ed by the court, without complying with the sentence. Forty desertion cases in Luzerne County and 23 in little Monroe were the record of two courts which open-ed Monday of last week. The dis-trict attorney of Monroe County is ungallant enough to place the blame for this state affairs upon the wives, whom he thinks are too much inclined to boss their husbands. A little consideration on their part, he declares, would greatly lessen the number of unhappy marriages. Persons who believe in luck and signs will doubtless agree that it is unlucky to be struck by lightning on Monday, or take hold of a circular saw in motion on Tuesday, or tumble down stairs with a coal skuttle on Wednesday, or be hit by a trolley car on Thursday, or fall over-board on Friday, or marry on Saturday, or Hand Painted be one of thirteen to only for for ten day when there is only food for ten. To prove that base ball is of Biblical origin, an exchange quotes the following: The devil was the first coacher. He coached Eve when she stole first. Adam stole second. When Isac met Rebecca at the well she was walking with a pitcher. Sampson struck out a good many times when he beat the Philistines. times when he beat the Philistines, Moses made his first run when he slew the Egyptain. Cain made a base hit when he killed Abel. Ab-raham made a sacrifice. The pro-digal son made a home run. David was a long distance thrower & Moses shut out the Egyptains at the Red Sea. Surely it is a Spiritual game.

the Order. Upon one of the great towers of the Triumphal bridge at the Pan-American exhibition I saw this inscription: "A republic exists only in the integrity and education of its citizens." This motto could well be placed in a con-sulcation place in every grange hall. spleuous place in every grange hall, for never was there expressed more comprehensively and yet so briefly the very essence of grange thought and grange aspirations. An order that strives for and whose every teaching is toward the improvement of its mem-bers is worthy, the attention of every bers is worthy the attention of every person who has a desire for the good of his country and the perpetuity of the republic we are so proud to call our own

That its teachings and associations tend to integrity and improved moral atmosphere is evidenced by the large and important place that is so ably and sacredly filled by woman in our Order. Her presence is a standing and force ful protest against vulgarity, intem perance and all evils that are likely to receive encouragement in congrega tions of men. The placing of woman upon an exact equality with man dem onstrates the fact that the grange rec ognizes justice and is willing that the world should know that true pub-lic integrity demands the thought, the

patriotism, the high ideals, of all its citizens, be they male or female. In education the grange gives the most of every session to work and ad-vancement in this line, and that grange does the most for itself, its members and the community which gives the most thought and extends the greatest effort along educational lines.-Secre tary W. N. Giles.
