EXCURSIONS TO THE WEST

To the Pacific Coast—to California, Oregon, Washington—round-trip, long transit and return limits, liberal stop-over privileges.

The rate is practically on the basis of one fare for the round trip. Of course, if you wish to visit both California and Oregon or Washington, the cost is slightly more.

These reduced rates are in effect on certain dates in months of May to October, inclusive. They apply from all Eastern points via Chicago, St. Louis or Memphis gateways. The Rock Island System will take you up in either Chicago or St. Louis, or at hundreds of other Middle West points and carry you to the Coast in through Standard or Tourist Sleepers with unexcelled Dining Car service. The Rock Island also affords a choice of routes: on the "Scenic" route you can stop off in Colorado—see Salt Lake City—visit Yellowstone National Park; on the "Southern" route you can go via El Paso, thru New Mexico, then "up coast" to San Francisco and on to Portland or Seattle if desired.

In short, these Pacific Coast excursions offer an unusually good chance to see our western country in a comprehensive manner.

If you desire to go only as far as Colorado, there are excursion rates in effect to that section and return, all summer long, specially reduced June 30 to July 4, August 12 and 13, and August 30 to September 4. Extension trips to Ogden or Salt Lake and return at low cost also.

From September 15 to October 31, 1905, one-way tourist or "colonist" tickets will be on sale to California and the Pacific Northwest—about half regular fare.

If interested, send name and address on this coupon, designating which booklet wanted and to what point you plan to go. Name probable date of start also, so we can advise definitely with respect to rates, etc.

Send Colorado California booklet and rates.

Grange co-operative stores are usually successful when properly managed. One such is located at Washingtonville, Orange county, N. Y., which was incorporated with \$5,000 paid up capital. They employed a practical storekeeper and did \$38,000 worth of business the first year, paying 5 per cent on the money invested. This was about three years ago. They have done \$84,000 of business in the last six months. This grange has a membership of about 150. The first store was found insufficient, and the second year another store was opened at another place, and \$1,500 was subscribed by the members without hesitation. These stores are managed by a board of directors. A purchasing agent is employed at a salary of one-half of 1 per cent on all sales. The par value of the shares is \$25, and they are held by grangers only. The three essentials to success in operating a grange store, says one of the gentlemen interested, are, first, honesty and business ability; second, capital; third, co-operation.

Lecturers' Conference. The fact that the lecturers' conference has won its place in the special order of business in many state granges is one we are justly proud of. These conferences are a part of the system of lecture work, and their stimulating influence reaches out, both directly and indirectly, to the remotest granges in the state. Here practical experiences may be related and plans discussed to the edification of all interested in advancing the lecturer's work, than which there is no more important in the grange.

Orphans' Court Sale.

Revising the Digest. Several changes in the digest of our Order were reported to the national grange by the committee appointed a year ago for this purpose. The suggested changes are to be printed in connection with the section or paragraphs of which they form a part and then sent to each state master for his consideration. At the next meeting of the national grange the committee will present its final report.

As It Should Be. An announcement of the forthcoming meetings of the farmers' institutes in Maine reveals the fact that every one in the list referred to is called to meet in grange halls. The grange and the farmers' institute are working together in many ways for the advancement of the farmers' interests.
