Charles Jackson of Mildred has made a most remarkable discovery in that a compound of certain ingredients made up in the form of a soap, will not only remove grease and paint, but will also remove printer's ink from the hands, which has always been thought to be the next thing to indelible when once on a printer's hands. Mr. Jackson is manufacturing the soap and calls it Ka-a-li, and no doubt will find a ready market for his product.

RESOLUTIONS.
The Republicans of Sullivan County, in Convention assembled, cordially endorse the administration of President Roosevelt, and commend him for the high example which his daily life has set for the American people, and for his fearless integrity, insuring to all, both capital, corporation and individual, a "square deal."

We endorse the splendid record of United States Senators, Hon. Boies Penrose and Hon. E. W. Samuel, our Representative in Congress, and of Hon. P. C. Knox, and of Hon. M. E. Herman, our Member of Assembly, for their steadfast support of American industries and American labor, and especially for their active support of all measures for the benefit of our farming and mining population.

We ratify the action of the Republican State Convention, both as to platform and ticket, and pledge the loyal support of Sullivan County Republicans to same.

We congratulate the people of Pennsylvania upon the fact that not one dollar has ever been lost from the State Treasury and upon the balance of thirteen million dollars found intact by the incoming Treasurer, thus proving the falsity of the reckless charges made during the last campaign.

While we recognize the necessity and value of great corporate enterprises, honestly conducted, we condemn those that abuse their corporate privileges, and by unfair methods and evasions of law, oppress the people; and we demand that the corporate interests shall be required to bear their just share of taxation.

We favor the enactment in the next session of the State Legislature of Laws fixing a passenger rate of not exceeding two cents a mile upon the railroads in Pennsylvania, and legislation which will prevent the unjust exaction of an additional ten-dollar deposit on each mileage book sold.

We approve the legislation pending in Congress and about to become a law, requiring equality of rates, both freight and passenger, charged by transportation companies.

We pledge our support to the enactment of such legislation as will grant to companies all privileges now enjoyed by steam roads, including the right to carry freight and, under proper restrictions, the right of eminent domain.

We favor an amendment to existing laws whereby all license fees and personal property taxes shall be retained by the counties in which same are collected.

We favor an increase of State aid for the public roads and highways of this state.

We favor a further increase of state appropriation to the public school system, to the end that local taxation may be reduced, and especially to the support of township high schools.

We favor such amendments to the "vaccination law" of 1895, that the same shall not interfere with the attendance at the public schools.

We heartily approve of the most liberal treatment of the soldiers of the several wars, and urge upon all our representatives in Congress their active support of all measures which shall aid the defenders of our country.

We deplore the large indebtedness of our county, which is becoming a burden upon the taxpayers, and we pledge our party to the most strict economy in conducting the public affairs, and to the nomination only of candidates whose character, integrity and ability shall be a guarantee for an honest, economical and proper conduct of the affairs of the county.

That we condemn the issuing of all forms of free transportation by railroad companies to public officials.

That this Convention heartily endorse the candidacy of Harry S. Myer of Williamsport for the office of State Senator from the 24th District, and urge upon our National Conference his support for the nomination.

Death of Mr. Joel Saxon.

One of the saddest accidents in recent years at the Bernice coal mines occurred last Saturday when Mr. Joel Saxon was fatally injured. While at work in the mines he was caught beneath a fall of coal and rock and when rescued by his fellow workmen it was found that both of his legs and arms were broken and he was otherwise badly injured. There was no hope, whatever, for his recovery, and on Tuesday he passed away after enduring intense suffering. Mr. Saxon had worked in the Bernice mines for 25 years, and was one of the most respected citizens of that place being an honest and upright man. He is survived by a widow and one son, Prof. Gordon Saxon, of Washington, D. C.

Political Announcement.

We are authorized to announce the name of Harry S. Meyer as a candidate for State Senator from the twenty-fourth Senatorial District, subject to the decision of the Republican district conference.

The Sullivan County Normal School will be held in Dushore this year. The School will open Monday June 25, and will continue four weeks. Prospective students are requested to read the following carefully.

The work will be based entirely upon the Illinois Course of Study. If you own a copy of the Course do not fail to bring it with you.

Text books will be used to supplement the Course, hence uniformity of text books is not important. Bring your own books if you are supplied. A limited number will be supplied with books without charge if carefully used.

The purpose of this School is to increase the efficiency of the teaching force of our County and give students an opportunity of reviewing their studies. Inasmuch as the Illinois Course of Study has been adopted throughout the county it is of pre-eminent importance that the teachers thoroughly familiarize themselves with it. No matter what grade of certificate the teacher may hold, he or she should not fail to make a careful, critical study of this Course, which must be followed in the schools. The best teaching is that done by those who are faithfully and intelligently following this Course of Study, and it is always the best teachers who are in demand.

Only those who are willing to work are desired as students. The work will require lots of hard work and idlers will be out of place.

Despite the additional burden which it places upon him, the County Superintendent, will supervise the work and assist in the effort to increase the teaching power of those who are intrusted with the life interests of the boys and girls of the County.

Remember, this school is not conducted for profit. Every dollar received is expended for the expenses of the school. After paying the instructors a fair compensation for their labor the rest is spent for aid in carrying on the work. Calvin's Orthography and Smith's outlines in History have been purchased with the balance left from last year and will be furnished for use during the school term.

Tuition: Four weeks, \$5; less than four weeks, \$1.50 per week.

Students desiring boarding places and citizens who desire boarders will communicate with any member of the faculty or with the Superintendent.
