menced on Monday by a large force  
of men in the woods cutting and  
skidding the logs under John Fitz-  
patrick as foreman.

Hunters say that the Rabbits have  
thick fur, which means a severe winter.  
They also say that the wild  
geese are flying northward which  
means a mild winter. Farmers say  
that corn husks are very light and  
thin, which also means a mild winter.  
Now let's hear about the hog's  
melt and the matter will be settled.

An official of the Binghamton and  
Southern Railroad Company in a recent  
interview states that he has as-  
urances that the road will be con-  
structed shortly. He said that at the  
recent conference in New York, one  
of the richest railroad magnates in  
the country agreed to advance money  
to build the road. It was stated  
that the recent rumor that the road  
had been sold was untrue, but that  
it will be built by the Binghamton  
and Wilkesbarre men who organized  
the company with the New York  
man backing the project, and that  
the line will probably be turned  
over to this man's system after the  
road is built.

Although none of the men inter-  
viewed will say so, it is generally be-  
lieved that George J. Gould is the  
New Yorker backing the road, and  
the line will be simply a link in the  
Wabash system from Pittsburg to  
New England.

**FACTORY LOADED SHOTGUN SHELLS.**  
It's not sentiment—that makes the most successful shots shoot  
Winchester Factory Loaded Shells. It's the re-  
sults they give. It's their entire reliability, even-  
ness of pattern and uniform shooting. Winchester  
"Leader" shells, loaded with smokeless powder,  
are the best shells on the market. Winchester  
"Repeater" shells loaded with smokeless powder  
are cheap in price but not in quality. Winchester  
"New Rival" black powder shells are the favorite  
black powder load on the market on account of  
their shooting and reloading qualities. Try either of  
these brands and you'll be well pleased. They are

**DANGER IN A TARIFF ISSUE.**

It Means Loss of Employment for the MILL-  
IONS of Wage Earners.

A railroad man out of employment  
today is a novelty. There are now  
1,307,000 men employed on the rail-  
roads, and this is about 2,000,000 more  
than were employed in 1900. The  
result of the Democratic hard shins  
had reached its greatest effect on rail-  
roading.

The gradual reduction of the work-  
ing force on railroads during the "four  
years of clever" for the Democratic  
party must be pretty fairly impressed  
upon the memory of railroad employ-  
ees, and they can scarcely fail to re-  
cognize the fact that what is "clever"  
for Democratic politicians is hard-  
ship for those who work for their liv-  
ing.

Our friends, the enemy, have hoped  
the Congress in a search for issues, but  
they have found none that will secur-  
e them to the mass of the people,  
and they have about decided to turn  
back to the old home under which they  
secured a victory with Cleveland in  
1892.

The election of Cleveland that year  
was practically a victory by default.  
Thousands of Republicans thought that  
a Democratic victory was impossible,  
and they paid no attention to the elec-  
tion. Instead of showing the usual in-  
crease in the total vote the Republicans  
total fall of 246,879 when Cleveland's  
total in 1892 is compared with his total  
in 1888. The Democratic vote showed  
only 16,516 increase in the Cleveland  
columns at the second election, which  
is far below the normal increase. In  
fact, Cleveland was a minority pres-  
ident, having received 947,114 votes less  
than a majority of all the votes cast  
for presidential electors in 1892.

The attempt to make the tariff an  
issue for 1904 shows that the Democrats  
have failed to find an issue, and they  
are going back to try once more to use  
the water that once turned the mill.

The railroad employees are a consid-  
erable force in a national election, and  
it scarcely seems possible that they can  
be induced to support a party that will  
throw a very large percentage of them  
out of employment, and that is what a  
tariff campaign will do, whether it suc-  
ceeds or not.—*Jersey City Journal.*

*Germany.*  
Mr. Gorman is back from Europe  
and has given several interviews to  
newspaper men. In substance Mr. Gor-  
man says that it is too early to name  
a Democratic presidential nominee, al-  
though "Barkis is willin'" and that it  
is impossible to outline the issues so  
far in advance, although he believes  
the Gorman homeopathic tariff reform  
would win.—*Tonesta (Pa.) Republican.*

*The Grange in Washington.*  
The present secretary of agriculture,  
Mr. Wilson, is a member of the grange.  
The assistant secretary of agriculture,  
J. H. Brigham, is a member and is  
past master of the national grange.  
The grange keeps a national legislative  
committee at Washington to look after  
legislation bearing on the farmer's in-  
terests.

**Life Insurance**

A FEW OF THE MANY REASONS  
WHY YOU SHOULD HAVE  
A POLICY  
WITH THE NEW YORK LIFE

BECAUSE—Incontestable from the  
date of issue. Because—absolutely  
without restrictions. Because—non  
forfeitable from date of issue. Be-  
cause—cash loans are provided after  
second year, on demand at 5 per cent  
interest without fee or other charge.  
Because—if death does not occur an  
accumulative policy is a highly profit-  
able investment for the policy-holder  
and his heirs.

Policies now maturing to living  
policy-holders prove this. In fact  
NEW YORK LIFE policies do not  
leak.

Health and Accident Insurance
