Doing Things Well

Just a few plain words—no idle talk, but

a plain business proposition

Are you going to buy a buggy, surrey or vehicle of any kind? If not, pass this. If you are, here is something for you. We own and directly manage our vehicle plant. We sell direct to users and have for 33 years. We add a small profit to the actual cost of material and labor. Our way cuts out travelers' salaries and expenses, the jobber's and the dealer's profits, and gives you for your money what you pay for. Wheels, gear, body, top, etc., in the shape of a good, strong, well made and nicely finished rig. Next. We do not claim to be the only people who can build good vehicles. No. Others could if they would. Certain it is that many don't. Like a vehicle manufacturer once said: "I lay awake at night to see how cheap I can make them, not how good." The desire to make money quick is so strong that they do not hesitate to bring their work actually down to the danger line. I can put on our rigs the same grade of wheels that is used by many other houses and save \$10,000 this year.

Here is your question. What am I going to get for my money? Send for our Catalogue at once. It is the best we have ever issued—it will interest you.

When we started our factory it was not to build an average buggy. We determined to make ideal work and to give the people that bought from us the strongest, most reliable and best finished vehicle for the money ever sold. Candidly, that is just exactly what we are doing. That is what your money will get for you here. This explains why our vehicle trade increased 20 per cent in 1904; why others fell behind 30. We build our work to last. We are looking forward to the triumph of coming years. We mean that a reputation for good vehicles at the lowest prices shall outlive the temptations to cheapness.

We are now printing a very elaborate vehicle catalogue and would like to send a copy to all persons interested in honestly made guaranteed vehicles, who want the very best at the lowest possible prices. This catalogue tells about our factory, shows how we build our vehicles, describes the materials, shows the difference between an honestly built rig and a fraud, illustrates and prices our full line, and contains much other interesting vehicle information. Let us send you this catalogue for you to look over at your leisure in your home. You will find it very interesting and instructive. Kindly cut out the accompanying coupon, fill in your name and address and send to us. The catalogue will be sent by return mail, postage paid. Respectfully,

Make Money In California

If you are industrious and capable you can make money there. The big ranches are breaking up into small farms that need more workers to care for the increased product. The towns and cities are prosperous because the country is prosperous. There are great valleys of the richest soil in America waiting for you. If you have a little capital you can own one of these small farms yourself, or you can rent one on shares and pay for it out of the product in a few years. We will send you descriptive booklets and folders giving full information about the money-making opportunities for every member of the family. You want to see what the country is really like; you can go there, work a few months, enjoy the delightful climate, the flowers, fruit and scenery, and earn enough to pay your expenses both ways by taking advantage of the

CALIFORNIA

Do you want to live where the climate is mild the year round—where labor is never oppressed by stress of weather, and where animal vitality is never lost by mere conflict with cold? Do you want to live in a region where the resources are more varied than in any other equal area in the world, where the division of great ranches affords a fine opportunity to get a small farm that will assure you a competence? Do you want to live where, with a minimum of labor, you can grow profitable crops of grapes and small fruit, oranges, lemons, olives, prunes and almonds, alfalfa and grain, where crops are sure, business is good and capital easily finds profitable investment? Then go to California, where both health and opportunity await your coming.
