50c Buggy Offer 1,000 NO MORE

Built to Your Order in Our Own Factory

Our Special Proposition

\$50.00 Buggy for \$36.50

We are going to build one thousand Made-to-Order Buggies. If you want one you must do business at once. Send 50 cents and tell us how you want it built. Be very plain, as we cannot make changes after your order is placed with the factory. We will get the material ready, the gears built, the wheels painted, the body finished and polished, except the last coat of varnish, the top and curtains fitted—everything, in fact, except the trimming and the final finishing coat. Ten days before you want it shipped, which must be before April 1, 1905, send \$36.50 more and we will finish and ship you the nicest buggy for the money that you ever looked at. One thousand orders only.

The Reason for this Liberal Offer Most factories either close or run with only a few men during the winter. We want to keep our large force busy all the time, so make this exceptional offer. Remember, we can only build the 1905, as our factory must then be in our hands for spring work. We build and sell more high-class vehicles than any other factory in America selling direct to the users.

How do you want it built?

Body Piano box or Cornish style? 22x50 in. or 24x50 in. State which. It will be the same grade of body woods as our \$46.00 buggy.
Gear 3rd spring like cut or Brewster? State which. If you do not, we will use 3rd spring. Gear will have a 15/16 in. high-grade pin and highest grade oil-tempered springs made. Arch or dropped axle?
Wheels Do you want 38 and 42 in. or 40 and 44 in.? These will be seven-ply selected hickory, 1 1/2 in. tread and 1/4 in. tire, regular stock.
Top 2 or 4 bow—which do you want? It will have high quarters and well made in every way, with heavy rubber side and back curtains.
Painting Be very careful to state what you want. We will paint gear either a nice, dark green or black with striking, or mottled green. Our painting and decorating is all done by hand—no dipping, which insures a uniformly even, fine finish.

Trimming An extra quality of dark green Union body cloth or white cord or Karrol leather. State which you want. The work is done by the highest class of mechanics we can secure. Spring seat and back—the best.
Furnishings Leather d a s h ; foot, with springs, rubber stem work, our exclusive all-history shafts, wrench and anti-salters. Everything complete. Nicely packed with dust-hat and guaranteed to arrive safely. You could not duplicate elsewhere for less than \$50.00.

Our Guarantee FAR MORE Liberal than any other factory or shop for inspection of our ever made. It is very plain, and made to protect you. The substance is a guarantee of satisfaction.

We Know What's Under the Paint It was for that we made an investment of over \$100,000 in a plant of our own. We created ourselves of every facility known to the business for making good work and making it just as economically as we can. We buy the materials ourselves. We had the factory located near us so we could be intimately connected with our work and make it just as good as we can. We know exactly what we are doing and we are giving our customers all over the world. You would be surprised if you knew what is in some of the buggies offered by "low talking" houses. Paint can cover a multitude of defects and does so where work is built for profit only.

STATEMENT BY MR. SHAW

We did not go into the manufacture of vehicles to help out the general catalogue business. We started out to build not an average buggy, but to make ideal work and to furnish it to our customers at as low a price as it is possible to sell good work. I have not been in the buggy business forty years; I have been in it, however, long enough to know a good buggy from a poor one. I attend to the buying of materials in our factory; I know what the labor costs; and when any concern offers you the same kind of a vehicle that we illustrate and describe at a less price than ours, there is something wrong with it; I will stake my reputation upon the truthfulness of that assertion. I have visited nearly every factory in the Central West; I have examined the materials that they use; I have bought and torn apart their finished work, and I want to say to you that this firm is giving their trade better wheels, stronger gears, better bodies, and a more elegant and lasting finish for the money, than any other factory in this country. The dealer's price on any of the buggies in our catalogue would be from one-fourth to one-third more than ours. All of our work is well-proportioned, and there is a style about it that you find on the work that is ordinarily sold for twice the amount we ask. I am ready to prove any of these statements by shipping any one of our jobs to any customer, and if it is not what I say it is, you may return it at my expense and I will pay freight both ways.

Free Vehicle Catalogue If you do not have a copy, send for ONE at once. We have 20 different kinds of vehicles, with prices from \$100 for a cart, to \$200 for a buggy. If you want a job that will only last a few months, we cannot sell you an absolutely refuse to have such material in our factory. We are offering good work, vehicles that will give you good, long, satisfactory service.

Do It Now Send your order in at once. The 50c first installment is money an extra cent for you. We will secure the best freight rate possible for you. It will, however, be a small matter when compared to the excellent bargain you get in this job. If this offer does not suit you, do not buy until you see our Vehicle Book, which shows our complete line of high-grade vehicles. Job must be shipped before April 1, 1905.

What Others Say "I know I have saved \$40.00 by buying from you." "My buggy far exceeds my expectations." "Our dealer wanted \$50.00 for exactly the same as our \$42.00 job." "I have just sold the buggy I bought of you three years ago for \$55.00, only paid \$37.00 new." No. 2
