Weak

Heart From Attack of LaGrippe.

Palpitation, Smothering, Short Breath.

Dr. Miles' Heart Cure Cured Me.

The terrible after effects of LaGrippe are most dangerous when they attack the heart, the engine of life. Weak hearts are as common as weak stomachs and when an attack is made upon the weak heart, that organ soon becomes a diseased heart and the patient will unless promptly treated, suffer long and eventually die of heart disease, the dread of millions. Dr. Miles' Heart Cure strengthens and regulates the heart's action, enriches the blood and improves the circulation.

"Some years ago I had an attack of the grip, and it left me with a very weak heart. Palpitation, shortness of breath and smothering spells that made me sit up in bed to breathe, robbing me of sleep, made me most miserable. I would become fatigued and exhausted from the least exertion and was in such a critical condition that I could not attend to my business. My physician seemed unable to control my case, and instead of getting better I was gradually growing weaker every day. Then I began taking Dr. Miles' Heart Cure and after I had used two bottles I was greatly improved. I continued with the remedy until I had taken in all six bottles when I was able to attend to business without inconvenience. I was completely and permanently cured of heart trouble by Dr. Miles' Heart Cure and cheerfully recommend it to all sufferers from that terrible affliction."—H. H. EHLER, Gloversville, N. Y.

NO LIFE, NO AMBITION, NO ENERGY.

These are common expressions nowadays and the finger post that point with unerring accuracy to a nervous system robbed of its vitality by over-exercising, overstrain or excess of some kind. That anyone should allow this condition to go on to complete mental physical or sexual ruin as it surely must if neglected, is a positive crime when the cure is at hand by Dr. A. W. Chase's Nerve Pills—a medicine designed expressly for this condition—a medicine that cures to stay cured by resupplying the very essential of life—Nerve Force.

Mrs. W. C. Masteller of 220 E. 5th St., Bloomsburg, Pa., says—

"I was feeling very nervous and very much run down last winter when I saw Dr. A. W. Chase's Nerve Pills recommended for such a condition. I got a box and tried them. They have done me a world of good, toned up and strengthened my system generally, made my nerves firm, and steady and give me a feeling of vigor. The medicine is a good purgator and re-builder and I can recommend it highly to anyone needing a nerve and general tonic." 50c a box at dealers or Dr. A. W. Chase Medicine Co., Buffalo, N. Y. Highway Brevities

Where good roads have been built, farm values have improved, because it is easier to get produce to market, and life is made pleasanter and happier for the owner of the land.

The difference between a good road and a bad road is the difference between comfortable clothing and rags, between a full meal and a scant lunch. There is nothing more enjoyed than a good road. It is the common property of everybody, it is hared by all, it is needed by all, it benefits all.

A good road is "a thing of beauty and a joy forever," while a bad road is an abomination. A good road needs no friends; a bad road never had any.

The loss to any community, directly and indirectly, because of bad roads very quickly amounts to more than the cost of constructing first class highways.

The Issue.

If it had the power, as it did under Cleveland, to enact any law it pleased, the Democracy would make a bad mess of it, just as it did then, and plunge the country into panic, closing shops and factories and throwing hundreds of thousands of men and women out of work. The issue, therefore, is between conservatism, as represented by the Republican party, and radicalism, as represented by the Democracy. — Chester Post-Express.

Vagrants Work on Georgia Roads. Georgia's new vagrancy law makes it lawful to put to work on the highways any adult who cannot show he has regular employment. As a result of the enforcement of this law the highways of that state are being put in the finest condition.

The Patrons' Fire Insurance association of St. Lawrence county, N. Y., carries insurance on farmers' property to the amount of about \$7,000,000. It has been in existence twenty-five years. The average cost of insurance has been about \$1 per thousand per year.

An Educational Agency.

It is not so much what one knows as what he can use that makes him strong and practical. The peculiar value of grange education lies in the fact that the member can use his knowledge in the discussions and deliberations of the grange hall, and, on going out, he can practically apply it on the farm and in the business of life generally. Farmers who fail to get their children into the grange are neglecting one of the best educational agencies that these children will ever have within their reach.—J. T. Ailman

Judge Parker's Reticence.

On the other hand, Judge Parker's friends think his reticence may be justified by the fact that the Democracy has for eight years past had a candidate who talked enough for the next eight years to come.—Pittsburg Dispatch.

Hearst's \$2,000,000 Bid.

Hearst's success in getting delegates has created some dismay among the conservative elements of his party. It is said that he will give the Democratic national committee \$2,000,000 to nominate him.—Chester town (Md.) Enterprise.

What is Scott's Emulsion?

It is a strengthening food and tonic, remarkable in its flesh-forming properties. It contains Cod-Liver Oil emulsified or partially digested, combined with the well-known and highly prized Hypophosphites of Lime and Soda, so that their potency is materially increased.

What Will It Do?

It will arrest loss of flesh and restore to a normal condition the infant, the child and the adult. It will enrich the blood of the anemic; will stop the cough, heal the irritation of the throat and lungs, and cure incipient consumption. We make this statement because the experience of twenty-five years has proven it in tens of thousands of cases.

Short Talks on Advertising By Charles Austin Bates.

One man succeeds and another man fails and people wonder how it happens. It seems sometimes to people who don't think deeply that the weaker, duller man goes ahead, and that his more brilliant brother sticks in the rut at the bottom of the hill.

Slight differences in men seem to make all the wide differences between success and failure.

In games of chance (?) the "bank" has only a slight percentage, but the bank always wins.

Back of every result is a reason. Back of business success are earnestness, energy, persistence, concentration. Between these and achievement is advertising.

No man ever yet made a success of business without advertising of some sort. Maybe he didn't call it advertising, but it was advertising just the same.

Advertising primarily consists in letting a lot of people know you are in existence and what excuse you may have for it.

The nucleus of advertising is a sign over the door.

If nobody had ever put up a sign, one baking powder company would not now be paying out \$800,000 a year placing signs in the newspapers of America.

When a man goes into business he has some cards printed, and when he meets an acquaintance thereafter he pokes out a card and says: "When you are down my way, drop in." That's advertising.

The trouble is that you can't repeat the operation often enough—personally. What you can do is to put the card and the remark, more or less elaborately expressed, into such a paper as the one you are reading now and have it handed to a great number of people all in one day.

The difference in men that makes one do this and another refuse is small. That is, it looks small at the start. It's like most all little things. When you stop to analyze it and figure it out to its ultimate result, you find that it grows into proportions of great magnitude.

An advertisement in the newspaper is a little thing, but it goes into thousands of homes and tells thousands of people just what you most wish them to hear.

If the ad. is an honest ad. it will always pay.

YOUR KIDNEYS ARE THEY WELL?

Unless they are, good health is impossible.

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered Kidneys. A simple test for Kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops.

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results.

If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well.

Some Pronounced Incurable
Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

Had Lumbago and Kidney Trouble
Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."
