

THE WEEK IN CONGRESS

Oleomargarine Bill and Reduction of War Taxes in House.

BOTH SIDES FAVOR REPEAL BILL.

Oleomargarine Bill, Imposing Tax On Imitation Butter Likely to Pass. Philippine Tariff Bill Has Right of Way In Senate.

Washington, Feb. 3.—This promises to be an interesting week in the house. The oleomargarine bill was made a special continuing order for today, and after it is disposed of, which probably will be tomorrow, the bill for the repeal of the war revenue taxes will follow. While both sides are unanimous in favor of the repeal of these taxes, it is the intention of the Democrats to open up the whole tariff question during the debate on this bill, and they will make a strong fight for ample time for discussion. The Cuban reciprocity question is also likely to be debated at length, as members on both sides of the house are anxious to define their positions. The friends of the oleomargarine bill have no doubt of its passage. They regard the vote on the adoption of the special order last Friday as practically a test vote. The bill is practically the old Grout bill imposing a tax of 10 cents a pound on products colored in imitation of butter and to make retail dealers who color oleomargarine subject to the same penalties as the manufacturers.

For the most part the senate will divide its time this week between the Philippine tariff bill and the bill increasing the salaries of members of the Federal judiciary. The salary bill is in charge of Senator Hoar, and will be considered in the morning hour of the senate each day until it is disposed of, while the Philippine bill, which is in the hands of Senator Lodge, will be the subject only of running debate, but a number of set speeches will be made on the other measure. It is not probable that the debate on the Filipino bill will be concluded during the week.

SCHLEY VISITS JACKSON'S TOMB

The Admiral Also Made An Inspection of the Old Irish Mansion.
Nashville, Tenn., Feb. 3.—Admiral and Mrs. Schley braved the cold yesterday for a visit to the tomb of Andrew Jackson and the old brick church where Jackson worshipped. Services were conducted by Rev. D. C. Kelly, a Methodist minister, who, with the rank of colonel, commanded a brigade of Confederates under General Nathan R. Forrest. After the services the distinguished visitors were forced to hold something of a levee, the congregation filling by and shaking hands.

A luncheon given in the old Jackson home, under the auspices of the Ladies' Hermitage Association, followed, and then an inspection of the historic mansion, which is kept as Jackson left it. The last point visited was the tomb in the garden.

Shawmut Murderers Captured.

Brockwayville, Pa., Feb. 3.—Half naked and nearly starved, Thomas Maddena and Bennie Polk, wanted for the murder of James Heckin, at Shawmut, Saturday, January 28, were brought to bay in a lonely woods near Cranshaw, two miles from this place, and captured. The two Italians have been pursued and searched for since the night of their crime, and the commissioners of Elk county and the Shawmut Mining company had offered a reward of \$1,000 for their capture. They tell a pitiable tale of starvation and suffering. At night they would wander out from their hiding place, an old powder house, and search for food. Of the latter they found but little, and declared that they had had nothing to eat for four days and were nearly famished.

New York Murder Mystery.

New York, Feb. 3.—Investigation by the police confirms the belief that the woman found dead in a Christie street house Saturday night, with her throat cut, was murdered and a knife placed in her hand afterward to give the appearance of suicide. The woman's identity was established as Minnie Clark, 33 years of age, who came here some time ago, with her 17-year-old daughter May, and her husband, William, Clark, from St. Cloud, Minn. A neighbor heard a quarrel going on in the house Saturday, and other circumstances which have come to light make the police more strongly inclined to the murder theory.

Steamer Stranded.

Atlantic City, N. J., Feb. 3.—The steamer Claverdale, from Hong Kong for New York, stranded yesterday morning at South Brigantine Life Saving Station. She rests upon a bar, with her bow clear and stern on. The tug Somers N. Smith and the wrecking steamer North America have arrived from the Delaware Breakwater to give her assistance.

Kipling Protests Against Amnesty.

London, Feb. 3.—Rudyard Kipling, who arrived at Cape Town January 8, in a letter to a friend in England, protests emphatically against any amnesty being granted the rebels, which he fears from the attitude of the home people, may be done. Mr. Kipling declares it is a question of life or death for the colony.

Cut His Wife's Head Off.

Cadiz, O., Feb. 3.—John S. Ovski, a Slav miner, murdered his wife Saturday by severing her head with an axe. He also held indignant neighbors at bay until taken into custody by the sheriff.

THE PHILIPPINE GARRISON

15,000 Men Sufficient if Congress Opens Country to Homestead Laws.

Manila, Feb. 3.—Manila is intensely interested as to what action congress will take concerning the Philippine Islands. Ordinary local politics have been forgotten and two parties have been formed, the optimists and the pessimists. Some think that life and property are unsafe outside of the towns of the islands, while others ridicule such ideas and consider life and property to be assured.

Criticisms of the statement of Civil Governor Taft that he believed 15,000 men would be sufficient to garrison the islands in a year are plentiful. Yet the majority of the business men who are financially interested in the provinces say that Governor Taft is right on one condition only, that being that congress acts for the benefit of the Philippines.

Captain Frank Green, president of the American chamber of commerce here, says he fully believes that Civil Governor Taft's forecast can be realized if congress will arrange to open the country to mining and homestead laws, and to open and enlarge forestry reserves. Should this legislation be effected, an act by the Philippine commission granting franchises would naturally follow, and American capital in large quantities, as well as many American miners and homestead seekers, would come to the islands.

WOMAN BIGAMIST GOES TO JAIL

Confessed to Having Two Husbands, Both Appearing Against Her.
Millville, N. J., Feb. 3.—Mrs. Abbie Holland, alias Miss Bessie DeCamp, alias Mrs. Jerry Somers, a good-looking young woman, faced her two husbands in the mayor's court here on Saturday afternoon and pleaded guilty of being a bigamist. Holland, husband No. 1, is a resident of Cape May, and caused her arrest. In his testimony he charged his wife with having purchased arsenic and put it in his coffee. He said his little daughter, who saw the act, informed him just as he placed the cup to his lips. Holland stated that about two years ago his wife left him, kidnapping the daughter, and the next he heard from her she was living with a man as his wife in West Virginia. When this man's wife discovered them she caused their arrest but Mrs. Holland made her escape and found refuge among mountaineers. She returned to Cape May and pleaded with Holland to take her back. He turned her away, and she came to Millville, where she met Jerry Somers. Somers said he was married to Mrs. Holland, who at that time gave her name as Bessie DeCamp. The mayor committed the woman to jail to await the action of the grand jury.

Collided With Fire Truck.

Philadelphia, Feb. 3.—By his carriage colliding with a ponderous fire truck Saturday, Dr. Raymond J. Harris, of 1300 South Sixth street, a demonstrator of chemistry at the Hahnemann Medical College, received injuries from which he may die. The accident occurred at Eighth and Wharton streets. Both vehicles reached the crossing together. The driver of the fire apparatus saw the doctor's carriage and did all he could to avoid a collision, turning the horses sharply to one side. But the collision was unavoidable, and the fire truck crashed into the frail carriage with terrific force, overturning it and hurling Dr. Harris to the street. An examination by the hospital physicians showed that Dr. Harris' skull had been fractured and that he had sustained other injuries of a serious nature.

Rib Displaced By Hugging.

Wilkesbarre, Pa., Feb. 3.—Miss Nellie White and Joseph Ziegler, of this city, were good friends until quite recently. One evening Miss White entered Ziegler's place of business accompanied by another young lady. A conversation was struck up on hugging. Ziegler, it is alleged, claimed he was the best hugger in town, and to prove it caught Miss White around the waist and squeezed her hard. The next day she had a pain in her side. She consulted a physician, who said one of her ribs had been displaced. The doctor's bill for attendance was \$12. The young lady sent the bill to Ziegler. He refused to pay it. Miss White then entered suit against the hugger for \$100.

Shot His Employer.

Chicago, Feb. 3.—C. C. Harz, a prominent North Side liverman, was shot and killed by Edward Coughlin, one of his drivers. Coughlin escaped, but later was captured, and admitted the shooting of Harz. The shooting resulted from a dispute over \$7 which Coughlin claimed was due him. Mr. Harz is said to have been the largest cab owner in Chicago. His estate is reputed to be worth \$300,000.

Color Line in Maryland.

Baltimore, Md., Feb. 3.—The "Jim Crow" car bill in the legislature, requiring the railroad companies and the steamboat lines to provide separate compartments for white and colored passengers, is causing agitation throughout the state. Every railroad and some of the steamboat companies, it is stated, will oppose the bill in committee, but its friends are confident of getting it before the house.

Invited Friends to Witness Her Death.

La Grange, Ind., Feb. 1.—Mrs. John Calton, aged 22 years, wife of a well-to-do farmer, died suddenly, after eating a hearty supper. She had announced the date of her death and made all the funeral arrangements. She invited a number of friends to supper, and after the meal she laid herself out on a couch and passed away.

Baltimore, Md., March 30, 1902.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.
About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely.
I underwent a treatment for earache, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever.
I then saw your advertisement in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and, day after day, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain
Very truly yours,
