Keep in mind our worthy candidate for Congress, (short term) W. K. Lord. In his early childhood days he was employed as a slate picker, but by pluck and grit he has steadily forged to the front until he has become one of the most substantial business men of man better qualified to serve your their pay yet. interst than a man always in the lap of wealth.

In the county auditor's report for the year 1892 we find it set forth "Resources in excess of liabilities three hundred and twenty-nine dollars and ninety three cents."

Sullivan county was out of debt. The county auditors report for the year 1894 shows a bonded indebtedness of thirty-three thousand dollars. The bonds bear interest at four percent. In the statement of resources and liabilities, exclusive of the bonded indebtedness, the resources exceed liabilities to the amount of \$1945.71. The actual indebtedness of the county therefore, at the close of the year 1894 was \$31,054.29. In the statewe find an item, "new court house and jail \$23,785.88.

The county auditor's report for the year 1896 shows bonds issued and negotiated during 1896 \$4 500 and prior bonds outstanding \$33,500 making a total of bonded indebtedness \$38,000. There is also what is called a "borrowed money account," wherein it appears that there were outstanding county orders bearing 6 per cent interest to the amount of \$19,232.99. Against this last item resources are shown amounting to \$5,542.43 which if collected and applied to pay interest bearing orders would reduce that debt to \$13,690,50. which added to the bonded indebtedness makes the actual indebtedness of the county at the close of 1896 used them with good results. I was feel-\$51,690.56.

The auditors's report for the year their use.' to be \$38,000, and the interest bearing orders outstanding amount to \$24,389.36; together they make the amount of outstanding interest bearing obligations to be \$62,389.36. It

is shown however that there is due to the county from various sources the sum of \$7,892.83, which if applied to the payment of the interest bearing debt, would reduce it to \$54,496.53.

The auditor's report for the year 1901 shows the bonded indebtedness to be \$38,000, and the interest bearing orders outstanding to be 20,052 .-99 and interest bearing judgements outstanding to be \$5,380.49 making the interest bearing obligations alltogether \$63,433,48. There appears due to the county from various sources the sum of \$4,338.35 which if applied to interest bearing debt would educe it to \$59,095.13.

To recapitulate, at the close of the year 1892 the county owed nothing; at the close of the year 1894 it owed \$31,054.29; at the close of the year 1896 it owed \$51,690,56; at the close of the year 1897 it owed \$54,496.53; at the close of 1901 it owed \$59,095-

The building of the new court house accounts for the rapid increase of the debt up to the end of the year 1894; but it has almost doubled since then, and steadily increases. We do not publish these facts to stir up ill feeling against any one, but to arrouse the serious attention of farmers and owners of real estate generally to the great danger which menaces them. If this extraordinary management of our county affairs is to continue, farmers can neither afford o keep their land, or sell it.

We earnestly request some of our level headed readers to suggest a remedy.

# THE DEMOCRATS OWN IT

The Union Party Now Owned and Operated by Democrats.

WANT TO CAPTURE LEGISLATURE

Then They Would Proceed to Elect a Democratic Senator-Plans All Laid Out-Some Sensational Democratic Fakes Exposed.

(From Our Own Correspondent.) Philadelphia, Sept. 2.—What every-body has been expecting has at last come to pass. The Democracy has gobbled the so-called Union party at one gulp. On Saturady last the Democratic state leader, Colonel James M. Guffey, held a conference in this city with Frank M. Riter, state chairman of the Union party, and completed the details.

It is a notorious fact that Democrats have been after Union party delegates right and left for weeks. The result Can you hear of such now? Trains on the W. & N. B. move on time and wait for no one."

In the W. and the Tor weeks. The result of this is that the Democratic owners of the Union party have demanded an endorsement of Pattison and Guthrie or else they will "rough" the convention and make a scene.

The people in charge of the Republican state headquarters have kept themselves fully informed of the move ments of the Democrats in their work the party went into Washington county and offered the delegates of the Union party there free transportation and all expenses to Philadelphia if they would vote to endorse Pattison. In this city the most unusual proceedings have been resorted to to capture delegates in the interest of the Democratic party.

A DEMOCRAT FOR SENATOR.

It is now understood that the deal between the Union party promoters and the Democratic managers includes not only the indorsement of the Democratic state ticket, but an arrangement for the selection of candidates for the legislature who will be pledged to vote for a Democrat for United States senator and the support of Democrats and Unionists of a fusion candidate for

mayor of Philadelphia next spring. In the promotion of the mayoralty scheme it is understood the so-called Union party state convention will un-dertake to authorize a reconstruction of the Philadelphia Union ward and city committees along the lines calculated to promote the deal already entered into. This means that an effort will be made to depose men in Philadelphia who favor Judge Pennypacker and substitute Democrats or those who are in harmony with the Democratic

scheme A sample of the work they have been carrying on was furnished the other teenth ward met at Eighth street and Fairmount avenue and elected Louis Meunch and William McGowan as delegates to the state convention, instructing them to support ex-Judge Pennypacker for governor. which was presided over by Joseph Weinrich, was invaded by members of the Democratic Ward Executive Committee, who wished to throw the sunport of the convention to Robert E. Pattison.

Failing in their efforts to stampede the convention the Democrats bolted, and held a second convention at 521 North Seventh street, where they elected representatives for Pattison.

A PACKED CONVENTION.
The Union party has held no primaries. A few men have gathered here and there and they have chosen their delegates. In some cases there has been snap judgment and in other cases two sets of delegates have been elected from the same districts. But the Pattison delegates will be admitted to the

convention.

Of course there will be some Pennypacker men in the convention, but the Pattison men control the machinery of the party by purchase and they will see

Sensational fakes are playing a prominent part in the Democratic cam-

paign. A week or two ago somepody sent Hon. Robert E. Pattison an alleged infernal "macnine." After a lot of exploitation it turned out to be a package of harmless stuff.

Last week the story was industriously circulated by the Democrats that State Insurance Commissioner I. W. Durham, the Philadelphia leader, who is in Colorado, was dangerously ill with a chronic disease. It is not a new trick to invent reports that this and that political leader are not expected to live long, owing to some malady that has taken hold of them. For the last dozen years Quay's enemies have from time to time reported him in a dying condition. Several years before his death the late lamented Chris Magee read in the newspapers that he was a dying man. And there have been other similar cases

Commissioner Durham is in perfect health and will return to Philadelphia this week. He rides on an average 25 miles a day, and in a recent personal letter declared that he was never so well in his life.

A TARIFF TEST How Pennsylvania's Iron and Steel In-

dustry Has Grown.
The fight in Pennsylvania this fall is one of the most interesting in the country, because of the large congressional interests involved. The pro-posed Democratic attempt to revise the tariff enters largely into the subject and increases the importance of the contest.

Of great interest to the people of this state is a special bulletin just issued by the census bureau. It shows what Republicans and a protective tariff have done for the state and its wage workers through the development of its iron and steel industry. The re

Pennsylvania's place as the leader in this industry is thus shown by the re-port. Of the total capital reported for active establishments in 1900, namely \$590,530,384, Pennsylvania contributed \$321,985,659, or considerably over one \$321,383,059, or considerably over one-half, as compared with \$226,294,407 in 1890 (total \$414,044,844), still over one-half, and \$102,956,223 in 1880 (total \$209,904,965), a little less than one-

The average number of wage-earners employed in the whole country in 1900 was 222,607, who were paid wages amounting to \$120,836,338. Of these totals Pennsylvania gave work to 110,864 wage earners, almost one-half of the total reported, paying them \$61,908,405, or over one-half of the wages paid in this industry in the United States.
In 1900 the cost of all materials used

by iron and steel establishments, including freight charges, amounted to \$522,431,701. Pennsylvania's contribution to this total was \$283,142,785, considerably more than the total cost reported by all the other states in the union. In 1890 the amount reported by Pennsylvania for cost of materials was \$180,220,237, compared with \$327,-272,845 for the whole country, and in 1880 it was \$92,267,030, compared with \$191,271,150 for all the states.

The value of the iron and steel pro-

ducts reported by Pennsylvania in 1900 was \$434,445,200, compared with \$804,-034.918 for the United States, or 54 per cent. of the total value reported. In 1890 the figures for Pennsylvania country they were \$478,687,519, Pennsylvania's contribution amounting to 55.3 per cent., slightly more than in In 1880 the value of the pro ducts made by iron and steel establishments in Pennsylvania was \$145,576, 268, as compared with \$296,557,685 reported by the United States, the proportion of Pennsylvania being 49.1 per cent.

Republicans throughout the state would have considerable more interest in the so-called "Ballot Reform Party" organized in Pittsburg last week, if it were headed by men of responsibility. The fact is that this or-ganization has been formed to be used as a club by some politicians in Pittsburg. It is not entitled to the consideration of anybody, under the circumstances. There is a big fight going on in Pittsburg and this alleged "Ballot Reform Party" is only another and newer phase of the Pittsburg row. It is to be used against the regular Republican state ticket.
