The Sullivan Gazette says: "Suppose the question of the taxes should come up as it did last winter when the present board of commissioners met with the attorneys of the Union Tanning Co., time after time, in regard to the assessment of the Co.'s timber lands in Sullivan county."

The editor of the Gazette seems to be well informed; will he now go on and tell his readers what was the result of these meetings with the county commissioners with the attorneys of the Union Tanning Co. time after time?

We have been informed by one of the assessors that at the triennial assessment, all the assessors of the county met at Laporte, and at the request of the Commissioners, assembled in the Grand Jury room to fix a valuation on the unseated lands. They agreed unanimously to assess the stripped lands at two dollars per acre, and the timbered lands at twenty dollars per acre, and reported this agreement to the Commissioners, who seemed well satisfied with it. Afterwards the Commissioners reduced the valuation on the timbered lands to twelve dollars per acre. Now let the well informed editor tell the tax payers what influences were brought to bear on the Commissioners by the attorneys of the Union Tanning Co., to take off two-fifth of the valuation put on their timbered lands by the assessors of the county. Two of these Commissioners were Democrats and neither one of them was running a blacksmith shop or a store.

What assurance have we that the present nominees of the Democratic convention will not be influenced by the Attorneys of the Union Tanning Co. in the same manner.

Editor Newell of the Review, notices our article which shows the steady increase of the county debt, and makes it the occasion to refer to his prophecy that the grandfather of the child is yet unborn who will live to see the debt paid. He is such a good prophet that we invite him to make another. Let him now tell us whether the debt will increase or diminish during the term of the three Commissioners the people will elect this fall.

The disastrous condition of affairs that followed democratic tariff reform in contrast with the unprecedented prosperity of republican rule presents an issue that does not require argument. W. K. Lord whose name appears on our ticket for the short term in Congress will be the man to elect to insure a continuance of this industrial progress. Give him your support. He is needed in Congress.

"I believe it proper for every one elected to a place of trust to exercise his own ideas of duty after having counseled with all parties interested."—Roger's Convention Speech:
By this are we to understand that on the Franchise bill (which Scouten says was the most villainous, legislation ever passed in this country) Mr. Rogers deemed it his duty to consult those interested before casting his vote? What party in interest did he consult after voting for the amendment to kill the bill and what were the arguments used to make him vote against all other amendments and for the bill on final passage?

We ask the voters of Sullivan county whether they propose to elect a man whose record on a corporation bill is, that first he was opposed to it and then leaving the Legislative Hall for a few minutes changed his mind and give his vote along with Corporate interests. If he did this once would he not do it again? Can he be trusted? Let honest Democrats and Republicans answer this by voting for Albert L. Dyer.

In the news columns of the Philadelphia Press appears the following article from a Harrisburg correspondent, which has a particular interest to Sullivan county voters: "The State Legislative Board of Railroad Employees on Sept. 2, passed resolutions denouncing Gen. Gobin for ordering his men to fire on the striking miners who assaulted them, denouncing the Coal trust and pledging the striking miners support and assistance. The committee to examine the records of legislative candidates seeking re-election endorsed the following candidates: J. W. Wayne (Dem.) Lehigh; Patrick Phibbin, (Rep.) Lackawanna; R. W. McWhinney (Rep.) Allegheny; W. T. Creasy (Dem.) Columbia; Jere N. Weiler (Soc) Carbon; Louis Marr, (Union) Phila.; J. M. Hunter, [Dem.] Schuylkill; A. J. Palm [Dem] was endorsed for Senator in Crawford district and Fred. A. Godcharles (Rep.) for Congress in the Seventeenth district. Pattison was endorsed for Governor because of the forty-five members present, about thirty were democrats and the majority outvoted the others."

In this is shown the absence of the name of E. G. Rogers whom Scouten would have us believe is a friend to labor. These resolutions come from a body of representative citizens of whom a majority were democrats and are the final results of the deliberation and research of the leading labor organization of the state who have appealed to the Legislature for assistance and in consequence have learned their true friends and those pretending. This is a distinctive clearness of their disapproval of E. G. Roger's doings in the legislature and shows that in him they got no assistance. This endorsement coming from the source it does is highly appreciated by Hon. Fred. A. Godcharles and no greater compliment can be paid him.

Scouten, Democratic Chairman, does not like ex-sheriff Osler and of course tries to be-little him. He thinks that by saying that Sheriff Osler is running Dyer's campaign he will leave the impression that Mr. Osler will hurt Dyer and in this belittle Osler. He also hopes to stir up any feeling there may be against Osler to harm Dyer. A scheme so apparent cannot do any harm and the whole thing was based on the fact that Sheriff Osler and Albert Dyer met on the street in Dushore and shook hands. Albert Dyer is capable and is running his own campaign.

The Herald says Albert Dyer is a good fellow but was nominated by a machine convention. Republicans need not be fooled by such trash. Albert Dyers name was the only name before the convention. He had the unanimous vote of the convention and was every body's choice because he is a good fellow, the friend of the farmer, the laborer, the merchant and the professional man, and Scouten knows this and fears him accordingly.

Scouten is down on Christian. How long before he will be down on Christianity? He is pinched by the Commandment "Thou shalt not bear false witness against thy neighbor."

THE LEAGUE OF CLUBS

The Convention at Erie This Week and Some of Its Novel Features.

The State League of Republican Clubs, which is holding its annual convention in Erie this week, is one of the most unusual gatherings of its kind ever assembled within the borders of the state. The attendance is larger, as indicated by the number of special trains engaged than ever before in the history of the league. The enthusiasm is greater because of the novelties that have been introduced into the campaign.

Perhaps the most striking of these is a great ball marked with Pennsylvania's record of Republican patriotism and carrying the pictures of Presidents McKinley and Roosevelt, Judge Pennypacker and the Republican candidates of this year, which is being taken to Erie on a special car and from there is to be rolled backwards across the state to Philadelphia. The idea, which was evolved from the fertile brain of a couple of

Philadelphia Republicans, Joseph M. Hinton and J. Hampton Moore, city treasurer of Philadelphia, is that at the border of each county a number of Republicans representing that county shall take the ball in charge, roll it along the highways to the borders of the adjoining county, where it will in turn pass into other hands, and so on through the state.

It is expected that this novel spectacle will attract thousands to the line of the ball's progress and excite universal enthusiasm among the Republicans of the state.

Read This, Republicans.

This contest is no mere local affair. It is national in its scope. A victory for Democracy in Pennsylvania would send a shiver along the spinal column of the Republican party of the United States. Twice has Mr. Pattison been elected governor, and twice, at the succeeding national elections, has a Democrat occupied the White House. We all remember with what dire results the last Cleveland administration was accompanied. We had the soup house where those who were turned from the doors of the closed mills were driven for food. The Inquirer opened distributing depots for bread, and for weeks—yes, for months—the distribution continued. This was what the folly of the people in electing a Democratic president made necessary.

Could we look with confidence to a continuation of prosperity under a new Democratic administration? By no means. One experience of that dismal sort is enough. Then why invite disaster by turning Pennsylvania over to the Democrats and sending a chill throughout the Union?—Philadelphia Inquirer.
