Heart From Attack of LaGrippe.

Palpitation, Smothering, Short Breath.

Dr. Miles' Heart Cure Cured Me.

The terrible after effects of LaGrippe are most dangerous when they attack the heart, the engine of life. Weak hearts are as common as weak stomachs and when an attack is made upon the weak heart, that organ soon becomes a diseased heart and the patient will unless promptly treated, suffer long and eventually die of heart disease, the dread of millions. Dr. Miles' Heart Cure strengthens and regulates the heart's action, enriches the blool and improves the circulation.

"Some years ago I had an attack of the grip, and it left use with a very weak heart. Palpitation, shortness of breath and smothering spells that made me sit up in bed to breathe, robbing me of sleep, made me most miserable. I would become fatigued and exhausted from the least exertion and was in such a critical condition that I could not attend to mybusiness. My physician seemed unable to control my case, and instead of getting better I was gradually growing weaker every day. Then I begantaking Dr. Miles' Heart Cure and after I had used two bottles I was greatly improved. I continued with the remedy until I had taken in all six bottles, when I was able to attend to business without inconvenience. I was completely and permanently cured of heart trouble by Dr. Miles' Heart Cure and cheerfully recommend it to all sufferers from that terrible affliction."—II. II. EHLE, Gloversville, N. Y.

Judge Parker's Reticence.

On the other hand, Judge Parker's friends think his reticence may be justified by the fact that the Democracy has for eight years past had a candidate who talked enough for the next eight years to come.-Pittsburg Dis

Hearst's \$2,000,000 Bid.

Hearst's success in getting delegates has created some dismay among the conservative elements of his party. It is said that he will give the Democratic national committee \$2,000,000 to nominate him.-Chestertown (Md.) Enter-

The Patrons' Fire Insurance association of St. Lawrence county, N. Y .. carries insurance on farmers' property to the amount of about \$7,000,000. It has been in existence twenty-five years. The average cost of insurance has been about \$1 per thousand per year.

Gorman Finds an Issue.

Gorman has found what he thinks is an issue. He calls Roosevelt a czar, and the slogan he suggests is, "Down, with one man power." Well, the Pem-ocrats must have some kind of an issue, and the less it means the more howling it will provide.—Jersey City

VERMONT ROADS.

State's Unique System For Aiding In

The Vermont system of state aid for highway improvement is unique and specially adapted to rural towns, says a writer in Good Roads Magazine. No debt is incurred. A money state tax is annually assessed and apportionment made to the towns on a basis of road mileage. Towns receive money on cer-tificate of the state highway commis-sion that such town has expended the amount in permanent road work ac-cording to specifications and regula-tions made by the state commissioner and to his satisfaction. Thus every town is benefited by a section of im-proved road each year. The type of road is telford base with gravel surface.

The amount expended in 1903 was \$90,806.50. There were built 92.8 miles, 28.3 of which has telford foundation; also 1,068 culverts of stone and tile. The amount of state road fund for 1904 will be about \$125,000.

We are not building macadam roads, but a type of road costing very much less, seldom more than \$1,600 per mile. These roads are entirely satisfactory, as more comfortable for horses to travel upon, comparatively free from the disagreeable impalpable dust of a macadam road and the expense of main taining reduced to the minimum, usu ally from \$10 to \$12 per mile per year.

As will be seen, state aid is extended to every town. We are gradually and surely improving the main roads in every part of the state, with the result of good country roads generally.

The Saving of Time

The saving in cost of hauling loads o market over good roads compared with the same haul over bad roads has been strikingly illustrated again and again and with a fair degree of accuracy. But the saving of time in driving over good roads as compared with poor ones has not been given the consideration it merits. This saving of good roads applies with equal force whether they be used by the farmer in going to town in his light carriage, the auto-mobilist or the bicyclist. It has been estimated that a half hour's time can be saved in passing over every five miles of good road as compared with the same length of bad road. As time has never been more valuable than it is in these days of the twentieth century, here is another argument for the good roads movement that is often overlooked.—Good Roads Magazine.

Effect of Good Roads In Cuba

Some remarkable results of building macadam roads in Cuba are noted by American travelers there. In the Nica-raguan valley five years ago not a single house existed beyond Caonao. present the entire country is dotted with them, and the valley alone has a population of 5,000.

Would Save Millions.
One thousand million tons of freight are now handled yearly by our railroads, and to put this freight on the cars means an expenditure of \$1,000.000,000, one-half of which might be saved by improving the condition of the common roads.

Every grange should exert a moral Influence for good in the community in which it is located.

#### What is Scott's Emulsion?

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the wellknown and highly prized Hypo-phosphites of Lime and Soda, so that their potency is materially

#### What Will It Do?

It will arrest loss of flesh and ers. infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. make this statement because the experience of twenty-five years has proven it in tens of thousands of

cases. Be sure you get SCOTT'S Emulsion. 50c. and \$1.00, all druggists. SCOTT & BOWNE, Chemists. New York.

THE CASPER CO. (Inc.)

ONE FULL QUART OF

One man succeeds and another man failed people wonder how it happens It seems sometimes to people who don't thindeeply that the weaker, duller man goes ahead, and that his more brilliant broir sticks in the rut at the bottom of

Slight differences in men seem to makill the wide differences etween success and failure.

In games of chance (?) the "bank" has cy a slight percentage, but the bank always wins.

Back of every result is a reason. Back of business success are earnestness, energ persistence, concentration. Between the and achievement is advertising.

No man ever yet made a success of bus ness without advertising of some sort. Mayb he didn't call it advertising, but it was adver tising just the same.

Advertising primarily consists in letting a lot of people know you are in existence and what excuse you may have for it.

The nucleus of advertising is a sign over the door.

If nobody had ever put up a sign, one bang powder company would not now be paying out \$800,000 a year placing signs all the newspapers of America.

When a man goes into business he he some cards printed, and when he

020

meets an acquaintance thereafter he pokes c a card and says: "When you are down my way, drop in." That's advertisin

The trouble is that you can't repeat the operation often enough-What you cano is to put the card and the remark, more or less aborately expressed, into such a paper as the one your reading now and have it handed to a great numer of people all in one day.

The difference in men that makes one do this and another ruse is small. That is, it looks small at the start. t's like most all little things. When you stop to aalyze it and figure it out to its ulti-mate result, y1 find that it grows into proportions of great magitude.

"In gamef chance the 'bank' always wins.

An adversement in the newspaper is a little thing, but it ges into thousands of homes and tells thousands of eople just what you most wish them

to hear. #

If the ad is an honest ad. it will always pay.
