THE GREATEST OF ALL MUSICAL INVENTIONS—THE TWO-HORN DUPLEX PHONOGRAPH. THREE DAYS' FREE TRIAL IN YOUR OWN HOME. The Duplex is the biggest, finest finished, loudest, clearest, sweetest-toned instrument ever put on the American Market. It is the only phonograph manufactured and sold DIRECT FROM FACTORY TO YOU on EASY PAYMENTS. The Duplex is the only phonograph that gives you all the sound vibrations and gets all the volume of music. This is because of its double vibrating diaphragms in the sound box, and the two horns to amplify the sound waves. All other phonographs, with one-sided diaphragm and a single horn, get only half the music. The Duplex is like a perfectly formed athlete with both sides developed. Other phonographs are like the one-eyed, one-legged, one-armed defectives sometimes seen—capable of doing something, it is true, but not the best. Don't allow anyone to persuade you to buy another make of phonograph until you have sent for and received our splendid FREE CATALOGUE, which explains fully the superior qualities of the Duplex. We are the only Company actually manufacturing phonographs and selling direct from factory to user. All other concerns are either jobbers and dealers who do not manufacture what they sell, or are manufacturers who do not sell direct to the user, but market their output through jobbers and dealers. Hence, we can and do Save All The Dealers' 70% Profit for our customers. We are content with a fair manufacturer's profit. When you buy any other make you pay a profit to the manufacturer, a profit to the big jobber or distributor, and another profit to the dealer. We have no agents; but the Editor of this paper has made investigation and is satisfied that we give all our customers THE SQUARE DEAL and has consented to assist the readers of this paper in every way in placing their orders for the Duplex during the year this advertisement will run in the paper. When you write for catalogue, mention this paper and address exactly as below; and when you write ask for full particulars regarding our Home Concert Collection which we sell on Easy Payments. It consists of the Duplex Phonograph with all the latest improvements—our mechanical feed which relieves the record of all the destructive work of propelling the reproducer sound box and needle point across its surface; and our weight regulating device which is the greatest record saver ever invented. Both these exclusive features of the Duplex and can not be had on any other phonograph. The Home Concert Collection contains 16 of the best ten-inch records that money can buy, all specially selected to give a variety of music so that a dozen people of the most varied tastes can be given a two hours' entertainment at your home and each will be sure to hear at least one or more selections that will give delight. These sixteen records contain the best band and orchestra pieces, instrumental and vocal solos, vocal duets and quartets, talking pieces, comic songs, sacred pieces, and we make the selection, because we know how to choose the best pieces. That's part of our business. We put in 800 assorted needles—four different grades of producing music soft and sweet and low enough for the sick room, or loud and vigorous enough for a crowd of picknickers. We put in a bottle of 3-in-1 oil, a first-class oil can, a can of Monarch metal polish, and a neat needle box. This collection is intended to give you, without having another cent's worth, 180 days and evenings of entertainment, and we give you six months to pay for it, a small payment down and six small monthly installments. THREE DAYS' FREE TRIAL. You are not asked to buy the Duplex and Home Concert Collection "sight unseen" as we used to trade jackknives when boys at school. We allow you a full three days' trial at your own residence, in which to decide whether you will keep it or send it back. If it does not fulfill our every claim for it, after a careful test for three days, box it up and send back by freight at our expense—and we'll pay your advance money back. But (as we feel sure it will) if it pleases you, keep it and we'll pay you, and thirty days afterward send us your first monthly payment, or pay it over to the Editor of this paper, who is authorized to receive your monthly payments and send them in. And each thirty days make a similar payment until all the installments are paid. This is the biggest snap in phonographs ever offered to the public. No harm in investigating it, at any rate. Talk to the Editor of this paper; ask him to send in for a catalogue and terms for you, or, if you prefer, mention this paper, to
