

Relief

From Headache and Neuralgia
In a Few Minutes After Taking

Dr. Miles' Anti-Pain Pills.
Chronic Case Cured.

"I cannot speak to highly of your remedies and I will always tell my friends how much they have done for my husband and myself for sudden attacks of headaches, neuralgia and rheumatic pains. There is nothing equal to Dr. Miles' Anti-Pain Pills. They are simply splendid and give relief in fifteen or twenty minutes. I used to be subject to attacks of headache, which had become chronic, and I took a course of Nervine and Nerve and Liver Pills in connection with the Anti-Pain Pills. The result is I now have very little trouble in that way. My husband has also taken these remedies and praises them very highly. We always have some of both kinds of pills in the house, and do not feel that we could get along without them.—MAS. KATE K. JOHNSON, McClellandville, Delaware.

There are many reasons why you should take Dr. Miles' Anti-Pain Pills, but the best reason is that they will give you almost instant relief from headache or other pain. In cases of chronic headache, when the sufferer knows an attack is coming on, a Pain Pill will usually prevent it entirely. In cases of extreme nervous exhaustion, when the brain is too tired and the body too nervous to rest, an Anti-Pain Pill will soothe the nerves so that sleep may come. They never fail, yet contain no opiates and are non-laxative.

All druggists sell and guarantee Dr. Miles' Anti-Pain Pills. They are non-laxative; contain no opiates, never sold in bulk, 25 doses, 25 cents. Dr. Miles Medical Co., Elkhart, Ind.

The grange has the proud distinction of securing more state and national laws in the interests of agriculture than all other organizations combined.

New York state has been increasing her grange membership very rapidly since Jan. 1.

posed reciprocity treaty, and this no doubt has had a strong influence in making the representatives of those states assume the position they are credited with holding. Even with their help, however, there is great danger to the sugar industry, and its friends should be up and doing if they would make their opposition to the treaty effective.—Michigan Farmer.

Just About Bedtime
take a Little Early Riser—it will cure constipation, biliousness and liver trouble. DeWitt's Little Early Risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cures by gently arousing the secretions and give strength to these organs. Sold by all Druggists.

An Ideal Leader.
Gorman is an ideal leader for the national Democracy, provided the disciples of Jefferson are not particular as to which direction they take.—Lowell (Mass.) Mail.

A Surgical Operation
is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when every thing else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. A. Tidale, Summertown, N. C. For Blind, Bleeding, Itching and Protruding Piles no remedy equals DeWitt's Witch Hazel Salve. Sold by all Druggists.

and intends to make a tour of the west, but it would not be worth his while to come west of the Mississippi river. He would, as the Democratic candidate, come nearer carrying Missouri for Roosevelt than any tribune could possibly do.—Salt Lake Tribune.

The Foundation of Health.
Nourishment is the foundation of health, life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, Dyspepsia and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by all Druggists.

Religion Enriches Life.
Religion satisfies because it enriches life. It opens the way into a new kind of joy. It brings into play a new range of activity. Thus Jesus said that he came that we might have life and that we might have it more abundantly. He came to widen out the circle of human appreciation. The purpose of religion thus considered is akin with the purpose of all progress. It is to teach new truth, to awaken new aspiration, to develop new possibilities, to round out more fully the natural life of man.—Rev. George Hodges, Pittsburg.

Catarrh of the Stomach.
When the stomach is over loaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causing the glands to secrete mucus, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach caused by indigestion. Doctors and failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by all Druggists.

AGRICULTURAL EDUCATION.

The Need of It Becoming Greater and the Opportunities Better.

(Special Correspondence.)
The farmer's son must get the idea thoroughly rooted in his brain that the twentieth century is to be a century of education. It is to be the era of the trained man. Right alongside of this idea the farmer's son should plant another idea, and that is that if agriculture is to keep up with the procession the agriculturist must be a trained man. The farmer of the future must be thoroughly educated for his business.

The next question is, How shall he be trained? The means of agricultural education are so numerous and so valuable that there is no excuse for any who do not avail themselves of some of these means of training. Let me mention some of the opportunities that are offered to farmers' sons for getting an agricultural education.

First is the farm itself. This is the farmer's workshop, and it is and ever will be the best place for his education. It is here that he applies his theories and works out his experiments. Every day of his life he is at school to nature. He can get his information at first hand. But it is a strange fact that two different men, differently trained, will gain exceedingly varying degrees of knowledge from the same farm. This is simply because one has trained powers of observation; he knows how to mine knowledge. The other one is untrained; he does not know how to question nature; he cannot understand nature's answers to the questions he may ask. Let me point out those agencies that will give a young man such training that he can make the most of his farm as an educator as well as a money getter.

I would divide these agencies into two classes: First, those which are available to practically every farmer in the United States and which he can utilize to the very end of life. Among these is the agricultural press. Good farm papers exist in every state, and the half dozen leading agricultural papers in the country are of the highest practical value and literary merit. It is amazing how many farmers there are who do not take any farm papers and how many more there are who do not take a good farm paper. The second means is farmers' institutes. These exist today in practically every state in the Union, and their value has been proved over and over again. They are growing in influence and usefulness. And yet they are attended by only a fraction of the farmers of this country. But they are a tremendous means of education for the farmer's son. He will in them gain not only information, but inspiration. In the third place, there are home study courses, agricultural books, agricultural experiment station bulletins. Any young farmer who wants to study advanced agriculture can find an almost unending supply of good literature under these heads. There was a time when agricultural books were not of great value. Today there are dozens of first class agricultural books written by thoroughly trained and practical men and just as useful to the farmer as physicians' books are to the doctor. And, finally, in this class of agencies come the farmers' organizations, of which the grange is a type. The real work and purpose of the grange is education. All of its other purposes are subservient to this all embracing object. Our farmers are just beginning to learn what an educator it is. I am more and more impressed as the years go by with the tremendous possibilities of the grange in educating farmers' sons for their vocation.

But the farmer's son must also remember that the day has come when he can and should get quite a share of his training for agriculture in the schools. They are the second set of agencies. Every farmer's son who is to follow the vocation of his father should secure just as much schooling as he can possibly get. In the first place he ought to have the privilege when he is a mere lad of nature study in the rural school at home. When he has reached the age of thirteen or fourteen he should have, and in time will have, the chance to study the elementary principles of agriculture, also in his home school. Then, if he cannot go to college, but wishes to study agriculture a little further, he will have at the county seat of his county an agricultural high school, where he can take a high school course containing some high school subjects such as English and mathematics and, at the same time, get good, thorough instruction in science applied to the farm. If he cannot afford the time or money to take even this agricultural high school course, he can take advantage of the many special winter courses that are offered even now at every agricultural college in the United States.

But the farmer's son, if he is wise, will not content himself with schooling below that of the college. I do not mean to say that every farmer's son ought to go to an agricultural college, but it ought to be understood that it will probably pay him to go to the agricultural college. The chances are that it will pay him if he wants to go back to the farm, and if he wishes to enter the increasing ranks of those who desire to teach agriculture or to experiment in agriculture the thorough college course in agriculture is absolutely indispensable.

KENYON L. BUTTERFIELD,
President Rhode Island College of Agriculture.

WINCHESTER
.22 Caliber Cartridges
If you want to use .22 Caliber Rim Fire Cartridges that shoot strongly and accurately, buy the time-tried Winchester make, having the trade-mark "H" on the head. They cost but a few cents more a box than the cheap, unreliable kind, and they are dollars better. Winchester .22 Caliber Cartridges are furnished loaded with either black or smokeless powder, the latter being loaded with the celebrated Winchester Greaseless Bullets, which make them very clean to handle.

A TRINITY OF EVILS.

Cured by Cal-cura Solvent, the Great New Medicine After Other Treatment Had Failed. Your Money Back if It Does Not Cure.

Mr. Martin Montgomery, of Silvana, Pa., formerly of Roxbury, N. Y., writing to Dr. David Kennedy, of Kennedy Row, said:

"Your new medicine, Cal-cura Solvent, is wonderful. It cured me of liver and kidney troubles, and rheumatism, after a lot of weary dosing with things that did no good. It is a record breaker and no mistake." As in Mr. Montgomery's case, rheumatism is often, indeed almost always, complicated with kidney and liver trouble. It is because Cal-cura Solvent acts on the kidneys and liver and at the same time expels uric acid from the blood, that it is such a reliable remedy for rheumatism and the attendant disorders. It cures by removing the cause, therefore the cure is permanent, safe and sure.

If your druggist does not have Cal-cura Solvent, write to the Cal-cura Company, Rondout, N. Y.; but ask your druggist first. \$1.00 a bottle. Only one size.

Guarantee: Your druggist will return your money if Cal-cura fails to cure, and the Cal-cura Company will pay the druggist. Remember, Cal-cura Solvent cures 95% of all cases of Kidney, Bladder and Liver disorders.

To Cure Constipation Forever. Take Cascarets Candy Cathartic. 10c or 25c. If C. C. fail to cure, druggist refund money.

GRADUAL DECLINE

This is the fate of sufferers from Kidney trouble, as the disease is so insidious that often people have serious Kidney trouble without knowing the real cause of their illness, as diseased kidneys allow the impurities to stay in the system and attack the other organs. This accounts for the many different symptoms of Kidney Disease.

You begin to feel better at once when taking

FOLEY'S KIDNEY CURE

as it stimulates the heart, increases the circulation and invigorates the whole system. It strengthens the urinary organs and gives you new life and vigor.

Dr. OHAS. D. VOORHEES, Sonestown, Pa.

Chicago Business Man Cured
Foley & Co., Chicago, Gentlemen—About a year ago my health began to fail, I lost flesh and never felt well. The doctor thought I had stomach and liver trouble, but I became convinced that my kidneys were the cause of my ill health and commenced taking FOLEY'S KIDNEY CURE. It increased my appetite and made me feel stronger, and the annoying symptoms disappeared. I am now sound and well.—J. K. Horn, 1354 Diversey Blvd., Chicago, June 11, 1902. **Cured His Wife**
E. C. Watkins, sexton of the Methodist Church, Springfield, Pa., writes: "My wife has been very bad with kidney trouble and tried several doctors without benefit. After taking one bottle of FOLEY'S KIDNEY CURE was much better, and was completely cured after taking four bottles."

One Bottle Cured Him
A. H. Davis, Mt. Sterling, Ia., writes: "I was troubled with kidney complaint for about two years, but a one-dollar bottle of FOLEY'S KIDNEY CURE effected a permanent cure."

Short Talks on Advertising

By Charles Austin Bates.

No. 15.

Every advertisement that goes into a newspaper ought to contain some definite information. People are hungry for knowledge. It is an inquisitive age. The advertiser who supplies the most pertinent information will get the most trade, other things being equal. Every advertisement should tell the why of something. If a price is low—why? If a quality is excellent—why? If better nutmegs come from Connecticut than Indiana—why? Give a reason for everything.

The small boy of today opens his drum to see where the noise comes from and what makes it. He dissects his watch to find the "tick."

Men are only boys grown up.

It is easy enough to make an advertisement interesting if one only thinks a little. The advertising of the future will always be so.

Advertisements are read more now than ten years ago, because they are more readable. The advertisements of many stores contain as fine writing and is as intensely entertaining as any other column in the papers.

Advertising is becoming more and more honest every day. It pays better every day. When people really understand that advertising is a necessary and legitimate part of every business, that it is merely a store bulletin, it will pay still better.

It is facts that people want. I have heard a merchant say:
"Oh, it don't pay to advertise, because people don't believe the ads. Mr. So-and-So always lies in his ads and people measure us by his standard."
He was wrong, of course. People soon find out the truth-telling place, and trade gravitates that way with absolute certainty. Tell something—tell it true, and in the best papers—and it will pay every time.

Copyright, Charles Austin Bates, New York. "Men are only boys grown up."
