Pittsburg housekeepers are boycotting the markets as far as possible on account of the high prices, and the result is that some of the prices have come down. That sort of thing is likely to spread.

Willard K. Hill, son of Mrs. W. H. Hill, of Hughesville, but formerly of this place, has gone to Grand Rapids, Mich., where he will enter a college and take a course in furniture designing.

The Village Improvement Society will meet at the home of Mrs. Mead, Tuesday evening Nov. 19th. All members cordially invited.

Frank White, of Laquin was fatally injured while working on the saw mill at that place Monday morning. While working as offbearer he swung the end of a plank out so the opposite end caught the head block on the carriage, the other end catching him in the abdomen, pushing him against the saw frame and causing injuries from which he died Tuesday noon. His injuries were not considered serious until a short time before his death.

Several weeks ago a mad dog ran through a herd of cattle in Columbia county. He was seen and killed by a farmer but not before he had bitten several cows. Last week five cows developed rabies and had to be killed.

Ray Hartman, a fourteen year-old boy of Bradford county, died last week from injuries received while attempting to jump onto a freight train. His right leg was cut off below the knee and his right arm was cut off at the shoulder.

Having smoked 50 cigarettes a day since he was 9 years old, a Snyre had aged 17, died of Bright's disease Friday. "Cigaretts," explained his doctor.

Under the head "Thieves lost Newspaper office," the Goshen Independent says: "Thieves raided the cash drawer of the Haverstraw Times Friday night. They secured 18 cents in pennies, a pair of plaid socks belonging to Editor McCabe, a half pint of rye whiskey, the property of a tramp printer, and some meat that had been intended for the office cat's luncheon on the following day. The sympathy of the country newspapermen will go out to Brother McCabe in his affliction."

President Roosevelt will recommend the abolition of the duty on wood pulp wood as a means of preserving the forests. He reached this decision after a conference with a committee from the American Publishers' association, who came to the White House to lay a complaint before him against the "paper trust."

The Locomotive Engineers' Brotherhood of Clearfield have passed resolutions against the raise in the price of milk and pledged themselves to abstain from its use. They think the raise in the price of milk and cream is uncalled for and unjust and they are up in arms against a principle more than against the amount of money it means to them.

Sonestown's Improvements.

With great satisfaction we report the following advanced steps our little southern hamlet is making. Sonestown is really experiencing a new life that means much for her in the future.

A new and large clothespin factory has been erected and will soon begin operations and will give employment to a large number of people.

Kester' saw mill has increased its capacity one-half.

The Davidson Township public school board has erected a fine High School building, and many pupils from the township are taking advantage of a High School course.

The Davidson Township public school board has erected a fine High School building, and many pupils from the township are taking advantage of a High School course.

A profitable lecture course for the winter has been arranged. Already the first entertainment was given October 29, by Dr. J. H. Whalen of Carbondale. On Friday evening November 22, Miss Helen Gilmore and Prof. George Butler of Williamsport will render a strong program. Miss Gilmore is an accomplished impersonator, and Prof. Butler an expert violinist.

Revival meetings have been in progress at the M. E. Church for nearly three weeks. Much good was accomplished. Many of our strongest business men are entering the active work. Sonestown is really having an industrial, educational and religious advancement. To improve in all these factors alike will make any community ideal.

An interested friend.

The New York Legislature passed a bill to pay women school teachers in New York city the same pay as men. It has long been maintained that for equal work there should be equal pay. The lower rate of pay for women teachers has, for better or for worse, left American common school education largely in the hands of women, and tended to keep men out of the profession.

A South Carolina man sentenced or life on one conviction and seven years on another thinks he will get the better of the law by serving out his life sentence and cheating justice of the seven years. But the astute officers of the law have discovered how to balk that attempt. They are going to make him pay the full penalty by serving the seven years first.

There has been a wonderful growth in the number of township high schools in this state in recent years. The first appropriation made to these schools was in 1901, the amount being 25,000. For the school year ended, June 1902, the first year they receive an appropriation, the number of schools are as follows:

First grade, two; second grade twenty-nine, and third grade, thirty five; a total of seventy-six.

For the school year ended June, 1907, the number of 1, grade schools is 13; second grade 44, and third grade, 243, a total of 300. The appropriation for the current year for township high schools is \$187,500, a like amount being also appropriated to borough high schools. The latter is the first appropriation made by the State for borough high schools.

His Head and the Psalm.
The Rev. C. N. Wright, Wardle vicarage, Rochdale, for a personal reminiscence, writes: "In my third living there was a very crowded congregation the first morning I officiated. The parishioners were evidently curious as to the build, color of hair, etc., of their new vicar. As a matter of fact I was, though a young man, very bald. A little thought would have caused me to make my first appearance on any morning but the 8th. But it was the 8th, and, in the Psalms, which were read and not sung, I had to say: 'My sins are more in number than the hairs of my head.'—London Graphic.

A Weigh Off.
"I want to get a pair of scales," remarked the customer. "Have you the ambuscade make?"
"What's the ambuscade?" inquired the clerk.
"Well," returned the customer, "I am given to understand that they're the kind which lie in weight."—Bohemian.

Kentucky, following the example of her progressive sister states of the north, has organized a grange with the charter list composed largely of the faculty and students of its agricultural college at Lexington. The experiment station corps of experts is also represented in the charter list of seventy-five.

Grange visiting is very popular among granges that are of easy access one to another. The visiting grange goes prepared to furnish the literary programme, while the entertaining grange furnishes the refreshment feast.

3 per Cent INTEREST PAID ON TIME DEPOSITS

Right at the Start.

EVERYBODY knows that the finish is largely governed by the start. If you start right you stand a good chance of a right finish.

This applies to buying clothes as well as everything else; if you start your clothes-buying by a determination to get the best possible for your money, you'll get it.

That means that you'll start at our store, and you'll finish in one of our Hart Schaffner & Marx suits or overcoats.

That will be the right finish for your clothes-buying because these clothes are right in every way, from start to finish; all wool, tailored right, correct in style, perfect fitting.
