Judge Stewart's Popularity.
 "Governor Pennypacker's appointment of Judge John Stewart, of Franklin county, to the vacancy on the state supreme bench gave universal satisfaction to all who have the best interests of the commonwealth at heart," declares the editor of the Meadville (Pa.) Gazette. "Judge Stewart is without doubt one of the very best lawyers in the state. For 17 years he has filled the office of president judge of Franklin county, and his decisions have been reversed by the supreme court a fewer number of times than those of any other common pleas judge in the state. He is a veteran of the civil war, where he served in the 126th regiment, P. V. 1. He stands for all that is best in Republicanism, and will receive the full party vote should he be nominated for the full term, as he undoubtedly will be."

A Strong Ticket.
 "The Republican state ticket is a thoroughly good one from top to bottom, and should receive a hearty endorsement at the polls," says the editor of the Warren (Pa.) Mail. "Every man on it is well qualified for the position he seeks, and every Republican should give him loyal, earnest support."

No Cause For Disagreement.
 A Pittsburg paper says there is no disagreement between Judge Parker and Mr. Bryan as to the policy of the party. Inasmuch as there seems to be no policy to disagree about, perhaps the Pittsburg editor is right.—Denver Republican.

CONNECTICUT GRANGE.
 The Twentieth Annual Session at Hartford a Successful One.

There are 120 active subordinate granges in the state of Connecticut and ten Pomonas, the aggregate membership being about 9,000. The invested funds of the state grange now amount to \$10,420. A resolution that called out considerable discussion was on the question of gambling and liquor selling at the fairs. The committee on legislation reported favorably on the bill providing that it shall be the duty of the state police to visit the agricultural fairs and make arrests for liquor selling and gambling where such is found. The resolution was adopted. The grange favors the passage of the pure food bill now before congress and favors the appropriation of \$500 for a circulating library of agricultural and horticultural books. P. B. Sibley of Danielsonville was re-elected a member of the executive committee for three years.

Injury to the grange in the future, if it ever comes, will come from mistakes upon the inside and not from opposition upon the outside.

A Personal Letter from Mr. Shaw

When looking for a new factory superintendent two years ago, I visited the three great vehicle centers of the Central West; talked to and investigated the records of thirty men, many of them having charge of some of the largest factories in the country. I found my man. I know that we have one of the very best vehicle factory superintendents in America. He has had twenty years' experience in buggy building. All that time he has been accustomed to making more in wages. This means we have a higher class of mechanics. The result is better quality of work.

We had over 60,000 orders in this department last year. Very busy now, but we have a lot of good, experienced men to help. People are realizing that this is the place to buy vehicles.

Our vehicle business in 1904 increased 20 per cent; other houses fell behind 30 per cent. We never put a \$50 description on a \$40 job.

We have purchased material for manufacturing twice as many vehicles in 1905 as in 1904. We paid spot cash for it. We expect great things. Have really put prices upon the finished work that are extraordinarily low when considering the quality. Send us your order and we guarantee to return you good material and good labor in the shape of a good rig.

making high grade work. That is our class. I attend personally to the buying of materials; am thoroughly conversant with every kind, size, the weight, grade, strength, finish, price and general construction of every piece of woodwork, hardware, steel, leather, cloth, paint and varnish that goes into our work; have visited and examined the material, and have torn apart the finished work of six or eight of the largest factories; want to say that I am confident we are building a better buggy than these factories ship to the dealer at one-third more than the price we ask you. A fact. Think it over.

Our pay roll, when compared with that of other factories, shows that we are paying

I know of factories who build practically but one buggy, but have possibly twenty different prices. To explain: Here is their \$35.00 buggy; their \$40.00 buggy has the same wheels, body, axles, gear, shafts, top, etc., as their \$35.00 job, with possibly 50 cents more in little immaterial things; and so forth all the way along the line. We grade our work. We make the same small percentage of profit on a \$50.00 job that we do on a \$35.00. On high-priced work we are not only giving better quality of material and better finish, but more improvements and little equipments which you do not find on the cheaper rig.

Recently a certain manufacturing concern which builds work for a catalogue house, ordered, through another party, one of our low priced buggies and had it shipped to their factory for examination. They wanted to know why people were buying Ward's vehicles. Upon receipt of the job it had so many features of the higher priced buggies, such a fine finish, and was so stylish and well proportioned in every way that they concluded we had made a mistake and sent them our highest

The descriptions in our vehicle catalogue are correct. We have the goods to back them up. We know what's under the paint. If you have not received a copy ask for it. We shall be pleased at any time to have our customers visit our plant, and I, personally, will be glad to answer any questions regarding our work, or to assist you in any way possible in the selection of a job or to quote and purchase for you any special vehicle that we may not catalogue.
