Doctor

Tried but Could Not Relieve Me

Of Headache, Dizziness, Twitching.

Dr. Miles' Nervine Did Relieve and Cure.

"The doctor tried but couldn't relieve me" is a phrase commonly met with in the letters we receive from grateful patients. The reason is plain, The doctor tries to cure the symptom and neglects the disease. In all cases of chronic headache, nervousness, weakness, general debility, dizzy spells, loss of appetite inability to sleep, lack of energy, loss of flesh, lack of interest, morbid tendencies, hysteria, the disease is a nervous disorder and some means must be taken to strengthen and restore the nervous system. Dr. Miles' Restorative Nervine is performing wonders every day and will cure you as it has thousands of others. Read how quickly it acted in the following case:

"A few years ago I was greatly troubled."

"A few years ago I was greatly troubled with nervousness and indigestion. While at work a dizzy spell would come over me and I would be forced to stop and rest. I suffered terribly from headaches and my nervousness was so marked as to cause almost constant twitching of the muscles. My doctor tried but could not relieve me. I finally began the use of Dr. Miles' Restorative Nervine and continued until I have used four bottles, although I have not had a dizzy spell since taking the first dose. I am very thankful for what your medicine has done for me and shall take pleasure in recommending it whenever I can."—FRANK P. BENTLEY, Middlebury, Vt.

Supplies Utmost Need.

Christ supplies our utmost spiritual need. In him alone there is satisfaction. In him we have the inheritance, incor ruptible, undefiled and that fadeth not away. If Christ be ours, if our faith be rooted and grounded in him, all things are ours and we are Christ's.— Rev. S. G. Neil, Baptist, Philadelphia. Ministering Unto Others.

If a man would believe in his fellowmen, if he would believe in society and the possibilities of human nature, if he would believe in God, he must approach his duties in the spirit of the Master when he said, "I come not to be ministered unto, but to minister."— Rev. FOLEY'S HONEYAND TAR

THE GRANGE

Conducted by J. W. DARROW,

PENNSYLVANIA GRANGE.

Worthy Master W. F. Hill and Es-timable Wife.

The state grange of Pennsylvania has for the past five years had at its head Mr. W. F. Hill of Crawford county, a wide awake young farmer in South Shenango township. Contrary to the usual rule, he went from col-lege direct to a life upon the farm. Recognizing in the grange a potent factor for the farmers' welfare, he early joined grange No. 844 and has since given to the Order his best thought and energy. After serving several years in the subordinate and heavener granges he was in 1804 electrons of the subordinate and the subor Pomona granges he was in 1894 elect-ed lecturer of the Pennsylvania state grange. In 1898 he was promoted to the mastership of the state organiza-

The Order of Patrons of Husbandry is strong in the Keystone State and is highly prosperous at present. Farmers are joining the many granges as never before. The treasury shows an increase of nearly 100 per cent over this time one year ago. Between \$15,000,000 and \$20,000,000 worth of farm property is in this state protected by the grange insurance companies, while

the admirable trade arrangements of the organization enable its to save other thousands of dollars an

nually.

While the grange can very properly be used to promote and advance the home and family interests along every avenue of need, yet the crowning value of the grange to its membership is in increasing confidence in their own ability to do things and to get results Farmers are too apt to take somebody else's offer as the best that can be realized. In Pennsylvania the granges are learning self reliance. When dis-satisfied with the insurance rates offered by the existing companies, they went after something better and established their own grange companies. When dissatisfied with excessive exactions by middlemen, they established a business system of their own. Patrons are becoming more and more conscious of their mental development and of the possibilities as a united body. They purpose using this agency to further educate and elevate the American farmer.

The accompanying portraits of Mr. and Mrs. Hill will especially interest members of the order in the Keystone Mrs. Hill has been worthy flora of the Pennsylvania state grange and is now lady assistant steward of the national grange.

The Grange and the Country Press.

The New York state grange organized the first grange news correspondence bureau in the United States. The press correspondent presented the advantages of such correspondence at the last meeting of the national grange, since which time Michigan, Pennsylvanla and far away California have or-ganized along similar lines to furnish grange news items for the weeklles and interior dailie of their respective states. In New Yerk state 400 papers tre using the monthly news bulletins and in Pennsylvana about 250. This shows that there is a demand for news about the granges, and what is true in respect to the press of the states above named must be equally true regarding the newspapers of other states where numerous granges exist, and the various state grange organizations will do well to see that the country newspapers are supplied systematically with

The Oldest Patron.

Massachusetts' oldest Patron is Alon-zo S. Sanderson, now over ninety-two years of age. He was a charter mem-ber of Granite grange of South Worth-ington, Mass. He noved to South Worthington in 1821 and was married Worthington in 1821 due was married to Sophia Drake No. 25, 1834. For sixty-eight years Mr. and Mrs. Sanderson lived together. They had four children and thirteen gandchildren, of whom twelve are now iving. Although ninety-two years of as, he attends the grange meetings and a thoroughly in-terested. Has any other state an older member of the Order?

Rhode Island Gange Hall. A Rhode Island cange Hall.

Little Compton, R. I. owns the finest grange hall in the state. The cost of building, land and irrishings was about \$5,000. It is 58 by 36 feet, two stories and finished ver prettily; has a large and commodious tage, with curtain and scenery. It will seat 300 persons

Granges meet monthl, semi-monthly or weekly, and the intrest in grange work increases in about the same or-
