

Prayed

To Be Released From Life.

Almost Insane From Nervousness.

Dr. Miles' Nervine My Salvation.

Do you enjoy life, or do you sleep so poorly that you are more tired when you get up than when you go to bed? Is your appetite falling, are you getting thin; does your head ache, back ache, eyes tire easily? These are symptoms of a nervous disorder, which should be promptly treated or fainting spells, mental and physical nervousness, morbid fears and loss of control will lead to insanity or mental irresponsibility. Strengthen the nerves with Dr. Miles' Nervine. It quickly supplies nerve-force and vitality to the weakened system, bringing sleep, appetite and health.

"I was almost insane with nervous trouble. Could not eat or sleep. Could see no pleasure in life; indeed, life was a burden to me, and I even prayed God to release me from it. Three doctors did all they could for me, all to no purpose. I was in despair of ever getting better when I saw the advertisement of Dr. Miles' Restorative Nervine. I got a bottle, commenced taking it and wrote you for advice. I followed it carefully, taking your Nervine, Restorative Tonic, and Nerve and Liver Pills. Those remedies were my salvation. It is some months since I stopped taking the Tonic but I keep the Nervine in the house all the time, as it is a friend that I do not feel safe without. If any sufferer should doubt the truth of this statement, let them write to me and I will do my best to drive all doubt from their mind."—Mrs. MABEL REDDEN, La Jose, Pa.

posed reciprocity treaty, and this no doubt has had a strong influence in making the representatives of those states assume the position they are credited with holding. Even with their help, however, there is great danger to the sugar industry, and its friends should be up and doing if they would make their opposition to the treaty effective.—Michigan Farmer.

Just About Bedtime
take a Little Early Riser—it will cure constipation, biliousness and liver trouble. DeWitt's Little Early Risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cures by gently arousing the secretions and give strength to these organs. Sold by all Druggists.

A Surgical Operation
is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when every thing else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. A. Tisdale, Summerton, N. C. For Blind, Bleeding, Itching and Protruding Piles no remedy equals DeWitt's Witch Hazel Salve. Sold by all Druggists.

and intends to make a tour of the west, but it would not be worth his while to come west of the Mississippi river. He would, as the Democratic candidate, come nearer carrying Missouri for Roosevelt than any other man could possibly do.—Salt Lake Tribune.

The Foundation of Health.
Nourishment is the foundation of health, life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, Dyspepsia and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by all Druggists.

Religion Enriches Life.
Religion satisfies because it enriches life. It opens the way into a new kind of joy. It brings into play a new range of activity. Thus Jesus said that he came that we might have life and that we might have it more abundantly. He came to widen out the circle of human appreciation. The purpose of religion thus considered is akin with the purpose of all progress. It is to teach new truth, to awaken new aspiration, to develop new possibilities, to round out more fully the natural life of man.—Rev. George Hodges, Pittsburg.

Catarrh of the Stomach.
When the stomach is over loaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causing the glands to secrete mucus, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by all Druggists.

THE POMONA GRANGE.

An Important Link in the Chain Between Subordinate and State.
[Special Correspondence.]

The Pomona grange is the county grange; its jurisdiction is the county. Thus it becomes a link, and a very important link, in the grange chain, between the subordinate and the state granges.

The Pomona, like the state grange, has usually no fixed place of meeting. Whether it shall have or not depends wholly on conditions. There is one advantage in the Pomona's alternating its meetings with the subordinate granges—it makes it possible to gain a larger membership on the start. It goes to certain members who might not come to it if located at a distance from them. The crucial point is to get them interested at the first; then they will attend. But as a rule there will be a larger attendance if the Pomona be centrally and permanently located.

If the Pomona holds its meetings alternately among the subordinate granges the entertaining grange is expected to furnish the hall and entertain the visiting members. The matter of entertainment is, however, sometimes a bugbear to small granges. We know of a county where the attendance on the Pomona meeting was so large as to make it almost wholly impossible to secure an invitation (!) for the following quarterly meeting. Visiting members could bring basket lunches, but this, as a rule, is not altogether satisfactory. It is a fair proposition, however, when the Pomona is held at a fixed location, that all the subordinate granges should contribute, pro rata, to the expense of the hall and speakers, and possibly to have a committee from each grange to solicit refreshments and to assist in serving the tables at the dinner hour. No fixed rules can, however, be laid down for the refreshment feature.

The Pomona grange should hold at least one business session in the fifth degree and there should be one public session. Much depends on the lecturer for a successful Pomona. The programme requires careful preparation; it is the vital point. Persons selected to address the meeting should feel their responsibility to be on hand promptly and have something to say when they get there. Written papers will serve the purpose best, although a good off-hand speaker is usually more entertaining. But there are people who can talk much and say little and sometimes they are heard in grange meetings.

There should be plenty of music and some recitations on every Pomona programme. However brilliant the papers and addresses, there will be a heaviness and a drag unless an occasional song or recitation is rendered to "enliven the proceedings." Let there be solos, quartets, duets and instrumental music, too, where practicable. Give music its proper place at all grange meetings; it's a "good thing to have in the family" and in the grange.

The Pomona, or fifth, degree should be conferred in full form at least once a year; better twice. Let no pains be spared in presenting the work in the most effective manner. By all means "stage" the degree if practicable. Introduce pretty drills and marches appropriate to the work and confer the degree without the manual. The added effectiveness will more than pay for the extra labor required. J. W. D.

Mrs. B. B. Lord.
The popular and able lecturer of the New York state grange is Mrs. B. B. Lord of Sinclairville, N. Y. For many years she has been identified with the work of the Order in the state, and in every capacity has proved herself

MRS. B. B. LORD.
[Lecturer New York state grange.]
an enthusiastic worker and a wise counselor. She is one of the best grange speakers on the platform today, always interesting, always impressive. Her ability along this line has been recognized in her assignment, during the winter, to address farmers' institutes, and she never suffers in comparison with the speakers of the "sterner sex." Mrs. Lord was in charge of the grange headquarters at the Pan-American at Buffalo, and there many Patrons had the pleasure of meeting her. The marked success of the venture—for such it was—was due in great measure to her presence there and to her careful and painstaking oversight of all details. She was elected worthy lecturer of the state grange in 1901 and is one of its most efficient officers.

A JUST ESTIMATE

Of the Principles and Purposes of the Grange.

The "ultimate object of this organization is for mutual instruction and protection," to lighten labor by diffusing a knowledge of its aims and purposes, to expand the mind by tracing the beautiful laws that the great Creator has established in the universe and to enlarge our views of creative wisdom and power. We are somewhat proud of our Order, says R. T. Wheelock in the National Stockman, and do not hesitate to commend it to our brother farmers for their careful and diligent study of its declared principles and purposes, as something that does concern them and ought to interest them. "The grange needs you, and, much more, you need its help and inspiration in your social and business connections. You need its moral, intellectual and educational opportunities if you are to keep step with progress of the day and do not wish to be left by the procession, plowed under, and become a back number. It offers you the most available, the best known, means of doing it. It is not without money or price—humanly speaking, no desirable thing is—but its cost in money and time is so disproportionate to the benefits conferred that the cost seems to be of little moment.

The grange is past the experimental stage. It is an assured success. Its influence is felt in our homes, on our farms, in society, even reaching into our legislative assemblies—local, state and national. It stands upon its merits, needs no bolstering up, asks only our thoughtful, unbiased consideration, and will return many times its cost to you in money, time and thought, provided your mind and heart are open to receive instruction and inspiration. In faith, in hope and in charity we present these lines to the farming public, sincerely believing in the principles herein laid down as being in accord with the Golden Rule and tending to produce the greatest good to the greatest number.

The Essence of Service.

To go beyond the letter of any obligation and serve another freely, generously, to give time and energy more than is expected, more than may be rightfully demanded, is the surest way to advancement. The essence of this kind of service is sacrifice.—Rev. Dr. Raymond, Schenectady, N. Y.

Short Talks on Advertising

By Charles Austin Bates

People used to say: "Oh, I never pay any attention to advertisements; they never tell the truth." Now it's different; people do read advertisements and they believe them. Advertisers are becoming more careful and more scrupulously truthful every day. I know a firm of advertising agents who also own a medicated soap. I said: "Is it really such a wonderful thing, and do you take the care you say you do in making it?"

The answer was: "Of course it is a good thing. We have seen too much of advertising to be fools enough to spend money pushing a poor article." Most all advertisers understand this nowadays, and that is why advertising pays better than it used to.

The best place to put an advertisement is in the paper that enjoys the confidence of the community. I believe that the standing of the paper reflects on the advertisements it carries. There is another thought which never occurred to me, but which was conveyed in a remark recently made to me by Mr. M. M. Gillam, the advertising manager at Wanamaker's. He said:

"A sleepy paper gathers a sleepy constituency. An alert, wide-awake, progressive sheet gets readers who like that sort of thing—or lifts them to its level." Wide-awake people are the ones most influenced by advertising—progressive people who are not afraid of a new thing or a new idea; people who believe in the paper they read because they have learned to rely on it.

Depend upon this. If the editorials carry weight, the ads. will pay. Put your trust and your money in that sort of a paper.

Occasionally an advertisement will fall flat. The wise man looks for the reason. He doesn't say blindly: "Advertising doesn't pay." He looks at the condition of general trade, at the weather, at the goods and the price and the way the ad. was worded.

This is certain: A readable ad. in a readable paper will be read. Probably not by all of the readers of the paper, but by a sufficient number to make the ad. pay, if the goods are right. No doubt about it whatever. It's as sure as sunshine. A cloudy day comes sometimes, but it doesn't stay long.

GRADUAL DECLINE

This is the fate of sufferers from Kidney trouble, as the disease is so insidious that often people have serious Kidney trouble without knowing the real cause of their illness, as diseased kidneys allow the impurities to stay in the system and attack the other organs. This accounts for the many different symptoms of Kidney Disease.
