with a number of the best physicians, but found
nothing that gave the relief obtained from

Let an EXPERT BUGGY MAKER Give you some INSIDE FACTS

Mr. F. L. Shaw, manager
of our vehicle interests, bought
two buggies from the same house the other day. One cost \$18.00 more than the other. Then he took the buggies
all apart to see just why one was higher priced than the other. Here is what he found out:

Both buggies had exactly the same seat and back, same size body, same wheels, shafts and everything else, except
that the higher priced one had 14-oz. cloth trimmings instead of Keratol, found in the cheaper; a leather boot, instead
of rubber; a better axle, and the finish on the woodwork was slightly better, but not very much.

Read the difference—and learn how easily price can be raised without changing the grade, in a buggy.

SIDE BY SIDE:

Difference in Cost \$3.80. Difference in Price to You \$18.00.

On their Cheap Buggy	On the Best They Make
Seat and back (see illustrations).	Same.
Body 23 inches wide, 54 inches long.	Same.
Malleable 5th wheel without anti-rattler.	Same.
Malleable head block (considered poor).	Same.
Malleable Bailey Loop (cheapest made).	Same.
Common reaches.	Same.
Steel sockets.	Same.
Hickory and elm wheels (low grade).	Same.
Common axle.	Same.
Wheels painted by dipping.	Long distance.
6-oz. head lining in top.	Same.
Shafts (cheap grade).	Same.
Keratol trimming.	Same.
Rubber boot.	14 oz. cloth.
Leather quarter top.	Leather Boot.
Finish, cheap.	Same.
	Slightly better.

What do they give for the \$18.00 difference in price?
The actual difference in cost, to the buggy maker, did not exceed \$3.80, yet one buggy costs you \$18.00 more than the other.

Now, either the factory making and selling these buggies to the house Mr. Shaw bought from, was fooling the house, or the house was fooling you. In either case, you were paying \$18.00 for \$3.80 worth.

We tell you these things because we believe in a square deal!

There isn't one purchaser of a buggy in a hundred—no, nor in a thousand—who can tell of his own knowledge the cause for the difference in prices between one buggy and another.

We make our own buggies.
We are the only general merchandising concern in the world that does.
The prices to you on our different buggies are based on the manufacturing costs.

We make the same small percentage of profit on a \$70.00 rig that we do on a \$40.00 outfit, and you get full value for every dollar you pay.

The difference in our buggies is not merely in the price. It's in the quality.

If you are a judge of buggy values we ask you to compare our vehicles with any make you know of, price for price.

If you are not an expert judge of buggy values, you are safe to order from us, for we give honest value for every dollar you spend. And we guarantee your satisfaction.

The thousands who have purchased vehicles of us write us of their perfect satisfaction and of \$10.00 to \$50.00 saved on each one.

Our New Vehicle Catalogue tells the truth without exaggeration. It describes in detail just the rig you want. Safe rig, safe price, safe house to deal with. Let us send you this vehicle catalogue, free. Remember, Mr. F. L. Shaw, an expert vehicle man, looks after your interest.
