Pittsburg, Pa., March 31.—One of the flercest wind storms ever known in this section struck the city yester-day just before noon and did almost incalculable damage to property and meateriable damage to property and injured many people, some of whom may die from the effects of their wounds. Scores of honses were un-roofed, many trees were blown down, mill stacks toppled over, and tele-graph and telephone wires were gen-orally displied erally disabled.

The most serious accident reported last night was the unroofing of the Knoxville Presbyterian Church, in Knoxville. The church at the time was filled with an Easter congregation numbering about 600 persons. While the minister was in the midst of his sermon a particularly strong gust of wind blew over the large chimney and lifted a portion of the roof off the building. The bricks from the chimnew crashed through the roof and car-ried a huge piece of the hardwood ceiling, measuring about 40 by 20 feet, own upon the worshippers in the
