The high moral standing of this community is due to the fact that it has been permeated by Christian influence and education, such as have izations of our town.

Few business men have more to contend with than an editor. The only means the editor has of making a living is by selling space in the columns of his paper. His newspaper columns are the same to him as the shelves of dry goods are to the merchant. No one thinks of asking the merchant to give him the SHERIFF SALE.

> For Professional Certificates: Laporte, August 1 and 2.

All examinations will begin promptly at 9 o'clock. Applicants will provide them-

selves with paper 8 x 10, paper fastners, rulers, and pencils. Teachers who have passed the ex aminations for Provisional Certifi-

ed Are Needed to Solve. There is nothing that women cannot

do, but the work must be planned with Mr. and Mrs. Lyle Grange of a thoroughness that precludes failure and done with a modesty which is the inherent charm of the superior sex, says the Woman's Home Companion. As I said, every community has its own problem. Most of these originate

outside of the home. Pure water, pure food, pure air, clean streets, sanitary schools and tenements, district nursing, the education of the ignorant in the care of babies, the question of paupers, the public baths and traveling li braries, the treatment of our women prisoners in prison and after, the lodging house problem-these are only few of the civic puzzles crying for trained women to solve.

A woman does probably her greatest share of her duty as a citizen when she makes a home a safe and happy harbor of refuge from a stormy world. when she brings up her children into noble manhood and womanhood and when she does not destroy her husband and family by bad cooking and bad temper, but that same woman crowns her career as a citizen when she in terests herself in and becomes a vital part of some problem of government. A woman successful in home life is desperately needed in civic life.

Main and Muncy streets have already been properly treated by the engineer, and as soon as the balance of the work is completed an ordinance con-cerning the same will be published and then a new era of sidewalk building will be the order of the day throughout our village. We can then advertise Laporte as a desirable place to spend a pleasant summer—a place where church and social advantages well watered and has fruit trees of all kinds, including a flourishing apple including a flourishing apple orchard.
