COUNTY TICKET.

Congress, (full term.)
FRED A. GODCHARLES, of Mitton (unexpired term.) W. K. LORD, of Mt. Carmel. Member of Assembly, A. L. DYER, of Lopez. County Treasurer. ULYSSES BIRD, of Estella. County Commissioner, W. L. HOFFMAN, of Hillsgrove. G. W. BIGGERS, of Muncy Valley. County Auditors,
A. P. STARR, of Muncy Valley,
W. C. FANNING, of Shunk.

Scouten's attack on Hon. Fred. A. Godcharles has narrowed down to a point of silliness. He imagines that Mr. Godcharles is searching for a wife and has commenced to part his hair in the middle and quotes what he might have said, Scouten's reputation for truth is such that he only wastes his newspaper space in such buffoonery. Mr. Godcharles has been tried and proved his ability as a legislator. He assisted all labor organizations in their demands before the last legislature. He has been endorsed by the two leading labor organizations of the State—The United It is Pattison, Guthrie, Ikeler, Crea-Mine Workers and the Railroad Employees Union. They have recommended him to the people, is it necessary to investigate further? If a laboring man wants laws to protect him and his interest which the capitalists are always clamoring for, he must use his vote (regardless of party) to send his champion to the halls of Congress. Let us view the other side of the question. In Mr. Dickerman we find a Trust Magnate of the blue blood order. This information comes from many of the most respected citizens of Milton. It is known that it will be very pleasing to Mr. Dickerman to get his family into Washington society. He also has a cold million of dollars invested in iron industries hitched up to the Trust that must be looked after when the President begins his operation on them. We are reliably informed that he does not even reside in this the House very materially affecting district except a few weeks in the summer nor has he any of his great number affecting mines, miners, lahopes to represent. In fact the careful consideration and approval or only thing of apparent interest to disapproval, as appeared tome to be Mr. Dickerman in this district is to consistent with the wishes of the maget the scale of wages for a laboring jority of those most interested." man down to 89c a day.

Do you propose voting such representation in Congress. We do not, nor could any party lines of influences hold us to it See to it that the name of Fred. A. Godcharles is marked on the ticket you vote in November.

Scouten commenced his campaign against A. L. Dyer with a Judas kiss. On the 27 of August he assumed the role of a friend, and said to readers of the Herald: "If you are a friend to Mr. Dyer vote on which we all ought to stand; a against him." In that article was ground upon which we all can stand never questioned, his word is his made to appear that Mr. Dyer was a very good man himself, but he all political bosses; all political rings, had been over-persuaided by Dr. Christian and others to be a candidate. Now note the change in his On the 8th of October he said: "Be not deceived by A. L. Dyer, he will deceive you if you are not acquainted with him and he no bosses in the Democratic party? that Mr. Dickerman before he was a will deceive you if you are acquaint- Was it not by the aid of bosses that ed with him, unless you keep both E. obliged to Scouten for publishing his supplement, printing the text of the franchise bills and correctly quoting Rogers vote on these measures and the amendments. We are obliged first because he furnishes proof that every word we have said about the vote of Rogers is true, and secondly because any one on reading the two oills will see that they were passed in the interest of corporations. We sincerely hope that Scouten will

tion ever passed in this country;" they are the bills which Pattison and Guthrie are condemning in their speeches every day and night; they are the bills which Ikeler, Guthrie, the Philadelphia Record and North American say were passed by bribery; they are the bills of which Guthrie says that Democrats who voted for them "have forfeited all claims to public confidence." and further that "every intelligent citiizen believes that bribery was used to pass, and that they are inexplicable on every other theory." Now Scouten's supplement shows that Rogers voted for the first two amendments offered for the purpose of killing the bill; that he was absent when the third amendment was voted upon; that he voted against the other amendments and voted "yea" on the final passage of both bills.

Now we have said nothing harsh

about Mr. Rogers. We felt and feel that his vote on those bills called for an explanation, especially so as he was a democrat and his party was opposing the bills and more particularly as he had first voted for two amendments to kill the bill. We have asked him to explain why he changed his mind, to tell us who he saw and what was said to cause him to vote for these corporation bills, aginst his fellow democrats and indeed with their 'speaker in his ears calling them all kind of names. sy, Dixon and Mayne who have said the harsh things. True we have good thing for the county. We also printed some of the columns they have expressed our surprise that he have uttered in public, but in this we only do what other papers are doing. It is Pattison, Guthrie & Co. who say the bills were vile, that they were passed by bribery and corruption, and that every Democrat who yoted for it has lost his right to public confidence. Scouten in his little supplement shows that Rogers was one of those Democrats and all we ask is for Rogers to explain his vote and tell us who he saw and what induced him to change his mind and vote for such boodle bills. Is that to spend his money this Fall to purabusing him? We confidently reckon not. But if he doesn't answer our demand no doubt the people will be heard from in November.

In the little speech which E. G Rogers read to the Democratic Convention he said, "During the session we had a number of bills before Dyer has always been able to pay his the interests of farming, and also a He is no millionaire but he does not wealth invested in the district he bor etc. all of which received my

man can be nominated. It is not so in the Republican party. Year after year the Republicans in every township send their delegates to the county convention and after free consultation they nominate good men for candidates. There is no possibility of dictation. It is impossible for any organization to be more free from bosses and political rings than the Republican party.

Scouten has a good deal to say about a statement made by Mr. Dyer to the effect that he was not going chase votes. This remark, if made at all, Scouten twists by saying Dyer is going to spend "old Mat Quay's money" instead of his own. The truth is that Mr. Dyer has not a dollar of his own or any other man's to spend for buying votes. He has enough of his own to pay his legitimate campaign expenses. If elected Representative he will start in with a clean bill of health and will not have to vote for corporations to recoup himself.

The Dickerman pay car passed vay to Dushore. It is not likely that the "stick to the ticket all the time" democrat will even get 89 cts out of the pay car. But the Demo cratic bosses beginning with Scouten and going on down the line will 'scrape grease" enough to make things run smoothly even if Dickerman is defeated. A Democrat who is not ladled out at least \$25 from the Dickerman pay car is not looked upon as worth while.

BROWN'S LABOR RECORD

He Has Always Defended the Rights of the Workingman.

Hon. W. M. Brown, candidate for lieutenant governor, has always been the friend of labor. He is a self-made man himself, having been a sheepherder on the plains when he was 15 years of age.

On March 11 1897 (while a member of the senate), on the discussion of the resolution to investigate the industrial conditions in the bituminous coal region, Senator Brown offered the folowing amendment:

"That a committee of three of the house and two of the senate be ap-pointed to investigate the anthracite coal regions under the resolution, and a committee of three of the house and two of the senate be appointed to investigate the bituminous coal region, with the recommendation that members of both houses be selected from the standing committees of both houses on mines and mining."

Later, in the discussion on the same resolution, Mr. Brown said: "Mr. President, I stated yesterday, when this resolution was referred to the committee on mines and mining, that I was in favor of the resolution. I was in favor of the investigation. I meant what I said then. I mean it now. If these people want investigation. I am perpeople want investigation, I am per-fectly willing to give it to them in a business way. I desire to disclaim any factional idea as controlling this im-portant question. This affects the homes and interests of labor classes in this comonwealth. I do not wish pose as a demagogue, but if anything can be done in any way to alleviate any suffering, or correct any evils that may arise, I believe that it should be
