, their quarrels of late have been frequent.

# NO ONE IS FOOLED

Political Situation in the Quaker City is Misrepresented.

## INSURGENT NEWSPAPER YARNS

Regular Republicans Are Confident of Electing Their Entire Local Ticket, and Are Preparing For An Aggressive Campaign.

(Special Correspondence.) Philadelphia, Aug. 13.—Political developments during the last week have accentuated the general impression that the whole body and substance of the so-called reform campaign is Wanamakerism and a desire to overthrow the present Republican organization.

Wanamakerism means more than the defeat of regularly nominated candidates for state and local offices. It means the advancement of the political interests of an ambitious citizen, who prefers to take his chances for political preferment with the enemies of the Republican party rather than through the organization which represents Republican policies and Republican principles in this city and state.

Wanamaker has been for several years seeking to annex the Democratic organization to his own personal aggregation, and he has in some instances been successful in winning over men who have some influence in their respective localities.

He has a Democratic as well as an insurgent Republican contingent to boom his several games in the whirl of politics. Up to date none of them has been of much service to him, although the matter of expense has been something enormous.

Philadelphia, through the Wanamakerized newspapers, is treating the rest of the country to a spectacle in practical politics which is unique and startling in its effrontery.

To advance the interests of the Wanamaker coterie, these newspapers are attacking Republicans and Democrats alike.

They abuse the Republicans who persist in remaining with their party organization and in supporting the regularly nominated candidates of that party.

They denounce every Democrat of prominence who will not bow the knee and humbly take orders from the Wanamaker lieutenants regarding the policy they are to pursue in their party's conventions or the attitude they are to take on questions affecting the advancement of the Wanamaker candidates.

NEWSPAPERS ARE MISLEADING. The Republicans and Democrats of the state are being misinformed every day regarding the sentiment of the voters of this city by the newspapers carrying the Wanamaker advertisements. These papers will continue to do so as long as they shall be controlled by the business offices rather than the editorial departments of the newspapers.

The situation from a stalwart Republican standpoint is not very alarming. A quiet canvass is being made which discloses that deep down in their hearts, the voters of this city recognize the influence back of the alleged reform campaigns, and they are going to vote accordingly.

It is not likely that there will be much doing on the surface among the regular Republicans in the local fight before September 1, but then the regulars propose to put up one of the most spirited contests ever waged in behalf of any set of candidates before the voters of this city.

The so called reformers include among their members the usual number of hypocrites, and the aim of the stalwarts will be to disclose to the public the true characters of these men who assume to put themselves above their fellows, and who claim to represent all the virtue and the purity in the community.

DEATH OF SENATOR VAUGHAN. Local Republicans received with feelings of great regret the announcement of the death of State Senator Vaughan, of Lackawanna. Senator Vaughan was one of the most conservative and most respected members of the legislature, and was also one of the staunchest of Republican leaders. Throughout the great battle for the United States senatorial contest, which resulted in a glorious victory for Colonel M. S. Quay, Senator Vaughan was one of his most constant and loyal supporters.

On every ballot throughout the famous deadlock he cast his vote for Col. Quay, and when victory finally crowned the efforts of the regulars he was in the van with the winners. He died with the respect of both his political friends and his opponents, for he was never guilty of an unmanly act in his whole political career.

Senator Vaughan would have been re-nominated and re-elected, without doubt, had he lived.

CASSELL FOR CONGRESS. General interest is attracted to the contest in Lancaster county for the Republican nomination for congress for the vacancy created by the death of Congressman Brosius. There are two candidates seeking the honor, Representative H. Burd Cassell and Superintendent of Public Schools M. J. Brecht. The leaders of the party organization have, with few exceptions, lined up for Representative Cassell, and his nomination will follow without a doubt. Mr. Cassell has earned recognition from the Republicans of his county for the loyal manner in which he has stood by his party's standard bearers and the constant services he has given to the cause of Republicanism.

The admiral has been in delicate health for some time and it would not surprise the officials here should he seek an early relief from duty.

## Four Ministers

Tell of Magical Results Brought About in Burning, Itching, Bleeding Skin Troubles by Dr. Chase's Ointment.

Dr. Chase's Ointment draws more praise from ministers, physicians and lawyers than any other medicine in the world. It is endorsed by every profession.

Extracts from their Letters.

Rev. W. N. Edwards, Baptist minister, 109 Trinity Place, Buffalo, N. Y., writes:

"For over fifteen years the itching piles have been a source of constant annoyance to me, and frequently, too, the suffering has become intense. At times there was bleeding and the itching and burning was beyond endurance. The results I have derived from Dr. Chase's Ointment have been magical and the benefits lasting. I feel it a duty to fellow sufferers to recommend it to them."

Rev. J. A. Baldwin, Baptist minister, Arkansas, Ont., writes:

"For over twenty years I was a great sufferer from itching and protruding piles. I used many remedies and underwent three very painful surgical operations, all without obtaining any permanent benefit. It was about to give up in despair I was told to use Dr. Chase's Ointment and did so, finding relief at once. I used three boxes, and am entirely cured. The itching is all gone. I have advised others to use it, believing it would cure them as it has me."

Rev. Chas. I. Fish, Methodist minister, 192 Dunn Avenue, Toronto, Ont., writes:

"Ten years ago eczema began on my ears and spread over my head and hands. During that time I was a great sufferer. I tried many remedies, and some of the best physicians—specialists on skin diseases—treated me. The first box of Dr. Chase's Ointment gave much relief and five boxes completely cured me. I think my cure a marvel, and gladly recommend Dr. Chase's Ointment."

Just as good for every form of skin trouble, no matter how long standing. 50 cents a box, all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

## Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### Short Talks on Advertising

By Charles Austin Bates

In a recent article by William Dean Howells he tells of a story which he says has influenced all his life.

The hero of the story is a young Dane, who was going up among the firds to seek his fortune in the northern fisheries. Many times when he was sailing through the firds he found himself locked in by mountain walls, with no apparent outlook. It seemed, if he kept on, that he would sail directly into the rocks, but each time as he proceeded he found some unexpected channel, which allowed him to go safely on his way.

Sometimes it seems that advertising is being wasted, that there is no possible way that it will turn out profitably, but if the advertiser will keep right on he will find clear business channels opening, and in the end will make a safe landing in the harbor of success.

A little advertising may be unprofitable when a great deal would pay handsomely.

Short-time advertising seldom pays. That is the reason that ads in the many ephemeral "schemes" that come to every business man are never profitable. It is continuous, consistent, courageous, intelligent advertising in the best newspapers that always and infallibly brings good returns.

Persistence in it pays. It's the man who gets scared and quits who loses his money.
