A number of people from this place attended the Hughesville Fair to-day.

Mrs. T. W. Allen and little daughters, Ruth and Maud are visiting friends and relatives in Bradford county.

As an indication that the good times will continue we have the fact that the Pennsylvania Railroad Company is placing orders for 179,000 tons of rails for 1906.

Squire Caven tied a very pretty nuptial knot at his office Wednesday the contracting parties being Mr. Theodore Bennett and Miss Florence Thrasher of Bernice.

Last year the first frost came on September 22nd, when the temperature went down to 31. The frost was the most killing that had visited the country in many years and crops were destroyed by wholesale. The next night was also cold and the mercury reached the 82 mark -making a very heavy frost.

A woman in Philadelphia, who was convicted of marrying eight men from whom she had not been divorced was sentenced to one year. Thus the new anti-race movement is halted at the very beginning.

C. L. Woodhead, Editor and Proprietor of the Sullivan Star, made the News Item a social call Monday, while making the county seat his first visit. Even like the Star, its Editor is pleasing to meet.

Mr. James Connors of Mildred was a court visitor at the county seat this week and brought with him five Italian Miners who made application for citizenship in the United States and took home with them the official credentials.

Clothier Jacob Herr of this place, was this week given naturalization papers by the court, making him a citizen of the United States. The officer seekers will now want to shake hands with Jake and instruct him how to vote right.

This week will witness the completion of the telephone line between Benton and Jamison City, upon which work has been in progress for some time. The poles have all been planted, the wires strung and the phones are now being installed at a rapid rate. The popularity of the enterprise is being shown by the large number of subscribers already on the list.

Mrs. Allen C. Dippe, of Hickory Run, Carbon county, gave birth to the sixth pair of twins a few days ago. In all she has given birth to 23 children -15 daughters and 8 sons, of this number 19 are living. The father of the family is a famous berry picker and is employed as a foreman for the Lehigh Valley railroad. He is 44 years old and his wife 41. They have been married 22 years.

These are autumn days. Here and there in the groves and on the mountain side there is a faint touch of russet in the dense foliage. The last of the season's crops are almost ready for the gleaner. The trees are bending under the burden of ripening fruit, and their is a suggestion of autumn in the air.

President Roosevelt has acted with his characteristic vigor in disposing of the case of Frank W. Palmer, the head of the government printing office. Now that a beginning has been made in the reform, there should be no let up until that adjunct of the government is thoroughly overhauled and reorganized. It is not a matter of graft, but of colossal extravagance, and the latter is largely, if not almost entirely due to Congress.

William Sulger, the man who shot his wife and her alleged paramour at Noxen a few weeks ago, is in the county jail, committed by Squire Major of that town, in default of bail of \$500 for the two crimes.

When Sulger was taken to the hospital at Wilkes-Barre, Sheriff Hinds requested the superintendent to notify him of the prisoner's recovery so that he could go down and get him. This the hospital officials failed to do, and Sulger had been discharged about a month before the sheriff succeeded in locating him. He was taken to Noxen, where the trial was held on Monday, the prosecution being in the hands of District Attorney Kinner, Asa S. Keeler appearing for the defense. Sulger waived a hearing.

Mrs. Sulger and Vivian both recovered from their wounds sufficiently to get out of the hospital before Sulger did, although Vivian loses the sight of one eye as a result of Sulger's gunning escapade.—New Age.

The different liquor dealers at Lopez, or at least some of them, are busy having each other arrested for violation of the liquor laws. It is said that it started as a political game, and then the tables were turned, and now all of them are scared.

The expensive anti-toxin treatment for diphtheria, is to be furnished free by the State to those who are unable to pay for it. Used in time it is almost a sure cure for diphtheria, and it is held to be the duty of the State to see that it is available for the very poorest. Two or more distribution stations will be established in every county. The move is in the hands of Dr. Samuel Dixon, of Philadelphia, head of the new department of health.

From Pottsville comes the information that the Phila. and Read, Railway have a corps of surveyors on the ground of the proposed Broad mountain tunnel, and that the big hole to shorten the distance between Sunbury and Philadelphia will be dug. The tunnel will be eight miles long and will have its southern outlet in the vicinity of Minersville. The cost of the tunnel, estimated at \$7,000,000, would be greatly reduced by the coal that will be taken out.

Baker Howled In Vain.
The house of representatives is to be complimented upon the dignified manner in which it made futile the frenzied attempt of a member from the borough of Brooklyn, one Baker, to gain a little cheap notoriety by means of an absurdly violent attack upon the president of the United States. Leaving Baker to howl in vain for aggressive action against him because of what he had said and the resolution he had offered, the house went calmly about its regular business. The senate in its most dignified mood could not have done better.—Albany Journal.

Benefits Every Community.
The protective tariff keeps all the wage earners of the United States at work in the production of articles which supply the largest and richest market in the world, our own. Thereby is every community and every individual more largely benefited in the long run than it and he could be in any other way or by any change that might help this spot or that spot for the time being or that might enable this man or that man for the time being to lower his cost of production.—Milford (Mass.) Journal.

Republicans Will Vote Straight.
Republicans outside of Philadelphia will not be disturbed in their party fidelity by what may occur in that city. They will vote the straight ticket, as heretofore, and sustain by the usual majorities the policies so necessary to the welfare and prosperity of the country and record a united and emphatic approval of the excellent, capable and patriotic administration of President Roosevelt.

CONSTIPATION CURED.

A Barrytown, N. Y., Man's Experience with Cal-cura Solvent.
Dr. David Kennedy's Wonderful New Medicine Cured Him Promptly. Your Money Back If It Does Not Cure.
Constipation leads to worse. Often it is the cause of appendicitis. Always it leads to dangerous chronic disease. It should not be neglected, nor should it be temporarily relieved with drastic purgatives. Here is a case in point:
Mr. C. S. Osterhondt, of Barrytown, N. Y., was distressed with indigestion, chronic constipation and kidney trouble for four years. He tried many medicines without relief. He heard of Cal-cura Solvent, Dr. Kennedy's new medicine, used it and began to improve rapidly. All of his old complaints have disappeared and he owes everything to Cal-cura Solvent.
If your druggist does not have Cal-cura Solvent, write to the Cal-cura Company, Rondout, N. Y.; but ask your druggist first. \$1.00 a bottle. Only one size.
Guarantee: Your druggist will return your money if Cal-cura fails to cure, and The Cal-cura Company will pay the druggist. Remember, Cal-cura Solvent cures 98% of all cases of Kidney, Bladder and Liver disorders.
