The sentiment in favor of electric railroads carrying freight is rapidly growing these days. It is of particular importance to the farmers and the citizens of country towns. The electric railways in every state surrounding Pennsylvania are to-day carrying freight and the citizens have found it a great saving and a factor in contributing to the prosperity of the rural districts.

Some of the farmers in Crawford county are marketing their corn husks to a rubber plant in that county. They receive for them \$60 per ton. The husks are tied up in small bundles of five pounds each, and are used for polishing rubber.

Mr. J. L. Farrell, school director of Chery township, in a letter to the Herald relative to the correspondence between himself and Charles B. Watson, stated that the News Item published only a part of his letter, which showed itself partial to Mr. Watson. The fact is that too much personal feeling was expressed on both sides which was in no way relative to the subjects under discussion, and what was cut out of both correspondence was far better in the waste basket than in print. Calling Mr. Watson uncomplimentary names would not elevate the dignity of Mr. Farrell, and the same may be said of the other side. We emphatically state that there was not the least partiality shown either side.

Rich's Famous All Wool Sock has fallen into competition with a very inferior article. The imitation is so perfect that only an expert is able to detect the counterfeit with its cotton and shoddy mixtures, until the sock is put into service. Unscrupulous competitors are representing the sock as Rich's All Wool, thus deceiving the customer and injuring our reputation.  
To protect ourselves and the trade, in the future Rich's Socks will bear a Red Seal Trade Mark printed in White, a fac. simile of which is shown above.
