

Relief

From Headache and Neuralgia

In a Few Minutes After Taking

Dr. Miles' Anti-Pain Pills. Chronic Case Cured.

"I cannot speak too highly of your remedies and I will always tell my friends how much they have done for my husband and myself for sudden attacks of headaches, neuralgia and rheumatic pains. There is nothing equal to Dr. Miles' Anti-Pain Pills. They are simply splendid and give relief in fifteen or twenty minutes. I used to be subject to attacks of headache, which had become chronic, and I took a course of Nerve and Nerve and Liver Pills in connection with the Anti-Pain Pills. The result is I now have very little trouble in that way. My husband has also taken these remedies and praises them very highly. We always have some of both kinds of pills in the house, and do not feel that we could get along without them.—MRS. KATE K. JOHNSON, McClellandville, Delaware.

There are many reasons why you should take Dr. Miles' Anti-Pain Pills, but the best reason is that they will give you almost instant relief from headache or other pain. In cases of chronic headache, when the sufferer knows an attack is coming on, a Pain Pill will usually prevent it entirely. In cases of extreme nervous exhaustion, when the brain is too tired and the body too nervous to rest, an Anti-Pain Pill will soothe the nerves so that sleep may come. They never fail, yet contain no opiates and are non-laxative.

All druggists sell and guarantee Dr. Miles' Anti-Pain Pills. They are non-laxative; contain no opiates, never sold in bulk, 25 doses, 25 cents. Dr. Miles Medical Co., Elkhart, Ind.

posed reciprocity treaty, and this no doubt has had a strong influence in making the representatives of those states assume the position they are credited with holding. Even with their help, however, there is great danger to the sugar industry, and its friends should be up and doing if they would make their opposition to the treaty effective.—Michigan Farmer.

Just About Bedtime take a Little Early Riser—it will cure constipation, biliousness and liver trouble. DeWitt's Little Early Risers are different from other pills. They do not gripe and break down the mucous membranes of the stomach, liver and bowels, but cures by gently arousing the secretions and give strength to these organs. Sold by all Druggists.

A Surgical Operation is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when every thing else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. A. Tisdale, Summertown, N. C. For Blind, Bleeding, Itching and Protruding Piles no remedy equals DeWitt's Witch Hazel Salve. Sold by all Druggists.

The Foundation of Health. Nourishment is the foundation of health, life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest, assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, Dyspepsia and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold by all Druggists.

Religion Enriches Life. Religion satisfies because it enriches life. It opens the way into a new kind of joy. It brings into play a new range of activity. Thus Jesus said that he came that we might have life and that we might have it more abundantly. He came to widen out the circle of human appreciation. The purpose of religion thus considered is akin with the purpose of all progress. It is to teach new truth, to awaken new aspiration, to develop new possibilities, to round out more fully the natural life of man.—Rev. George Hodges, Pittsburg.

Catarrh of the Stomach. When the stomach is over loaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causing the glands to secrete mucus, instead of the natural juices of digestion. This is called Catarrh of the Stomach. For years I suffered with Catarrh of the Stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by all Druggists.

A DOMINATING FACT.

The Value of Protection as a Prosperity Promoter Demonstrated. In reply to one of Mr. Chamberlain's recent protectionist speeches an Englishman of good memory quoted against the colonial secretary one of his own free trade arguments made in 1881. The substance of Mr. Chamberlain's reply was "circumstances have changed." That was a ready answer, but hardly an adequate one. Indeed there is the best reason for believing that Mr. Chamberlain if he were entirely frank would have admitted that changed circumstances had less to do in causing his abandonment of the free trade idea than had the unparalleled progress and prosperity of the United States under its self devised and self maintained system of protection.

In this republic it has been demonstrated that protection is neither a theory nor a condition. It is a dominating fact. It is a splendid example of the triumph of the American way of doing things. There were doubts as to the success of the experiment when it was entered upon. Some protectionists believed the policy could be safely abandoned when infant industries had grown strong enough to compete with foreign manufacturers. That idea is no longer entertained, for it has been proved by experience that the only way in which American industries and American labor can be saved from the demoralizing and destructive competition of the cheap products of foreign labor is by the permanent maintenance of the protective system.

Protection has justified itself. By the marvelous prosperity it has been chiefly instrumental in promoting it has put an end once and for all to the notion that it was merely an expedient to be abandoned when the exigencies that brought it into being had passed. It is now a fixed principle in American policy which can neither be attacked nor threatened even without grave disturbance of industrial and financial conditions.

Other nations have of late taken up the American idea and put it into practice to a greater or lesser extent, but so far their action has had not the slightest effect upon our prosperity. Whether or not the adoption of imperial protection by Great Britain will affect us adversely will cause little concern at this time. The nation which has to buy a large part of the commodities that feed its people can never successfully wage a tariff war against the nation in a position to supply those commodities.—Providence News.

PLATFORM OF 1904.

Shall We Stand by Protection or Lean Toward Free Trade?

One of the captains of industry, one of the leading business men of the United States, a large employer of labor and a man of wide experience in national and international affairs, one whose name, were we permitted to use it, would instantly command attention and respect, writes to the American Economist as follows:

"Certain men, and we have such in the Republican party, seem to think that the way to retain power is to compromise with the enemy. I am one of those that don't believe in this, as far as principles are concerned. The Republican party either believes in protection or it does not. If it does, it is not for us to break it down. If it does not, there is no reason for protectionists, as such, to sustain the Republican party. This is a point that some of the disorganizers want to comprehend. The fact is that there is danger of losing more votes by going toward free trade than can be gained from the enemy by such action. If this is not understood before our next national platform is framed, I think we shall have an era of reduced tariff under Democratic auspices as a result, and I should prefer this to a damaging reduction under Republican auspices.

"There is another thing that I should prefer—viz, a reduction all along the line rather than destruction of industries by so called reciprocity or singling them out for destruction. The reciprocity platforms of the Republican party heretofore have not proposed any injury to American industries, but I see that the president's message suggested substantially that if a gain were to be made for one industry by an injury to a lesser one it might be all right. This is dangerous ground."

The national Republican platform of 1904 is soon to be written. Who will write it, and how shall it be written? In the letter above quoted there is food for thought along these lines. Events in the session of congress soon to close and in the Fifty-eighth congress, to assemble next December, will largely determine the character of the platform of 1904. They will determine whether the Republican party is to be partly for protection and partly for free trade or wholly for protection. Much depends upon that decision, much more, we imagine, than some people seem to think at the present time. In the midst of the many schemes which have for their animus a relaxation of the doctrine, policy and practice of protection it would be well to pause long enough to consider what the platform of 1904 is to be. It is a grave question.

Cured by Cal-cura Solvent, the Great New Medicine. After Other Treatment Had Failed. Your Money Back if it Does Not Cure.

Mr. Martin Montgomery, of Silvana, Pa., formerly of Roxbury, N. Y., writing to Dr. David Kennedy, of Kennedy Row, said: "Your new medicine, Cal-cura Solvent, is wonderful. It cured me of liver and kidney troubles, and rheumatism, after a lot of weary dosing with things that did no good. It is a record breaker and no mistake."

As Mr. Montgomery's case, rheumatism is often, indeed almost always, complicated with kidney and liver trouble. It is because Cal-cura Solvent acts on the kidneys and liver and at the same time expels uric acid from the blood, that it is such a reliable remedy for rheumatism and the attendant disorders. It cures by removing the cause, therefore the cure is permanent, safe and sure.

If your druggist does not have Cal-cura Solvent, write to the Cal-cura Company, Rondout, N. Y.; but ask your druggist first. \$1.00 a bottle. Only one size.

Guarantee: Your druggist will return your money if Cal-cura fails to cure, and the Cal-cura Company will pay the druggist. Remember, Cal-cura Solvent cures 95% of all cases of Kidney, Bladder and Liver disorders.

To Cure Constipation Forever. Take Cascarets Candy Cathartic. One or Two if C. C. C. fail to cure, druggists refund money.

Short Talks on Advertising

By Charles Austin Bates

No. 15.

Every advertisement that goes into a newspaper ought to contain some definite information.

People are hungry for knowledge. It is an inquisitive age. The advertiser who supplies the most pertinent information will get the most trade, other things being equal. Every advertisement should tell the why of something. If a price is low—why? If a quality is excellent—why? If better nutmegs come from Connecticut than Indiana—why? Give a reason for everything.

"People are hungry for knowledge. It is an inquisitive age."

thinks a little. The advertising of the future will always be so. Advertisements are read more now than ten years ago, because they are more readable. The advertisements of many stores contain as fine writing and is as intensely entertaining as any other column in the papers.

Advertising is becoming more and more honest every day. It pays better every day. When people really understand that advertising is a necessary and legitimate part of every business, that it is merely a store bulletin, it will pay still better.

It is facts that people want. I have heard a merchant say:

"Oh, it don't pay to advertise, because people don't believe the ads. Mr. So-and-So always lies in his ads and people measure us by his standard."

He was wrong, of course. People soon find out the truth-telling place, and trade gravitates that way with absolute certainty. Tell something—tell it true, and in the best papers—and it will pay every time.

YOUR KIDNEYS ARE THEY WELL?

Unless they are, good health is impossible.

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered Kidneys. A simple test for Kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops.

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results.

If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well.

Some Pronounced Incurable. Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

Had Lumbago and Kidney Trouble. Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."
