**Pennsylvania Peculiarly Favored While  
 Senators From Other States Backed  
 a Host of Disappointed Rivals.**

[Special Correspondence.]  
 Pittsburgh, Aug. 1.  
 The departure yesterday for his post at St. Thomas, Ontario, of Maxwell Kennedy Moorehead, of this city, has directed attention to the fact that President Roosevelt has been more than kind to the Republican organization of the Keystone State recently in the matter of consular appointments. This is the third desirable place in the foreign service which Senator Penrose has landed within the last few months, and it is stated that no other state in the Union has got the same recognition within anything like that period. Complaint has been made by some of the United States senators that they have not had a single consular appointment for a year or more, which emphasizes the good fortune of the trio of Pennsylvania applicants who have landed in fat berths within a very short time.

**Stands Well at White House.**  
 The relations between Senator Penrose and President Roosevelt are of the most friendly and cordial character and these appointments in the consular service are but additional evidences of the fact that the Pennsylvania Republican leader stands well at the White House.

As chairman of the important committee on postoffices and post roads of the United States senate, Penrose is brought frequently in touch with the president, who is taking a deep interest in the development of the postal service, especially the free rural delivery feature, in which the farmers of the country are most concerned. All postal appointments requiring confirmation by the senate come before this committee, as well as all propositions for departmental expenditures and other matters of like importance. The president has on more than one occasion recently shown his appreciation of the magnificent support given his administration by Senator Penrose and the Pennsylvania delegation, which has a larger Republican vote than has the delegation of any other state in congress.

Interest is naturally attached to the careers of the three Pennsylvanians who so recently profited by the president's recognition of the Republican organization of this state.

**Young Republican Recognized.**  
 Besides Mr. Moorehead, who goes to Ontario, the other consular appointments referred to are those of Jerome Quay, of Morgantown, a brother of the late Senator Quay, who was sent abroad a few months ago, and Benjamin F. Chase, of Clearfield, who has just been named as consul to Catania, Italy, but who does not sail for his new field of activity until October 10 next.

These are all first class appointments, and there was a host of applicants from almost every state in the Union after each of them.

Mr. Moorehead comes of one of the oldest and best families of Allegheny county. He is a son of the late Major W. J. Moorehead, who not many years ago was among the leading iron and steel men in this state, and was the head of the Moorehead-McLean company. Young Moorehead's paternal grandfather was General James K. Moorehead, famous as a soldier, and who for 20 years represented Allegheny county in congress from the district now represented by John D. Zell. Mr. Moorehead is but 27 years of age. He is a graduate of the University of Chicago, where he took a special course in history, geography and international law, which specially qualifies him for his consular duties. He is a vigorous type of Young Republicanism, is ambitious and aggressive, and has since he became a voter shown a deep interest in the welfare of the Republican party. He was commended to Senator Penrose by some of the most representative business men and manufacturers and leading Republicans in Allegheny county.

**Stalwart Worker Rewarded.**

Mr. Chase, who goes to Catania, is one of the best known stalwart Republicans of his section of the state. He has been prominent in politics for a number of years. He was for several years secretary of the Republican committee of Clearfield county, and for three years its chairman. He was born in Woodward township, Clearfield county, Pa., in 1869, and is the youngest son of the late John Chase, a prominent lumberman and one of the founders of the Republican party in Clearfield county. He is a graduate of the Clearfield high school and a graduate of the law department of the University of Michigan. Under his leadership the Republican party in Clearfield has transformed that old-time Democratic stronghold into a reliably Republican county. During his three years in the county chairmanship the majority given the Republican ticket was the largest in the history of the county, and the lowest man on the ticket had a larger majority than was ever given before to any candidate who had opposition.

 Until Dr. Miles' Nervine Cured Me.

Are you in a "poor condition?" Are you almost ready to give up from exhaustion, nervousness, headaches, backaches, and dizzy spells? No need to mention the details of a run down or "poor condition" to those who are suffering. Better let you of Nervine, the remedy sold on a guarantee to help you, and restore your poor weakened nerves to life, strength and health.

"Dr. Miles' Restorative Nervine has done a great deal for me. In the fall of 1897 my health was in a very poor condition. Extreme nervousness, dizzy spells and sick headaches made me most miserable. I had been under the care of my local physician for some time, but got no better. I was on the verge of nervous prostration. Had no appetite, and could not sleep. I grew worse as the dizzy spells continued and lost flesh and strength. Oh! those awful days! A lady friend who had taken Restorative Nervine advised me to try it. I bought a bottle at the local drug store and when it was one-half gone I noticed that the medicine was helping me. I continued taking it according to directions until I had used three bottles when I felt so much better I stopped taking it. I feel that my present greatly improved health is all due to Dr. Miles' Restorative Nervine. I am grateful for the benefit I received and recommend the Nervine wholly on its merits as a nerve tonic and restorative."—Mrs. P. M. HOGBOOM, Dalton, Mass.
