

## TROUBLE AT MONESSEN

Steel Trust Delivers Non-Union Men at That Point.

SITUATION IS MOST DELICATE

Officials Say the Mills There Will Resume in 24 Hours—Strikers Say There Will Be Developments at Carnegie Plants.

Pittsburg, Aug. 19.—A party of strike breakers brought up from the south by special train were safely delivered to the steel mill at Monessen early yesterday morning and the United States Steel corporation expects to add that plant to the number running partly or in full with non-union men within the next 24 hours. The Carnegie properties also resumed last night without a break in the forces operating them and that fact joined with a promise of an early start at Monessen leads the steel officials here to take a very hopeful view of the situation. The strikers claim that men enough to start the Monessen mills cannot be obtained and that they have not yet shown their hand at Duquesne and the other Carnegie plants, but promise that later developments will indicate their strength to better advantage. It was anticipated that there would be trouble when the non-union men reached Monessen for the strikers were watching the railroads and river and had expressed a determination to prevent the entrance of the strike breakers, but it did not occur.

The trust officials have prepared banks for about 50 men in the mills and large quantities of food have been purchased. A fence has been thrown around the property and guards posted to keep out all intruders. The strikers will undoubtedly make an effort to induce the strike breakers to quit and the fear is expressed that there will be trouble if any demonstration is made against the men or property. The situation there is regarded as very delicate.

Shaffer has announced that after September 1 idle Amalgamated men will receive strike benefits of \$4 a week apiece, and that some provision will be made for men outside the organization.

### JOLIET STEEL MEN QUIT.

Secretary Tighe Induced Them To Obey Shaffer's Strike Order.

Joliet, Ill., Aug. 16.—A new phase was added to the strike situation last night by the decision of the four lodges of the Amalgamated Association employees of the Illinois Steel company at the Joliet mills, to obey the strike order of President Shaffer. The conference was in session from 3 o'clock in the afternoon until 9 o'clock at night, but the vote to strike was unanimous. Assistant Secretary Tighe called the meeting to order and argued that in order to secure the organization of non-union workers in the east, it was essential that the western men would have to join the strike movement. Mr. Tighe also appealed to the fealty of the men to the association; he urged them to be men and stand by their union. His remarks were received with enthusiasm, and presaged the vote that followed.

**SYMPATHY FOR STEEL STRIKERS**  
Texas Legislature Extends Moral Aid and Denounces Trust.

Dallas, Tex., Aug. 17.—The morning session yesterday in the Texas house of representatives at Austin was occupied with resolutions extending sympathy and moral support to the steel strikers and denouncing the steel trust. Delegate McFall made a speech in favor of the strikers and against the trust. The resolution is now the pending business, and will come up in the morning hour from day to day until disposed of.

**LABOR'S COURSE DISAPPOINTING**  
Conference At Cleveland To Discuss Federation's Mild Attitude.

Cleveland, Aug. 17.—It is said on good authority that a number of prominent labor men will meet in this city this afternoon in conference relative to more forcible action on labor's fight against the steel trust. Representatives from the Federation of Labor will be present, it is said, and President Gompers will be urged to ask the various unions in alliance with the Federation of Labor to refuse to handle in any manner steel corporation products. The mildness of the cooperation of the Federation of Labor thus far is said to be disappointing.

**Printers To Aid Steel Strikers.**

Washington, Aug. 19.—Columbia Typographical Union of this city adopted a resolution pledging both financial and moral assistance to the striking steel workers, and telegraphed the Amalgamated Association to that effect.

### HARD ON UNION MEN.

Cincinnati Carriage Makers Discharge 2,000 Organized Workers.

Cincinnati, Aug. 19.—More than 2,000 carriage workers were notified by seven shops here Saturday night that their services were not needed, and that the places will open on September 3 as non-union shops. Hundreds of girls and boys also will be thrown out of work. Nine factories here were combined recently under one incorporation, and announced that they would employ whom they pleased, fix their own wage scales, settle the matter of apprentices and work piece work and contract system.

At the American Buggy company and the Brown Carriage company the owners discharged leading officials of the Carriage Workers' Union and replaced them with non-union men.

### WASH-OUT ON THE LEHIGH.

Caused By a Cloudburst—Passengers Delayed Over Night.

Wilkesbarre, Pa., Aug. 17.—The wash-out on the Lehigh Valley railroad at Vosburg, 40 miles north of here, Saturday evening was the most disastrous in the history of the road. Fortunately no lives were lost, but the damage done was considerable. All traffic came to a standstill and a large number of passengers bound to and from the Pan-American Exposition were put to much inconvenience. The Black Diamond express, bound west and carrying New York and Philadelphia people, got within six miles of the wash-out, when it was halted. The officials of the road saw that it would be impossible to get the train through the tunnel during the night, so they ordered it back to Wilkesbarre. It arrived here at 11 o'clock, and the passengers were given their choice of staying at a hotel over night or taking an early morning train over the Delaware and Hudson and Erie railroads to Waverly, N. Y., where connection could be made with the main line of the Lehigh Valley again. Most of the passengers remained in the city over night, and yesterday some of them returned home, while others continued their journey west over the Delaware and Hudson.

An investigation showed that a cloudburst had occurred and that it washed out the roadbed for over an eighth of a mile. But the greatest damage was at the tunnel. Thousands of tons of loose earth was washed down the embankment, carrying with it logs and other debris. The latter blocked the entrance to the tunnel and the water accumulated on the tracks to a height of five feet.

### CAPITAL AND LABOR IN UNION.

Morgan Planning a Higher Form of Carnegie System.

New York, Aug. 16.—The Press today said: "J. Pierpont Morgan has planned the greatest labor union of the age—a union of labor and labor's ally, capital. According to his plans, stock of the United States Steel Corporation, valued at several millions of dollars at par, has been set aside for the purchase at inside figures by the 165,000 men employed by the companies that make up the great steel trust. It is contemplated to form this copartnership between the shareholders and the employees of the United States Steel Corporation. The plan was conceived before the steel strike was thought of, and then it was expected that it might be put in operation in two years. It required time to formulate the details of such a tremendous undertaking. For this reason announcement was withheld."

The Press also said that the plan is nothing more than a high development of the scheme that has prevailed in the Carnegie plants since 1892.

### PINKERTON'S CLEVER CAPTURE.

Alleged German Embezzler of \$375,000 Caught in Milwaukee.

Chicago, Aug. 17.—Shadowed by the police of Paris, hounded by the detectives of Scotland Yard, looked for by the sleuths of New York, Philadelphia and Cincinnati, Gerhardt Terlinden, of Duisburg, Germany, accused of forgery and embezzlement by the German government, was captured in Milwaukee by Chicago Pinkertons and brought to this city for safe keeping. The prisoner is wanted by the German authorities for having forged and hypothecated 1,500,000 marks worth of charters and securities, the property of the Garhardt Terlinden Company of Duisburg, of which he was manager. The business was a land improvement and investment enterprise, and it is said that a great number of poor persons were financially ruined by the defalcations of the manager.

### PENNSYLVANIA REPUBLICANS.

Indications Are That Wednesday's Convention Will Be Peaceful.

Harrisburg, Aug. 19.—The indications are that Wednesday's Republican state convention will be a very peaceful gathering, and that Judge William Potter, of Pittsburg, will be nominated to succeed himself on the supreme court bench, and that Representative Frank G. Harris, of Clearfield, will be the nominee for state treasurer.

United States Senators Quay and Penrose, both of whom are away on a vacation, will not attend the convention. Governor Stone will be here and keep open house at the executive mansion during the week. State Chairman Reeder and his assistants came to Harrisburg today and opened headquarters.

### "BROTHERS IN OPPRESSION,"

That's What Kruger Says of the Irish People.

London Aug. 19.—The Freeman's Journal of Dublin publishes an interview between Mr. Kruger and William Redmond, in Holland, in the course of which the former president of the South African Republic, expressing gratitude for Irish support, said he regarded the Irish as "brothers in oppression," and urged the Nationalist members of the British parliament to continue their "efforts in the cause of justice and truth."

### Searching For Half-Breed Murderer.

Sherman, Tex., Aug. 19.—The search for Mose Wilder, the half-breed negro Indian, who is said to have murdered Mrs. Caldwell near South Mayd, continues. Posses are covering all the territory from South Mayd, in Grayson county, to Woodville, I. T., a distance of 100 miles. Several arrests have been made. The sentiment is even more intense today than yesterday, and should the negro be run down his fate is not a matter of conjecture.

## DEMOCRATS TOO TIRED

They Refuse To Have Their Party An Insurgent Annex.

A BIG VOTE AGAINST FUSION

Their State Convention Places the Party Unqualifiedly Against Any Combination To Support a Bolter From the Majority.

(Special Correspondence.)  
Philadelphia, Aug. 20.—The action of the Democratic state convention at Harrisburg last week practically disposes of the scheme for a fusion state ticket to be backed by Wanamaker Insurgent Republicans and the Democratic organization.

By an overwhelming vote the delegates to the Democratic state convention declared against fusion of any kind and insisted upon the nomination of a straight Democratic ticket. They nominated Harman Yerkes, of Bucks, for the supreme bench, and A. J. Palm, of Crawford, for state treasurer, both Democrats, and then proceeded to adopt resolutions to meet any emergency and to block any future move in the interest of a fusion campaign.

### A PROBALE SCHEME.

It had been reported that some of the Democratic leaders, recognizing the sentiment among the delegates to the state convention against fusion, had agreed to support a Democrat for state treasurer on condition that after his nomination by the state convention he would withdraw and allow an insurgent Republican to be put upon the ticket in his place.

When a rumor of such an arrangement got around among the Democratic delegates, they were incensed at the very suggestion of such a scheme.

The party rules provide that in the event of a withdrawal of any candidate on the Democratic state ticket the Democratic state committee shall be empowered to make a nomination to fill such vacancy. The Wanamaker adherents were banking upon getting a better show before the state committee than in the state convention, but as the state convention is the supreme power in the party, its action is binding upon the state committee.

### FOR A DEMOCRATIC TICKET.

When the Yerkes-Palm ticket had been nominated, former State Chairman John M. Garman, of Luzerne, presented a resolution which set forth that it was the sense of the Democratic state convention that in the event of the withdrawal of either of the Democratic candidates nominated that day, such vacancy on the ticket shall be filled by the nomination of a Democrat. This resolution was adopted by a vote of over five to one in a convention of over 400 delegates.

Then, in order to meet the stories that had been put afloat regarding the alleged intention of the nominee for state treasurer to withdraw later on, delegate William J. Breen, a representative Democrat of Venango, made a spirited speech in which he spoke of the staunch Democracy of Representative Palm, the candidate for state treasurer, and asserted that he would thwart the will of the great majority of the Democrats of the state, who insist that both candidates of the party this fall shall be Democrats. He declared that the insurgent Republicans should vote the Democratic ticket, if they are dissatisfied with their own party, and that the Democracy should not be made to be longer an annex to the insurgent element of Republicanism.

He therefore moved that should either of the candidates withdraw from the ticket or a vacancy occur for any reason, that the Democratic state committee be instructed to fill such vacancy with a Democrat. While this was practically a reiteration of the former motion, Chairman John B. Keenan, who is a straight ticket advocate, placed the resolution before the convention and it was carried by even a more decisive majority than was given the previous one.

### WANAMAKER GAME BLOCKED.

This action will preclude the carrying out of the Wanamaker project for a ticket to be supported by the Wanamaker insurgent Republicans and the Democrats. It never was their expectation to elect such a ticket, but they hoped to poll a large vote which could be pointed to as a nucleus for a fusion campaign for the legislature next year.

The fact that a representative of Wanamaker was constantly at former Judge Gordon's elbow throughout the struggle at the Democratic state convention prior to the adoption of the harmony plan which Guffy engineered, showed the great interest the Wanamaker managers had in the proceedings of the convention. The Gordon men were all for a fusion ticket and the nomination of E. A. Coray, of Luzerne, a Wanamaker insurgent Republican for state treasurer by the Democratic convention. The sentiment against this proposition was so positive that it was not formally presented to the convention.

### CORAY WITHDRAWN.

One delegate, a Gordon sympathizer from Blair county, referred to the fact that there had been a suggestion for the nomination of Mr. Coray, but he said that in view of the undoubted sentiment of the convention for the nomination of a Democrat, he would not place Coray in nomination. He expressed the hope that some arrangement would be reached by which he could be placed on the ticket later.

## Four Ministers

Tell of Magical Results Brought About in Burning, Itching, Bleeding Skin Troubles by Dr. Chase's Ointment.

Dr. Chase's Ointment draws more praise from ministers, physicians and lawyers than any other medicine in the world. It is endorsed by every profession.

### Extracts from their Letters.

Rev. W. N. Edwards, Baptist minister, 109 Trinity Place, Buffalo, N. Y., writes: "For over fifteen years the itching piles have been a source of constant annoyance to me, and frequently, too, the suffering has become intense. At times there was bleeding and the itching and burning was beyond endurance. The results I have derived from Dr. Chase's Ointment have been magical and the benefits lasting. I feel it a duty to fellow sufferers to recommend it."

Rev. J. N. Van Natter, Methodist minister, Albion, Wis., writes:

"My wife was terribly afflicted with protruding piles and contemplated a surgical operation when her notice was drawn to Dr. Chase's Ointment, and less than one box effected a cure."

"I then used it for an unsightly and troublesome skin affection, which had baffled medical skill for twenty-five years. Dr. Chase's Ointment thoroughly cured it. For piles and skin disease it is worth its weight in gold."

Rev. J. A. Baldwin, Baptist minister, Arkona, Ont., writes:

"For over twenty years I was a great sufferer from itching and protruding piles. I used many remedies and underwent three very painful surgical operations, all with out obtaining any permanent benefit. I was about to give up in despair I was told to use Dr. Chase's Ointment and did so, finding relief at once. I used three boxes, and am entirely cured. The itching is all gone. I have advised others to use it, believing it would cure them as it has me."

Rev. Chas. Fish, Methodist minister, 194 Donnell Avenue, Toronto, Ont., writes:

"Ten years ago eczema began on my ears and spread over my head and hands. During that time I was a great sufferer. I tried many remedies, and some of the best physicians—specialists on skin diseases—treated me. The first box of Dr. Chase's Ointment gave much relief and five boxes completely cured me. I think my cure a marvel, and gladly recommend Dr. Chase's Ointment."

Just as good for every form of skin trouble, no matter how long standing, 50 cents a box, all dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure Deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### Short Talks on Advertising

By Charles Austin Bates

In a recent article by William Dean Howells he tells of a story which he says has influenced all his life.

The hero of the story is a young Dane, who was going up among the fiords to seek his fortune in the northern fisheries. Many times when he was sailing through the fiords he found himself locked in by mountain walls, with no apparent outlook. It seemed, if he kept on, that he would sail directly into the rocks, but each time as he proceeded he found some unexpected channel, which allowed him to go safely on his way.

Sometimes it seems that advertising is being wasted, that there is no possible way that it will turn out profitably, but if the advertiser will keep right on he will find clear business channels opening, and in the end will make a safe landing in the harbor of success.

A little advertising may be unprofitable when a great deal would pay handsomely.

Short-time advertising seldom pays.

That is the reason that ads in the many ephemeral "schemes" that come to every business man are never profitable. It is continuous, consistent, courageous, intelligent advertising in the best newspapers that always and infallibly brings good returns.

Persistence in it pays. It's the man who gets scared and quits who loses his money.
