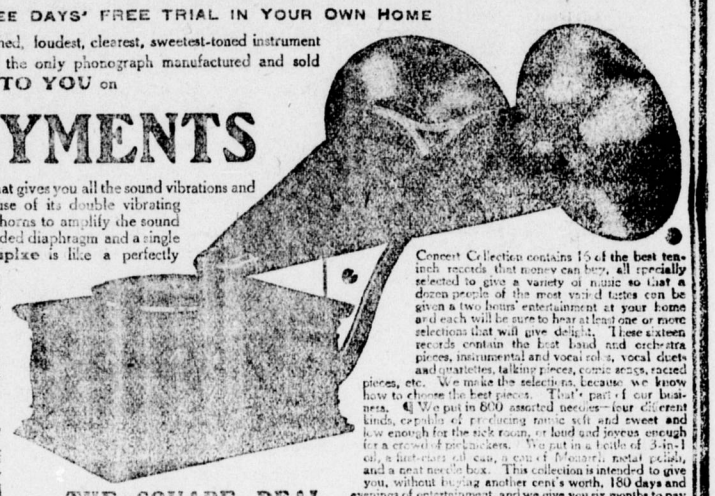
THE GREATEST OF ALL MUSICAL INVENTIONS—THE TWO-HORN

DUPLEX PHONOGRAPH

THREE DAYS' FREE TRIAL IN YOUR OWN HOME

¶ The **Duplex** is the biggest, finest finished, loudest, clearest, sweetest-toned instrument ever put on the American Market. It is the only phonograph manufactured and sold **DIRECT FROM FACTORY TO YOU** on

EASY PAYMENTS



¶ The **Duplex** is the only phonograph that gives you all the sound vibrations and gets all the volume of music. This is because of its double vibrating diaphragms in the sound box, and the two horns to amplify the sound waves. All other phonographs, with one-sided diaphragm and a single horn, get only half the music. The Duplex is like a perfectly formed athlete with both sides developed. Other phonographs are like the one-eyed, one-legged, one-lunged defectives sometimes seen—capable of doing something, it is true, but not the best. Don't allow anyone to persuade you to buy another make of phonograph until you have sent for and received our splendid

FREE CATALOGUE

which explains fully the superior qualities of the **Duplex.** We are the only Company actually manufacturing phonographs and selling direct from factory to user. All other concerns are either jobbers and dealers who do not manufacture what they sell, or are manufacturers who do not sell direct to the user, but market their output through jobbers and dealers. Hence, we can and do

Save All The Dealers' 70% Profit

for our customers. We are content with a fair manufacturer's profit. When you buy any other make you pay a profit to the manufacturer, a profit to the big jobber or distributor, and another profit to the dealer. We have no agents; but the Editor of this paper has made investigation and is satisfied that we give all our customers

THE SQUARE DEAL

and has consented to assist the readers of this paper in every way in their orders for the Duplex during the present advertising. It will run in the paper. Write your order for catalogue, mentioning this paper, and when your order is received we will write you at once for full particulars regarding our

Home Concert Collection

which we sell on Easy Payments. It consists of the Duplex Phonograph with all the latest improvements, mechanical feed which relieves the record of all the destructive work of propelling the reproducer around and needle point sapphire runners and our weight regulating device which is the greatest record saver ever invented. Both these are exclusive features of the Duplex and can not be had on any other phonographs. ¶ The Home Concert Collection contains 15 of the best ten-inch records that money can buy, all specially selected to give a variety of music so that a dozen people of the most varied tastes can be given a two hours' entertainment at your home and each will be sure to hear at least one or more selections that will give delight. These sixteen records contain the best band and orchestra pieces, instrumental and vocal solos, vocal duets and quartettes, talking pieces, comic songs, sacred pieces, etc. We make the selections, because we know how to choose the best pieces. That's part of our business. ¶ We put in 800 assorted needles—four different kinds, capable of producing music soft and sweet and low enough for the sick room, or loud and joyous enough for a crowd of mechanics. We put in a bottle of 3-in-1 oil, a fine piece of cloth, a correct Mozart metal polish, and a neat needle box. This collection is intended to give you, without buying another cent's worth, 180 days and evenings of entertainment, and we give you six months to pay for it, a small payment down and six small monthly installments.

SEND, DAYS FREE TRIAL

¶ We are not asking you to buy the Duplex and Home Concert Collection "right unseen" as we used to trade jackknives when boys at school. We allow you a full three days' trial at your own residence, in which to decide whether you will keep it or send it back. If it does not fulfill our every claim for it, after a careful test for three days, box it up and send back by freight at our expense and we'll pay your advance money back. But (as we feel sure it will) if it pleases you, keep it and write us and say so, and thirty days afterward send us your first monthly payment, or pay it over to the Editor of this paper, who is authorized to receive the first payment and send them in. And each thirty days make a similar payment until all the instalments are paid. This is the biggest snap in phonographs ever offered to the public. No harm to investigate it, at any rate. Talk to the Editor of this paper; or, if he is away, send in for a catalogue and terms for you, or write direct, mentioning this paper, to

DUPLEX PHONOGRAPH CO., 31 Rose St., **Kalamazoo, Mich.**

NOTE:—The undersigned has made careful investigation and finds that the Duplex Phonograph Company give their customers fair and honorable treatment, and advises readers of this paper to send for catalogue and further particulars. It costs nothing but a postage stamp or a postal card to try. If you do not wish to take the trouble to write, give me your name and address and I'll do the asking. And I'll see that you get a square deal. Always mention this paper when you write.

Let an EXPERT BUGGY MAKER Give you some INSIDE FACTS

Mr. F. L. Shaw, manager of our vehicle interests, bought two buggies from the same house the other day. One cost $18.00 more than the other. Then he took the buggies all apart to see just why one was higher priced than the other. Here is what he found out:

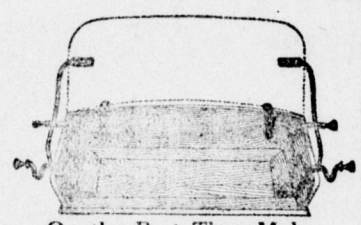
Both buggies had exactly the same seat and back, same size body, same wheels, shafts and everything else, except that the higher priced one had 14-oz. cloth trimmings instead of Keratol, found in the cheaper; a leather boot, instead of rubber; a better axle, and the finish on the woodwork was slightly better, but not very much.

Read the difference—and learn how easily price can be raised without changing the grade, in a buggy.

SIDE BY SIDE:

Difference in Cost $3.80. Difference in Price to You $18.00.

On their Cheap Buggy



On the Best They Make

On their Cheap Buggy	On the Best They Make
Seat and back (see illustrations).	Same.
Body 23 inches wide, 54 inches long.	Same.
Malleable 5th wheel without anti-rattler.	Same.
Malleable head block (reinforced pocket)	Same.
Malleable Bailey Loop (cheapest made).	Same.
Common reaches.	Same.
Steel sockets.	Same.
Hickory and elm wheels (low grade).	Same.
Common axle.	Long distance.
Wheels painted by dipping.	Same.

Shafts, (cheap grade).	Same.
Keratol trimming.	14 oz. cloth.
Rubber boot.	Leather Boot.
Leather quarter top	Same.
Finish, cheap	Slightly better.

What do they give for the $18.00 difference in price?

The actual difference in cost, to the buggy maker, did not exceed $3.80, yet one buggy costs you $18.00 more than the other.

Now, either the factory making and selling these buggies to the house Mr. Shaw bought from, was fooling the house, or the house was fooling you. In either case, you were paying $18.00 for $3.80 worth.

We tell you these things because we believe in a square deal!

There isn't one purchaser of a buggy in a hundred—no, nor in a thousand—who can tell of his own knowledge the cause for the difference in prices between one buggy and another.

We make our own buggies.

We are the only general merchandising concern in the world that does.

The prices to you on our different buggies are based on the manufacturing costs.

We make the same small percentage of profit on a $70.00 rig that we do on a $40.00 outfit, and you get full value for every dollar you pay.

The difference in our buggies is not merely in the price. It's in the quality.

If you are a judge of buggy values we ask you to compare our vehicles with any make you know of, price for price.

If you are not an expert judge of buggy values, you are safe to order from us, for we give honest value for every dollar you spend. And we guarantee you satisfaction.

The thousands who have purchased vehicles of us write us of their perfect satisfacton and of $10.00 to $50.00 saved on each one.

"My $46.90 job is far ahead of the $60 to $70 buggies sold here." Jno. T. Carter.

Our New Vehicle Catalogue tells the truth without exaggeration. It describes in detail just the rig you want. Safe rig, safe price, safe house to deal with. Let us send you this vehicle catalogue, free. Remember, Mr. F. L. Shaw, an expert vehicle man, looks after your interest.
