**Casper's 11 Year Old Whiskey**

We know the meaning of words and will do as we say. We claim to be the lowest-priced Whiskey House and the Largest Mail Order Whiskey Concern in the South. All the North Carolina Whiskey we sell is good—there's no bad. People here would be satisfied if they knew how—they are too honest! Most whiskey sellers are noted for mixing, blending and watering. We sell more genuine old whiskey and less water than any law competitor. Casper's 11 Year Old Whiskey is a Liquid Joy! It's made by honest people in the mountains of North Carolina, in old-style copper stills, and it is made by our grandfathers. First-rate whiskey is sold at \$5.00 to \$6.00 per gallon, but it's not any better than Casper's 11 Year Old. It must please or we will buy it back. We have a capital of \$500,000, and the Peoples National Bank and the Piedmont Savings Bank of this city will tell you our word is good. To introduce this old, honest whiskey, we offer four Full Quarts of "Casper's 11 Year Old"—two sample bottles, one 15, one 18 year old—a corker and a drinking glass—all for \$5.00. If \$5.00 is sent we will double the above and put in free One Full Quart Extra. We have some of this whiskey only 1 year old, and will send free a quart for \$10 or will furnish twenty full quart bottles on receipt of \$11 and give free corkscrews, drinking glasses and saucers, making this whiskey cost less than \$1.00 per gallon delivered. We ship in plain boxes with no marks to indicate contents, and "People's all Express, Buyers West of Texas, Kansas, Nebraska and Dakota must add 10 cents per quart extra.

# DUPLEX PHONOGRAPH

THREE DAYS' FREE TRIAL IN YOUR OWN HOME

¶ The Duplex is the biggest, finest finished, loudest, clearest, sweetest-toned instrument ever put on the American Market. It is the only phonograph manufactured and sold DIRECT FROM FACTORY TO YOU on

## EASY PAYMENTS

¶ The Duplex is the only phonograph that gives you all the sound vibrations and gets all the volume of music. This is because of its double vibrating diaphragms in the sound box, and the two horns to amplify the sound waves. All other phonographs, with one-sided diaphragm and a single horn, get only half the music. The Duplex is like a perfectly formed athlete with both sides developed. Other phonographs are like the one-eyed, one-legged, one-armed defective sometimes seen—capable of doing something, it is true, but not the best. Don't allow anyone to persuade you to buy another make of phonograph until you have sent for and received our splendid

which explains fully the superior qualities of the Duplex. We are the only Company actually manufacturing phonographs and selling direct from factory to user. All other concerns are either jobbers and dealers who do not manufacture what they sell, or are manufacturers who do not sell direct to the user, but market their output through jobbers and dealers. Hence, we can and do

### Save All The Dealers' 70% Profit

for our customers. We are content with a fair manufacturer's profit. When you buy any other make you pay a profit to the manufacturer, a profit to the big jobber or distributor, and another profit to the dealer. We have no agents; but the Editor of this paper has made investigation and is satisfied that we give all our customers

### Home Concert Collection

which we sell on Easy Payments. It consists of the Duplex Phonograph with all the latest improvements—our mechanical feed which relieves the record of all the destructive work of popping the reproducer sound level and needle point across its surface; and our weight regulating device which is the greatest record saver ever invented. It is these are exclusive features of the Duplex and can not be had on any other phonograph. ¶ The Home

Concert Collection contains 16 of the best 78-inch records that money can buy, all specially selected to give a variety of music so that a dozen people of the most varied tastes can be given a two hour's entertainment at your home and each will be sure to hear at least one or more selections that will give delight. These sixteen records contain the best band and orchestra pieces, instrumental and vocal solo, vocal duets and quartets, talking pieces, comic songs, record pieces, etc. We make the selection, because we know how to choose the best pieces. That's part of our business. ¶ We put in 800 assorted records—four different kinds, capable of producing music soft and sweet and low enough for the sick room, or loud and vigorous enough for a crowd of picknickers. We put in a bottle of 3-in-1 oil, a first-class oil can, a can of Monarch metal polish, and a best needle brush. This collection is intended to give you, without buying another cent's worth, 180 days and evenings of entertainment, and we give you six months to pay for it, a small payment down and six small monthly installments.

### FREE TRIAL

¶ You are not asked to buy the Duplex and Home Concert Collection "right away" as we used to trade jackknives when boys pitched. We allow you a full three days' trial at your own residence, in which to decide whether you will keep it or send it back. If it does not fulfill our every claim for it, after a careful test for three days, box it up and send back by freight at our expense, and we'll pay your advance money back. But as we feel sure it will if it pleases you, keep it and write us and say so; and thirty days afterward send us your first monthly payment, or pay it over to the Editor of this paper, who is authorized to receive monthly payments and send them. And each thirty days make a similar payment until all the installments are paid. This is the biggest snap in phonographs ever offered to the public. No hurrin' in investigating it, at any rate. ## Let an EXPERT BUGGY MAKER Give you some INSIDE FACTS

Mr. F. L. Shaw, manager of our vehicle interests, bought two buggies from the same house the other day. One cost \$18.00 more than the other. Then he took the buggies all apart to see just why one was higher priced than the other. Here is what he found out:

Both buggies had exactly the same seat and back, same size body, same wheels, shafts and everything else, except that the higher priced one had 14-oz. cloth trimmings instead of Keratol, found in the cheaper; a leather boot, instead of rubber; a better axle, and the finish on the woodwork was slightly better, but not very much.

Read the difference—and learn how easily price can be raised without changing the grade, in a buggy.

### SIDE BY SIDE:

Difference in Cost \$3.80. Difference in Price to You \$18.00.

On their Cheap Buggy	On the Best They Make

Body 23 inches wide, 54 inches long.	Same.
Malleable 5th wheel without anti-rattler.	Same.
Malleable head block (considered poor).	Same.

Common reaches.	Same.
Steel sockets.	Same.
Hickory and elm wheels (low grade).	Same.

Finish, cheap.	Slightly better.

There isn't one purchaser of a buggy in a hundred—no, nor in a thousand—who can tell of his own knowledge the cause for the difference in prices between one buggy and another.

We make our own buggies.

We are the only general merchandising concern in the world that does.

The prices to you on our different buggies are based on the manufacturing costs.

We make the same small percentage of profit on a \$70.00 rig that we do on a \$40.00 outfit, and you get full value for every dollar you pay.

The difference in our buggies is not merely in the price. It's in the quality.

If you are a judge of buggy values we ask you to compare our vehicles with any make you know of, price for price.

If you are not an expert judge of buggy values, you are safe to order from us, for we give honest value for every dollar you spend. And we guarantee you satisfaction.

The thousands who have purchased vehicles of us write us of their perfect satisfaction and of \$10.00 to \$50.00 saved on each one.

"My \$46.90 job is far ahead of the \$60 to \$70 buggies sold here."
