According to State Superintendent Schaeffer's interpretation of the school law, any township that does not have a high school must pay the tuition of scholars who have passed the district school and wish to enter a high school, even if the high school is in another county. If a township has a high school, it does not have to pay tuition for scholars who wish to go to other schools, even though such schools offer a more advanced curriculum which the student wishes to take advantage of.

The Williamsport News says: The white caps are abroad at Jamison City and several of the prominent men of the place have received notices ordering them to leave under threats of personal violence. Mr. Oleson, superintendent of the tannery at Jamison City, which employs a large number of men, found tacked on his gate a piece of paste board stating that he was to leave in ten days or suffer the consequence. The notice was signed "White Cap." Mr. Oleson, however, has no intention of leaving the town, but is endeavoring to apprehend the writer, and if he is successful they will suffer the full penalty of the law, as he as well as others are determined to put a stop to this thing.

The Sullivan County Normal School will be held in Dushore this year. The School will open Monday June 25, and will continue four weeks. Prospective students are requested to read the following carefully.

The work will be based entirely upon the Illinois Course of Study. If you own a copy of the Course do not fail to bring it with you.

Text books will be used to supplement the Course, hence uniformity of text books is not important. Bring your own books if you are supplied. A limited number will be supplied with books without charge if carefully used.

The purpose of this School is to increase the efficiency of the teaching force of our County and give students an opportunity of reviewing their studies. Inasmuch as the Illinois Course of Study has been adopted throughout the county it is of pre-eminent importance that the teachers thoroughly familiarize themselves with it. No matter what grade of certificate the teacher may hold, he or she should not fail to make a careful, critical study of this Course, which must be followed in the schools. The best teaching is that done by those who are faithfully and intelligently following this Course of Study, and it is always the best teachers who are in demand.

Only those who are willing to work are desired as students. The work will require lots of hard work and idlers will be out of place.

Despite the additional burden which it places upon him, the County Superintendent, will supervise the work and assist in the effort to increase the teaching power of those who are intrusted with the life interests of the boys and girls of the County.

Remember, this school is not conducted for profit. Every dollar received is expended for the expenses of the school. After paying the instructors a fair compensation for their labor the rest is spent for aid in carrying on the work. Cavin's Orthography and Smith's outlines in History have been purchased with the balance left from last year and will be furnished for use during the school term.

Tuition: Four weeks, \$5; less than four weeks, \$1.50 per week.

Students desiring boarding places and citizens who desire boarders will communicate with any member of the faculty or with the Superintendent.
