

Weak

Heart From Attack of LaGrippe.

Palpitation, Smothering, Short Breath.

Dr. Miles' Heart Cure Cured Me.

The terrible after effects of LaGrippe are most dangerous when they attack the heart, the engine of life. Weak hearts are no common as weak stomachs and when an attack is made upon the weak heart, that organ soon becomes a diseased heart and the patient will unless promptly treated, suffer long and eventually die of heart disease, the dread of millions. Dr. Miles' Heart Cure strengthens and regulates the heart's action, enriches the blood and improves the circulation.

"Some years ago I had an attack of the grippe, and it left me with a very weak heart. Palpitation, shortness of breath and smothering spells that made me sit up in bed to breathe, robbing me of sleep, made me most miserable. I would become fatigued and exhausted from the least exertion and was in such a critical condition that I could not attend to my business. My physician seemed unable to control my case, and instead of getting better I was gradually growing weaker every day. Then I began taking Dr. Miles' Heart Cure and after I had used two bottles I was greatly improved. I continued with the remedy until I had taken in all six bottles when I was able to attend to business without inconvenience. I was completely and permanently cured of heart trouble by Dr. Miles' Heart Cure and cheerfully recommend it to all sufferers from that terrible affliction."—H. H. ENLÉ, Gloversville, N. Y.

Judge Parker's Retirence. On the other hand, Judge Parker's friends think his retirence may be justified by the fact that the Democracy has for eight years past had a candidate who talked enough for the next eight years to come.—Pittsburg Dispatch.

Hearst's \$2,000,000 Bid. Hearst's success in getting delegates has created some dismay among the conservative elements of his party. It is said that he will give the Democratic national committee \$2,000,000 to nominate him.—Chesertown (Md.) Enterprise.

Gorman Finds an Issue. Gorman has found what he thinks is an issue. He calls Roosevelt a czar and the slogan he suggests is, "Down with one man power." Well, the Democrats must have some kind of an issue, and the less it means the more heading it will provide.—Jersey City Journal.

York is becoming an important factor in the good roads movement. In one county at least, where the supervisors had taken adverse action on the matter of road improvement, the grange took the matter up and created public sentiment in favor of better roads, with the result that at a special session of the board of supervisors resolutions were passed unanimously in favor of improving the roads asked for by the grange. The aforesaid supervisors, like Brigham Young, having had "a revelation."

Short Talks on Advertising

By Charles Austin Bates.

No. 8. One man succeeds and another man fails and people wonder how it happens. It seems sometimes to people who don't think deeply that the weaker, duller man goes ahead, and that his more brilliant brother sticks in the rut at the bottom of the hill.

Slight differences in men seem to make all the wide differences between success and failure. In games of chance (?) the "bank" has only a slight percentage, but the bank always wins. Lack of every result is a reason. Back of business success are earnestness, energy, persistence, concentration. Between these and achievement is advertising.

No man ever yet made a success of business without advertising of some sort. Maybe he didn't call it advertising, but it was advertising just the same. Advertising primarily consists in letting a lot of people know you are in existence and what excuse you may have for it.

The nucleus of advertising is a sign over the door. If nobody had ever put up a sign, one baking powder company would not be paying out \$800,000 a year placing signs in all the newspapers of America.

When a man goes into business he has some cards printed, and when he meets an acquaintance thereafter he pokes out a card and says: "When you are down my way, drop in." That's advertising.

The trouble is that you can't repeat the operation often enough—personally. What you can do is to put the card and the remark, more or less elaborately expressed, into such a paper as the one you are reading now and have it handed to a great number of people all in one day.

The difference in men that makes one do this and another refuse is small. That is, it looks small at the start. It's like most all little things. When you stop to analyze it and figure it out to its ultimate result, you find that it grows into proportions of great magnitude.

An advertisement in the newspaper is a little thing, but it goes into thousands of homes and tells thousands of people just what you most wish them to hear.

If the ad. is an honest ad. it will always pay.
