## Wash Cotton Dress Fabrics.

What Dainty Summer Dresses They'll Make.

There is an endless variety of new designs in both woven and printed patterns.  
You will find here most any quality wanted.

## AN ORDINANCE.

Prohibiting cattle, horses, sheep and swine from running at large in the Borough of Laporte, Pennsylvania: Providing penalties for the violation of such ordinance, providing suitable enclosures for the impounding of said animals at the expense of said borough, and providing for appointment of Pound Masters and the proper enforcement of said ordinance.

Section 1. Be it enacted and ordained by the Town Council of the Borough of Laporte, Pennsylvania, and it is hereby ordained and enacted by the authority of the same, that it shall hereafter be unlawful for the owners, keeper or keepers of horses, cattle, sheep or swine to permit said animals or any of them, to run at large upon the streets, alleys, lanes, highways or public places or upon private property not owned, leased or controlled by the owner, owners keeper or keepers of such animals, within the limits of the Borough of Laporte Pennsylvania.

Section 2. The Town Council shall provide a suitable lot, lots or enclosures within the borough limits, for the impounding of horses, cattle, sheep or swine found running at large within said borough limits. Said lots or enclosures shall be properly fenced and made secure for the purpose intended, and the gates thereof shall be provided with suitable locks and fastenings, and all expense connected with such pound shall be paid by the Borough of Laporte.

Section 3. The Town Council shall annually appoint two persons to act as pound master, whose duty it shall be to immediately impound all cattle, horses, sheep or swine found running at large within the Borough of Laporte, and within twelve hours give notice to the owner, owners or keeper of said animal or animals that the same have been impounded; or post three notices in three of the most public places within said borough describing the animal or animals impounded, and also that if the said animal or animals so impounded is not called for and all costs and expenses paid within five days that the said animals so impounded will be sold to the highest and best bidder. Providing further that any owner or lessee of real estate within said borough, shall have the right to impound cattle, horses, sheep and swine found trespassing upon his or her premises, in case the regularly appointed pound master refuses so to do or cannot be readily found to act in the premises. And in order that this provision may be readily enforced, it is hereby provided that one key to the lock or fastening to the gate of such pound shall be continually in charge of the Secretary of the Town Council, who shall immediately deliver it to any person making application therefor for the purpose of impounding animals as herein provided, with notice to owners as hereinbefore provided.

Section 4. For each and every animal impounded under the provisions of this ordinance, the owner or owners, keeper or keepers shall pay the sum of fifty cents for each day or fraction of a day that the same shall be impounded. All such fines shall be collected by the poundmaster, before the release of the animal or animals impounded, and shall be kept by him in payment of his services.

Section 5. The poundmaster shall have full and entire care, maintenance and custody of animals impounded under this ordinance and is hereby authorized to provide feed if necessary for the impounded animal or animals until the owner thereof shall secure their release by the payment of all fines and all expenses incurred in their keeping. Provided that after three days personal notice to the owner or owners, keeper or keepers of said animals, or five days notice by advertisements, such animal or animals may be sold under direction of the town council, and the proceeds of such sale, after the payment of the poundmaster for his services and all expenses incurred in connection with the impounding, keeping and sale of said animal or animals, shall be paid to the owner or owners of said animals if application be made therefor within one year from the date of sale.

Section 6. This ordinance shall take effect on the first day of June, A. D. 1906.

Section 7. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

JAMES MCFARLANE, Pres.

Approved May 8, 1906.

W. H. RANDALL, Burgess.

Attest: F. H. INGHAM, Secretary.

## Administrators' Notice.

Estate of Sarah Whitmire, late of Davidson Township, Sullivan county, Pa. dec'd.

JOHN W. PAXTON,  
Administrator, c. t. a.  
Austin, Pa., Jan., 29, 1906.

Don't Tobacco Spit and So on Your Life away.  
To quit tobacco easily and forever, be un-  
nervous, full of life, nerve and vigor, take No. 7  
10c, the wonder-worker, that makes weak men  
strong. Ask druggists, 50c or 75c. Cure guaran-  
teed. Booklet and sample free. Address  
Meridian Remedy Co., Chicago & New York

The Second Annual Commencement exercises of the Hillsgrove High School was celebrated in the Union church at Hillsgrove on Thursday evening, May 10, in the presence of a large enthusiastic audience.

The rostrum was beautifully decorated with the colors of the class, dark blue and old gold, the sober tints enlivened by large banks of pink and white carnation. The class motto, "Strive to Excel" occupied a prominent place at the rear.

Promptly at eight o'clock the class, four in number, escorted by the Board of Directors, County Supt, and the Faculty entered the church to the beautiful strains of the march, "Youth's Triumph", played by S. T. Galough. After an invocation by Rev. D. J. Ebert and an overture by the Hillsgrove orchestra, the following program was rendered:—

Salutation, Roosevelt and Rooseveltism, Lissa Hoffman; Class History, Willa Barrett; Music, "In the Twilight", Orchestra; Oration, My Native State; Class Will, Lissa Hoffman; Essay, Things That Count, Lissa Hoffman; Music, "Admiration", Medley Waltz, Orchestra; Class Poem, Mark A. Harrison; Oration, Products of Modern Education, Frank P. Bry; Music, "Serenade Buralossi Waltzes", Orchestra; Class Prophecy with Valedictory, F. P. Brey; Address, Supt. J. E. Reese Killgore; Presentation of Diplomas by Prof. J. Robert Molyneux; Music, "Over the Waves", Orchestra; Benediction, Rev. Ebert.

## BANQUET.

The class with about forty immediate friends repaired to the Sadler House where they were served with a sumptuous banquet. The service was of pure white with pink and white carnations, colors of the class of 1905 for favors. The irrepressible Prof. Green with the unique originality particular to himself presided as toastmaster, proposing the following toasts which were met with eloquent responses:—The People of Hillsgrove, Prof. Molyneux; Our High School, Melissa Hoffman; Our Board of Education, Nellie Darby; Class of 1906, Mark C. Harrison; Our Future, Willa Barrett; Our Teachers, Frank P. Bry; Social Advantages of Rural Education, Rev. Ebert; Country Jokes, Robert Brong; The Serious Side, J. E. Reese Killgore.

The High School is surely the pride of our people, judging from the co-operation extended to our Faculty and Board of Education and the interest manifested in our commencement. In the Hillsgrove orchestra we have an exhibition talent capable of vieing with that of many larger towns. Long live the Messrs Galough, Harrison, Barrett, Chapman and Brong, we hail them, the symphonists seven.

Our Supt. and Faculty are worthy of a higher tribute of praise than lies within the scope of our ability to bestow. May their shadows never grow less.

Nellie Darby, Sec'y.

The paper on which the postage stamps used in the United States are printed is the product of the large paper mill of the New York and Pennsylvania Co., located in Lock Haven. In addition to the postage stamp contract the company has just obtained a contract from the government to supply the paper for the internal revenue stamps. The paper must be specially prepared under the supervision of government inspectors. This paper was made in Lock Haven in the Cleveland administration but the company was underbid on a renewal.

Insurance companies are raising rates to pay for losses at San Francisco. The increase has been 25 per cent in Philadelphia. It is believed that rates will not be raised to any great extent in smaller towns, where they are already very high when compared with the cities.

The Lime-Sulphur wash, an inexpensive preparation used for San Jose Scale can be made for a few cents. For a barrel holding fifty gallons the following proportions are required: Seventeen pounds of sulphur, twenty-two pounds of lime which when properly prepared, sufficient water is to be added so that you have fifty gallons of the spray mixture. The lime is to be well slacked first, and then the sulphur is to be thoroughly mixed, after this mixture is to be boiled at least an hour, the boiling being as important as the ingredients. After the mixture is boiled the required time, more water is to be added till the fifty gallons of the mixture is made up. It is then ready for spraying on the trees. So important is it that fruit growers destroy San Jose Scale if they would save their orchards that nearly every state in the Union has turned the attention of the experts of their Departments of Agriculture on the plan to destroy the scale and the afore mentioned wash has been the result of their best efforts. So sure is it in its action that two trees, side by side, both infected with the scale, by spraying one and not the other, the first will live while the second invariably shortly dies. Anyone may obtain free from the Department of Agriculture of Pennsylvania the monthly bulletin that treat of the pests of the orchard by sending a request to that effect to Prof. H. A. Surface, Harrisburg, Pa.

Foglietta Francesco, Domenico Cerilli, Antonio de Meo and Giovanni Cerilli, the four Italians caught by fish officers near Laquin Sunday while in the act of dynamiting for the finnies, had a hearing before Justice Merideth Monday. The foreigners have been touched deeply in their pockets by what the justice told them through an interpreter, and before they left for the land of beer and spaghetti they deposited with Squire Merideth fines and costs of \$150 all told.

Fish Warden W. E. Shoemaker of Lacyville and Deputy Nichols of Milan were near Laquin Sunday and had the luck to see the four dusky fellows put the dynamite in the Schraeder creek, heard the boom saw the disturbance of the waer and found three dead fish as a result. The men were caught black handed to speak and pleaded guilty before the justice. Francesco! Cerilli! de Meo!!! Girls can you resist swapping plain American for those ravishing names?—Reporter Journal.

A peculiar circumstance has occurred in the congressional district this year the two opposing candidates will be accorded unanimous nomination by their respective parties.

Dr. Samuel who is now serving district so acceptably has no opposition in the republican party for re-nomination he has been named by columbi a county in the convention that has been held and the other counties will all fall in line as their conventions are held.

John G. McHenry of Benton has been named for the democratic nomination. He has not yet been named because none of the conventions have been held but no opposing candidate has announced himself for nomination.—Bloomsburg Republican.

Since the coal strike has been declared off bank bills of large denominations are making their appearance as a circulating medium in Shamokin, Mt. Carmel and surrounding districts, showing that with the assurance that the danger of a strike is past the mine workers are spending the money which they had hoarded up to keep themselves and families from want during a long suspension of work at the mines. Since this money is again in circulation business has picked up wonderfully, and the merchants of the region expect this season to be one of the best they ever had.

## BERNICE ITEMS.

One of the good men of Mildred passed to his reward.

The death of John Schaad Sr., of Mildred, means the loss of a noble friend to many citizens of this place, for he was the honest and sincere friend of all who were worthy of his friendship. He was the most thoroughly honest man we ever had the good fortune to meet. He was fond of wit and good cheer, and his friendship was not of the fair weather kind. His was a friendship no disturbance could frighten and no storm could drive away. The monument he builded will live in our hearts and we will live in our hearts and we will remember John Schaad as one of the kindest as well as most faithful of men.

Mr. Schaad was born in Germany in 1834, and came to this country in 1858 and located in Colley. He was a soldier in the Rebellion. He came to Bernice in 1870, started in the butchering business and continued in it for ten years. He built one of the best hotels in Sullivan county and, was in the hotel business fifteen years. He also was a distiller of the pure Schaad whiskey.

The only political office he ever held was as road supervisor, and rather than serve two masters he resigned before his term expired.

His life was an active one, honorable and useful, and he was a fine type of the sturdy German race from which he sprung. He was a member of Bernice Lodge No. 962, and took an interest in everything that was for its benefit. That organization has lost a valuable member and the town a good citizen. He is survived by his wife, one daughter and five sons. Interment was made in Thrashers cemetery.

Dr. and Mrs. Campbell of Mildred are visiting friends at Williamsport.

Dr. Brennen of Mildred was a Williamsport visitor last week.

Mr. and Mrs. Charles Johnson of South Dakota, are visiting the former's sister Mrs. John Cook at Mildred.

Mr. and Mrs. William East of Dushore visited friends here and at Mildred Friday.

Julius Vogel of Sayre, Pa., visited friends here and at Mildred.

Mrs. D. E. Sattler of Outlet, Pa. visited Mrs. S. A. Dieffenbach.

David Spence, representative of Bernice Lodge, No. 962 is attending the Grand Lodge of I. O. O. F. at Pittsburg this week.

Misses Lula Newell and Maggie Watson of Mildred are attending the Young Peoples Mission Conference held at Towanda.

The Pennsylvania is the only railroad corporation which has gone into the planting of quick growing trees on a large scale to provide for future timber supply, with any encouraging success. In 1902 the Pennsylvania planted 14,000 yellow locust trees on the company's property; in 1905, 197,000 and this year about 800,000 will be planted. Notwithstanding experiments with various metallic, pulp and other material, nothing has been found so far that gives the resiliency or answers the purpose so well for railroads as wood, and the great cost of timber and the rapidly lessening supplies have caused serious apprehension among railroad men.

The boy of to-day has little to fear that the field is becoming over-crowded in our own country. It is just being opened. It is for the young men just beginning to think what a wonderful world this is, to study well the achievements of the past, and to see in what manner they are to be improved. Never did the world call more loudly, more insistently, for young men with force, energy and purpose—young men trained to do some one thing—than to-day. And every year that cry goes louder, more insistent. But the times demand men of large, liberal, energetic minds, and the man who insists on doing business in the old-fashioned, humdrum way is as much behind the procession as is the man who insists on traveling with an ox team instead of by railway.
