## Heart From Attack of LaGrippe.

### Palpitation, Smothering, Short Breath.

#### Dr. Miles' Heart Cure Cured Me.

The terrible after effects of LaGrippe are most dangerous when they attack the heart, the engine of life. Weak hearts are as common as weak stomachs and when an attack is made upon the weak heart, that organ soon becomes a diseased heart and the patient will unless promptly treated, suffer long and eventually die of heart disease, the dread of millions. Dr. Miles' Heart Cure strengthens and regulates the heart's action, enriches the blood and improves the circulation.

"Some years ago I had an attack of the grip, and it left me with a very weak heart. Palpitation, shortness of breath and smothering spells that made me sit up in bed to breathe, robbing me of sleep, made me most miserable. I would become fatigued and exhausted from the least exertion and was in such a critical condition that I could not attend to my business. My physician seemed unable to control my case, and instead of getting better I was gradually growing weaker every day. Then I began taking Dr. Miles' Heart Cure and after I had used two bottles I was greatly improved. I continued with the remedy until I had taken in all six bottles, when I was able to attend to business without inconvenience. I was completely and permanently cured of heart trouble by Dr. Miles' Heart Cure and cheerfully recommend it to all sufferers from that terrible affliction."—H. H. EHLE, Gloversville, N. Y.

## REVISION OF TARIFF

### WHEN SHOULD THE SCHEDULES BE RECONSTRUCTED?

#### Certainly Not at a Time When All Business and All Industry and Labor Are Prospering Under a System Which Everybody Understands.

Editor American Economist: "Leave the tariff as it is; let well enough alone," and then you add, "When it is time to change it, have it done by protectionists, by its friends, not its enemies." Will you kindly tell me when that time will come, and how can any change be made without changing all the schedules? NASSAU.

There is no cough medicine so popular as Foley's Honey and Tar. It contains no opiates or poisons and never fails to cure.

Physicians Prescribe it. Many broad minded physicians prescribe Foley's Honey and Tar, as they have never found so safe and reliable a remedy for throat and lung troubles as this great medicine.

The above question from our young Princeton friend is a natural and fair one, and we are glad to enlighten him and all others who may have the same thought in mind.

Many seem to have an idea that we must have a change in our tariff every few years. This is wrong. If a tariff law is operating successfully, there is

### Anxious Mothers.

Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons it can be safely given.

no reason why there should be a change in a hundred years. There never should be a change merely for the sake of change. Great Britain had a system of protection which lasted

### Cured of Piles After 40 Years.

Mr. C. Haney, of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. De Witt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name De Witt on the package—all others are cheap, worthless counterfeits.

If you are bilious and seekin advisers, take De Witt's Little Early Risers.

Just before going to bed, you will find on the morrow, you are rid of your sorrow—That's all; just enough said.

### A Policeman's Testimony.

J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cough on my lungs and tried at least half-dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world."

### One Minute Cough Cure.

Is the only harmless cough cure that gives quick relief. Cures Coughs, Colds, Croup, Bronchitis, Whooping Cough, Pneumonia, Asthma, Lagrippe and all Throat, Chest and Lung troubles. I got soaked by rain, says Gertrude E. Fenner, Muncie, Ind., and contracted a severe cold and cough. I failed rapidly; lost 48 pounds. My druggist recommended One Minute Cough Cure. The first bottle brought relief, several cured me. I am back to my old weight, 148 lbs. One Minute Cough Cure cuts the phlegm, relieves the cough at once, draws out inflammation, cures croup. An ideal remedy for children.

crumbling effects of half a century of free trade. Our longest protective period was from 1861 to 1894, and although it was adversely affected by changing the wool schedule in 1883, yet in the main the country prospered and made great strides as a commercial nation. During that period the protectionists themselves lowered the tariff on many articles, as, for instance, the duty on steel rails has been reduced from \$28 a ton imposed in 1870

### He Could Hardly Get Up.

P. H. Duffy of Ashley, Ill., writes, "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down."

W. A. Herren of Finch, Ark., writes, "I wish to report that Foley's Kidney Cure has cured a terrible case of kidney and bladder trouble that two doctors had given up."

to \$7.84 a ton, the rate in the Dingley law. The duty on tin plates imposed by the McKinley law was 2 2-10 cents per pound, and with that duty the industry got such a start that the duty was reduced to 1 1/2 cents a pound in the Dingley law. Many articles were transferred to the free list in both the McKinley and Dingley laws.

It is not inconsistent with good protection doctrine to reduce a duty or abolish it altogether if it is no longer needed, but it must be remembered that tariff laws are made primarily for revenue and the state of the public treasury may necessitate changes.

### A Thanksgiving Dinner.

Heavy eating is usually the first cause of indigestion. Repeated attacks inflame the mucous membranes lining the stomach, producing a swelling after eating, heartburn, headache, sour risings and finally catarrh of the stomach. Kodol relieves the inflammation, protects the nerves and cures the catarrh. Kodol cures indigestion, dyspepsia, all stomach troubles by cleansing and sweetening the glands of the stomach.

Our internal revenue laws furnish a splendid medium for such changes without disturbing our tariff, and in time of peace our revenue can be increased or diminished to the extent of \$100,000,000 without in any way disturbing business. But with the tariff it is altogether different. Even the possibility of a change of import duties causes apprehension, while the probability and afterward the actuality create havoc and panic. Importers and manufacturers must rearrange prices and wages to suit the changed conditions, for commerce is conducted for profit, not sentiment or philanthropy. When the manufacturer finds he must sell his goods in competition with foreign made goods, he must at once arrange for a reduction in expenses. Labor cost is the first and greatest thing to be considered, and the farseeing man knows that when wages are lowered there will be less of his product purchased, and he must curtail his production. The effect is felt everywhere at once, and it soon reaches the farmer, and his prices, too, must fall, and even then he may not dispose of his crop, and so consternation falls on farm and factory alike, and hard times are known from one end of the country to the other. This has always been the effect of tariff reduction or the probability of repealing protective duties.

And the reverse has always been true when low duties were to be increased. The business man does not wait till the signing of a tariff law before making his plans and adopting his changes. He anticipates everything months in advance. There is nothing that so disturbs business, that so frightens capital and unsettles labor as tariff changes and their anticipation.

At present we are uniformly prosperous all over the country. We have the very best tariff law from every point
