A flood of counterfeit five cent pieces has been noticed in the immediate region and a gang of shovers of the queer is evidently at work. The nickels are dated 1867 and are a rather poor imitation of the real thing, the date is in much smaller figures than the one on the genuine and the metal feels rather oily.

Are Looking For Trouble.
Senator Bailey is confident that the people will be so much disgusted with Roosevelt that they will be ready to elect a Democrat in 1908. Maybe, maybe. The Republicans are not looking so far ahead for trouble.—Philadelphia Inquirer.

Organization a Good Thing.
It is the duty of any person in any industry or profession to become associated with others in the same industry or profession. If organization is good for capital and labor it is good for the farmer. The grange is of benefit in a financial way in the opportunities offered for co-operation. There are three billions of fire insurance which costs less than half of what is charged by the stock companies. There is also financial co-operation in the matter of purchasing supplies for the farm, and the grange awakens interest in legislative matters, particularly such as relate to the farmers' interest.—Governor Baehelder.

Farmers, join the grange! Why not?

BEST IN THE WORLD.

Highways of France and How They Are Cared For.
France has about 120,000 miles of macadam roads, and these roads are maintained in perpetually good condition at a yearly expense of about 48 cents for each inhabitant. The country is divided into eighty-seven departments, somewhat like our counties.

The roads of France are undoubtedly the best in the world, a fact clearly due to the splendid system everywhere followed throughout the republic. A traveler may search in vain in the 200,000 square miles of the French home territory for a material variation in quality of road surface or in the system of repair and maintenance which has been found by experience to be the best and the cheapest.

The roads in each department are divided into cantons, a canton being a certain length of road which may be

only a few hundred yards in some cases or a mile in others, according to the amount of work and material required to keep it in good condition. On heavily traveled roads the canton is short, and on less important ones it is, of course, longer.

Each canton is placed in charge of a workman called a cantonnier, who is held strictly responsible for the condition of the canton under his charge. He is supplied with an iron shovel, a wooden shovel, a wheelbarrow, a pick, an iron scraper, a wooden scraper, a broom, a crowbar, an iron rake, a hammer and a trowel.

Homely, but True.

Here's the latest from one of our enthusiastic Republican brethren. What the effusion lacks in poetic beauty it makes up in solid truth:
There are the silver men,
The "middle of the road" men,
The gold standard and the
Democratic cranks;
Take them all together
They can't get votes enough to beat
Roosevelt and Fairbanks.
—Tonesta (Pa.) Republican.

Nothing to Say, as Usual.

An organization of stage ladies claiming to control 180 votes sent a delegation to Judge Parker to announce that they will turn the whole bunch over to him. The occasion was an interesting one at Esopus, but it does not appear that Judge Parker committed himself in this case any more than he did to the national committee on notification.—Philadelphia Press.

Too High a Price.

Judge Parker resigned a salary of \$13,000 per year that he might win a place in history. And such a place as it will be. Too dear, judge; too dear.—Memphis Republican.

Life Insurance

A FEW OF THE MANY REASONS WHY YOU SHOULD HAVE A POLICY

WITH THE NEW YORK LIFE

BECAUSE—Incontestable from the date of issue. Because—absolutely without restrictions. Because—non forfeitable from date of issue. Because—cash loans are provided after second year, on demand at 5 per cent interest without fee or other charge. Because—if death does not occur an accumulative policy is a highly profitable investment for the policy-holder who lives.

Policies now maturing to living policy-holders prove this. In fact NEW YORK LIFE policies do not leak.

Health and Accident Insurance also written. A postal card will bring an agent to you, or a personal interview can be had at the office Saturdays, regular office day.
