Figuring on mere circulation, newspaper advertising gives more for the same amount of money than any other kind of advertising. In quality, newspaper advertising is not to be compared to anything else.

To a certain extent the standing of the paper is an advantage to the advertiser. If he is using the best paper in town it certainly is an evidence of his shrewdness and enterprise. And if the paper is one that is looked to by the community generally as an authority on the questions of the day, it will make people all the more likely to believe and pay attention to the advertising it publishes.

HEAD NOISES GEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, Md., March 30, 1901.

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion.

About five years ago my right car began to sing, and this kept on getting worse, until I lost my hearing in this ear entirely.

I underwent a treatment for catarth, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then case, but the hearing in the affected ear would be lost forever.

I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseases ear has been entirely restored. I thank you heartily and beg to remain Very truly K. WERMAN, 730 S. Broadway, Baltimore, Md.

Our treatment does not interfere with your usual occupation.
