

Take Advantage OF THE MONEY SAVING.

Bargains in Winter Suits and Overcoats That Now Abound Here.

You'll not have another opportunity to buy fashionable clothing like ours at such little price (as for years to come). Indeed you will find it a paying investment to buy a suit or two for early Spring wear or for next fall; the savings are big enough to pay you to do this.

Don't delay coming any longer than a day or two, as your size garments in the style and fabric you want may be gone. Better come to-day and have first pick of these remarkable values.

Suits and Overcoats as low as Manufacturer's Price Can Make Them.

Also \$1246.75 Worth of Rubber Goods.

Men's Rubber Boots, Shoes and Felts you can buy for 25 per cent less than you pay at any other store in the county.

We are going to close out all our Clothing to make room for Spring as I am going to start a General Store and will need the room. Every Winter article must go, regard less of price; room must be made for our Groceries.

Also Big Lot of Ladies' Coats and Shoes.

Too numerous to mention here. Remember the place—JACOB WIHTON. Tell your friends of this wonderful sale. Please send us your name and we will send you hand bill.

Sole agents for W. L. DOUGLAS SHOES.

From 3.00 to 3.50. Also received twenty-five cases of boots and shoes for Ladies' Gents and Children from 95c up; all new goods, no trash. All sizes and low prices.

Reliable dealer in Men's Clothing.

MUNCY VALLEY, PA.

PANIC AND PROSPERITY—PRICES OF FARM PRODUCTS.

The above chart traces the direction of prices of farm products from 1882 to 1905, inclusive. Exact figures cannot be given in this limited space, but through percentages the trend of prices may be accurately ascertained. Placing 100 as the ten year average, 1890-1900, there is an abrupt and swift descent from 1882 to 1886 of from 111.7 to 78.3. This was the Cleveland free trade period. In 1897 a marked ascent in prices had begun, from 78.3 to 85.2. Following the passage of the Dingley tariff act in 1897 the ascent is swift and unbroken, from 78.3 in 1896 to 130.5 in 1902. Then occurs a drop to 118.8 in 1903, followed by a recovery to 126.2 in 1904, and a slight drop back to 124.2 in 1905. At the rate of a dollar a reason the farmers of the United States, contrasting the low water mark of 1886 with the present stage of farm product and farm land values, may be said to have twenty billion reasons for rejecting free trade and adhering to protection.

MEN OF THE NATION.

Indorse the Oppenheimer Institute and its Great Work For Practical Temperance.

The following excerpts are taken from replies to inquiries relative to the efficacy of the Oppenheimer Treatment as a means of overcoming the drink habit. The names of the persons quoted include well known clergymen, men of national reputation, business men, bankers, capitalists, noted physicians, philanthropists and others of highest standing and credibility.

The Oppenheimer Treatment is administered at the Oppenheimer Institute in New York and at branches in various cities of the United States, England and other countries.

By its means the desire for alcoholic stimulants is entirely removed within forty-eight hours, no detention from the ordinary business pursuit being necessary while it is being taken. A complete restoration to normal health is assured in a few weeks and the craving will never of itself return. The testimonials tell the story of the benefits that are to be derived from a course of Oppenheimer Treatment:

Rev. C. H. Fowler, D. D., LL. D., bishop Methodist Episcopal church, writes: "I am thoroughly acquainted with the Oppenheimer Institute and can say that it will do all they advertise. The treatment is a success. It will entirely remove the craving in from six to forty-eight hours. It cures. You can trust both the treatment and the men."

Lady Henry Somerset of London, England, writes: "I have carefully watched the cases which during these past few months passed under his care, and I am quite prepared to state that Dr. Oppenheimer has accomplished what he undertook to carry out. I frankly own that at first I was skeptical as to what the result would be. I had seen so many failures and had hitherto little faith in such remedies, but from the first Dr. Oppenheimer maintained that what he would undertake to do was to kill the urgent desire and craving which a patient might have for stimulants and that he would restore him to health."

Archer Brown of the firm of Rogers, Brown & Co., iron merchants, writes: "I have not the slightest doubt that the Oppenheimer Treatment will take from your friend the appetite for alcohol and leave him free from any injurious effects of the treatment. I have put through some test cases myself to enable me to speak with knowledge, and the results have been most gratifying."

Leroy W. Baldwin, president Empire Trust company, writes: "I unhesitatingly say I believe the Oppenheimer Treatment is all that and even more than is claimed for it. I have had evidence of the most remarkable cures effected by it, and I have no hesitation in recommending it."

Father John J. Hughes of the Paulist Fathers, New York, writes: "I have been convinced from many cases I sent to the institute that the treatment is genuine. You need have no hesitation in urging your friend to take the treatment, provided he is sincere and wishes to be benefited."

Hon. E. E. Jackson, ex-governor of Maryland, writes: "I have no hesitation in saying to you that if your friend desires to be cured of the alcoholic habit the Oppenheimer Treatment will certainly take away all desire for stimulants. I say this because I have seen a very bad case completely cured. Of course it will prevent your friend from drinking, but it will take away any craving for it and completely build up his health and nerves. My judgment is it is the best and only treatment for such cases."

Hon. Lyman J. Gage, former secretary of the treasury of the United States, now president of United States Trust company, New York, writes: "The institute in question has been very successful, and I think it entitled to respect and confidence. Some aggravated cases of alcoholic and drug diseases have come to my attention showing remarkable success in the way of cure."

Rev. George Edward Reed, D. D., president Dickinson college, Carlisle, Pa., writes: "I know that wonderful cures have been effected and believe that the treatment is better than any other offered to the public. I would certainly advise you to have your friend enter the institution for treatment."

Dr. Edgar V. Moffat, Orange, N. J., writes: "I have availed myself of the Oppenheimer Institute in my practice for the cure of alcoholism and drug addiction and am enthusiastic over its work and results. In my opinion it is the best 'cure' before us today."

Cyrus Edison, M. D., formerly health commissioner of the port of New York, writes: "I have had a pretty extensive experience with the Oppenheimer Treat-

ment, having witnessed its effect in perhaps fifty cases. I consider it of very great value and have yet to see anything but good resulting therefrom. I have noticed no such secondary results as are frequently seen after other so called 'cures.' In fact, patients feel better and stronger than before in every way. The treatment seems to act as a general restorative and as a tonic while absolutely removing desire for the stimulant, either

As most farmers in New York state know, the grange was the most ardent opponent of the barge canal appropriation. It appears from the supplementary report of the executive committee and from an address made before the state grange meeting by the Hon. John I. Platt of Poughkeepsie that steps are about to be taken to test the constitutionality of the canal act which was approved by a majority of the popular vote at the last election. Mr. Platt said he believed the people of the state of New York never gave a majority in favor of the barge canal proposition, a fact which he had never before publicly stated. He made the assertion and the accusation that the great majority for the measure in New York city was the grossest fraud ever perpetrated in any election in any northern state. "They would have us believe," he said, "that there were more votes cast on the barge canal proposition than for the office of mayor. In a single district in New York city there were more votes cast on the barge canal measure than for all the candidates for mayor on the city ticket combined. But even if the question was carried by the large majority accorded it, the question still arises, is the act constitutional? The best legal talent in the state says it is unconstitutional, and I refer to Ellhu Root, Joseph Choate, Judge Andrews and Judge Cady. Now, we do not expect the state grange to contribute a large amount toward the expenses of the appeal, but we do want its backing." The grange voted to appropriate not more than \$500 toward the expenses of the appeal.

The new system of electing officers was tried for the first time this year. This consists of a blanket ballot on which were printed titles of the offices to be filled. Delegates filled in the blank spaces beneath each title with the name of the person for whom they desired to vote, and the ballots were then canvassed by eight tellers. It required but ten minutes to take up the ballot, and within about two hours' time the result was reported by the tellers, and it was found that every office had been filled on the first ballot. In view of the fact that in previous years it has required the larger part of the business session of from one to two days to complete the election of officers, and when the further fact is considered that it has been reckoned that the cost of each day's session of the state grange, all expenses included, is not far from \$1,000, the new ballot as a time saver is a marked success.

The following officers were elected: Master, George A. Fuller, Jefferson county; overseer, F. N. Godfrey, Cattaraugus county; secretary, Fred Shepard, St. Lawrence county; steward, W. L. Bean, Cortland county; assistant steward, S. J. Lowell, Chautauque county; chaplain, S. J. Robbins, Monroe county; treasurer, P. A. Welling, Oswego county; gatekeeper, W. R. Eggleston, Essex county; Flora, Mrs. P. S. Aldrich, Wayne county; Ceres, Mrs. W. G. Mooney, Clinton county; Pomona, Mrs. Hyatt, Orange county; lady assistant steward, Mrs. J. W. Jones, Livingston county; member of executive committee for three years, R. H. Smith, Herkimer county.

EXCURSIONS TO THE WEST

To the Pacific Coast—to California, Oregon, Washington—round-trip, long transit and return limits, liberal stop-over privileges.

The rate is practically on the basis of one fare for the round trip. Of course, if you wish to visit both California and Oregon or Washington, the cost is slightly more.

These reduced rates are in effect on certain dates in months of May to October, inclusive. They apply from all Eastern points via Chicago, St. Louis or Memphis gateways. The Rock Island System will take you up in either Chicago or St. Louis, or at hundreds of other Middle West points and carry you to the Coast in through Standard or Tourist Sleepers with unexcelled Dining Car service. The Rock Island also affords a choice of routes: on the "Scenic" route you can stop off in Colorado—see Salt Lake City—visit Yellowstone National Park; on the "Southern" route you can go via El Paso, thru New Mexico, then "up coast" to San Francisco and on to Portland or Seattle if desired.

In short, these Pacific Coast excursions offer an unusually good chance to see our western country in a comprehensive manner.

If you desire to go only as far as Colorado, there are excursion rates in effect to that section and return, all summer long, specially reduced June 30 to July 4, August 12 and 13, and August 30 to September 4. Extension trips to Ogden or Salt Lake and return at low cost also.

From September 15 to October 31, 1901 one-way tourist or "colonist" tickets will be on sale to California and the Pacific Northwest—about half regular fare.

If interested, send name and address on this coupon, designating which booklet wanted and to what point you plan to go. Name probable date of start also, so we can advise definitely with respect to rates, etc.

Send Colorado California booklet and rates.

Sick

Headaches and Dizzy Spells, Weak, Nervous, Wretched, Tired, Until Dr. Miles' Nervine Cured Me.

Are you in a "poor condition"? Are you almost ready to give up from exhaustion, nervousness, headaches, backaches, and dizzy spells? No need to mention the details of a run down or "poor condition" to those who are suffering. Better to tell you of Nervine, the remedy sold on a guarantee to help you, and restore your poor weakened nerves to life, strength and health.

"Dr. Miles' Restorative Nervine has done a great deal for me. In the fall of 1897 my health was in a very poor condition. Extreme nervousness, dizzy spells and sick headaches made me most miserable. I had been under the care of my local physician for some time, but got no better. I was on the verge of nervous prostration. Had no appetite, and could not sleep. I grew worse as the dizzy spells continued and lost flesh and strength. Oh! those awful days. A lady friend who had taken Restorative Nervine advised me to try it. I bought a bottle at the local drug store and when it was opened I felt a new life. I continued taking it according to directions until I had used three bottles when I felt so much better I stopped taking it. I feel that my present greatly improved health is all due to Dr. Miles' Restorative Nervine. I am grateful for the benefit I received and recommend the Nervine wholly on its merits as a nerve tonic and restorative."—Mrs. P. M. HOGBOOM, Dalton, Mass.
