VOL. XIII. NO 16

LAPORTE, SULLIVAN COUNTY PA. THURSDAY AUGUST 27, 1908.

75C PER YEAR

\$24,000---\$44,000 Which Do You Prefer ?

The average man earns about \$1,100 a year. He works 40 years and earns a total of \$44,000 in a life time. The average day laborer gets \$2,000 a day or \$600 for a year of 300 days. He earns \$24,000 in a life time. The difference between \$44,000 and \$24,000 is \$20,000. This is the minimum value of a practical education in dollars and cents. The increased self-respect cannot be measured in money. Why not stop plugging away at a small salary when the International Correspondence Schools, of Scranton, Pa., can give you an education that will make high salaried man of you? No matter what line of work you care to follow, this great educational institution can prepare you in your spare time and at a small cost to secure a good-paying position. Our local Representative will show you how you can triple your earning capacity. Look him up today. He is

Dedication of Monument at Fredericksburg.

This monument which is to be unveiled on the eleventh day of November next, is being erected by Pennsylvania, under act of May 11th, 1905, in commemoration of the charge of Humphreys' Division on Marys' Heights, Fredericksburg, Va., on the 13th day of December, 1862. The Division all Pennsylvania Regiments, consisted of the 123, 126, 129, 131, 133, 134 and the 91st and the 155th.

Every honorable discharged survivor of the eight Regiments constituting Humphreys' Division, in whatever State he may live, in accordance with the provisions of the dedication Act of June 13, 1907, is entitled to free transportation to Fredericksburg and return from the Rail Road station in Pennsylvania, nearest to his residence.

In order to secure this transportation, which does not include either subsistence, or sleeping or parlor car accommodations, individual application must be made to the Secretary, James M. Clark, New Castle Pa. This initiative application need contain no information but his desire, name and post office address. The rest will follow in due course.

While orders for transportation will not go out before sometime in October, it is important that applications be sent to the Secretary at once, in order that the Rail Roads may have timely notice for the needful ticket arrangements.

Tickets can be secured on the Secretary's order, from November 5th, to 11 inclusive, good returning until November 25th, inclusive, subject to such stop off privileges, as shall hereafter be provided for.

Upon receipt of the order for transportation, an immediate call should be made upon the ticket agent, that he may have plenty of time to remedy any defect in his instructions.

In case of competing, the mileage basis being the same, the holder of the order makes his choice of roads.

It is expected that arrangements will be effected for the sale of tickets to the family and the family friends, on card order of the Secretary, at a one and one-half cent rate each way.

All unused orders except "Card Orders," and unused tickets, should be returned promptly after the dedication to the Secretary, at New Castle, Pa.

The saw mill at Wheelersville owned by Isaac Ellston, was destroyed by fire about 2 o'clock Monday of last week entailing a loss of about \$1,800. The flames were prevented from communicating with the lumber, so that no stock was destroyed. Mr. Ellston did contract work, in sawing hard wood for James Mansel of Williamsport. The mill was a small stationary, and has been operating at Wheelersville five or six years. The origin of the fire is unknown. When discovered the flames were already shooting from two different parts of the mill. There was an insurance of \$1,200 on the property.

St. Paul, August 23.—In many sections of Minnesota, North Dakota and Northern Wisconsin there was heavy frost last night. At Dickinson, N. D. the mercury dropped five degrees below freezing. A large part of the flax crop is reported injured, but half of the wheat is in shock and the rest is thought to be ripening and out of danger.

Twenty counties in the state have associate judges—two to each county. The total amount paid to them last year, according to the State Treasurer's report was \$23,688.60. Wyoming county heads the list with regard to salary, having expended \$2,628.25. Huntington county follows next, with a total of \$2,215.90. Juniata county paid least \$467.45. An associate judge gets \$5 per day when official duty is performed and 15 cents per mile for every mile traveled. His minimum salary, however is \$300 per year, whether he serves days enough to amount to that or not.

Laporte High School B. B. C. vs. Cadets of Dushore.

The Laporte High School baseball team played the Cadets of Dushore at Dushore, on Thursday last. The Cadets are exceptionally fine players and we understand have won every game they have taken a hand in this season up to Thursday when they struck their Waterloo. The Laporte boys were first to bat and scored six runs, this cynched the game in their favor and they kept the lead to the end. At no time during the game did the Cadets give our boys any uneasiness. It was evident that our boys out played them in every particular. Thomas Coyle, of Dushore umpired the game and we are pleased to note that there was not a single complaint made by either side of decisions rendered by him. In fact he was a model Judge having no favorites on the field. The score follows:

Laporte,	14
Dushore,	9

The Dushore Cadets have challenged the Laporte High School team to play a return game of baseball to take place on the Laporte A. A. field, on Friday Aug. 28th. This game will be called at 10:30 a. m. and promises to out do, for fast ball, any game ever played on this world renowned field. If you are looking for sport don't miss this part of the program for Friday's doings. Either team will have on their war pants and will put up a battle that will astonish the old soldiers in the game.

The repeal of the Pure Food Law of 1905, has proved to be a serious detriment to the dairy interests of Pennsylvania and also to the public health.

The present food law approved June 1st, 1907, as constructed by the courts, is inefficient and furnishes but little protection to the dairy interests or to the consuming public.

After careful consideration by the Grange Committees it seems advisable that a Dairy Commissioner be appointed who shall have charge of the dairy interests, and who shall enforce only special dairy legislation. By this means we hope to avoid the complications of a general food law embracing both dairy and trade occupations.

The passage of the food law of 1907, has thrown the markets of Pennsylvania open to the manufacture and sale of adulterated butter and bogus lard. This same law has, by recent court decisions, made it impossible for our State Dairy and Food Commissioners to successfully prosecute dealers who sell watered and skimmed milk as pure.

Therefore we recommend that the next legislature shall create the office of Dairy Commissioners, who shall deal only with dairy products, viz: butter and butter substitutes, such as oleomargarine, butterine renovated butter, adulterated butter, milk, cream, condensed milk, ice cream, cheese and all other products made wholly or chiefly from milk.

We further recommend that the laws which deal with other food products shall be placed in the hands of the State Health Department. We would suggest a careful and early consideration of this subject by every grange in the State, in order that the State Grange influence may be exerted in this important movement.

If reports of the decisions of various granges are promptly forwarded to worthy State Master W. F. Hill, Huntington, Pa., the work will be greatly facilitated.

Secy. Brandywine Grange, No. 60

In buildings, equipment and reputation, the Lock Haven State Normal School is the equal of the best. Its graduates are its best advancement. To those who are thinking of becoming teachers, it is an ideal school. The Fall term begins Sept. 7th. Send for its catalogue to the Principal.

Sunday School Convention.

The Sunday School convention of Shrewsbury Twp. convened in the Rock Run Baptist Church on Sunday, Aug. 15th. Afternoon session was opened by a song service conducted by R. D. Collins of Picture Rocks. Devotional services were conducted by the pastor, L. S. Squires. The following temporary officers were elected:

Chairman, Rev. S. S. Squires; Secy., Rev. Joseph H. Cook. Edgar Burrows read a paper—How shall we interest young men in Bible study? and was followed by a talk on "How can we make our work more effectual with the unsaved?" by E. M. Cruse. Supt. W. E. Hill then opened the discussion of the subject, "How create a missionary spirit in our Sunday School?" The closing address was given by Vernon Hull County chairman of Sullivan Co., S. S. Assn., in which he outlined the scope of organized S. S. work, noting its progress in Sullivan Co., and calling for active effort all along the line. Session closed with prayer by Rev. Joseph H. Cook of Picture Rocks. In the evening session Supt. M. S. Sprout of Picture Rocks presented the subject "The obligations of the home to the Sunday School, showing very ably the how the parents may cooperate with the school, the other side. What the Sunday School may do for the home, was discussed from the point of view of the Home Department by a Home Department Supt. Joseph H. Cook.

R. D. Collins sang a solo "Tell Mother I'll be there" E. M. Cruse opened the discussion of the subject "The obligation of the church to the Sunday School, in which he emphasized the obligation of the parents to attend the Sunday School. Discussing the question A. R. Heath directed attention to the fact that a Sunday School going church would make a Sunday School going world.

Two dollars and fifty cents were received for district and county work.

Flora Cook, Pres. Supt.

Picture Rocks, Aug. 24.—As an invited guest we boarded the train at Picture Rocks Saturday morning, along with 79 others, for a trip through the picturesque valley along the Muney creek bound for the beautiful little village of Mildred. We were the guests of Mine Host Frank Myer and family. The house and lawn were given over to us and we made good use of them. At 12:30 we were called to the lawn, where a chicken dinner, with all of the good things that go with it, was served, everybody doing justice to it. Dinner over, we started out to the town. Through the kindness of the government inspector we were shown through the Schaad brothers' distillery, after which through the kindness of Father Enright, we were shown through the modern and finely finished Catholic church. Father Enright gave us a very instructive talk in his free and pleasing manner.

Through the kindness of Raymond Myer, we were shown through the Lutheran church where we indulged in some singing. Other places of interest, including the coal mines and breakers, were visited.

A vote of thanks by the party was extended to Father Enright for his cordial reception and hospitality shown us; also to the Myer family for their kindness in throwing open their house and the lawn at our disposal and the general manner in which they entertained us as their guests, and to S. D. Townsend general manager of the W. and N.B. Railroad, for special rates and excellent accommodation afforded.

After lunch we boarded the train for Picture Rocks, arriving here at 7: p. m., all agreeing they had a delightful outing, long to be remembered.

Those invited in were: Mr. and Mrs. Heverly and daughter, Marion of Dushore; Mrs. Hiram Osler of Bernice; Miss Mae Myer of Beechtree; Mrs. Walter Wheatly and Miss Helen Meyers, of Mildred; Frank Meyer and wife; Raymond Meyer and wife, Miss Ruth Myer, Ethel Baumgardner, Julius Meyer, Henry

Meyer, Mrs. D. G. Persun, Mrs. John Schaad, and daughter of Mildred; Miss Bessie Gardner of Tunkhannock. C. K. L.

In deciding that the Tustin pure food law, passed at a recent session of the legislature, is unconstitutional because it was not properly enacted, Judge Bell, of Blair County, has struck a severe and serious blow to the work of the State pure food commission. The Blair County jurist has found that the pure food law is null and void because in passing it the legislature failed to comply with certain technicalities of the fundamental law, this means that the act is a good one, but was wrongly enacted.

If the superior court, to which the matter will be appealed, shall affirm the finding of the Blair county court the people of this state will be grievously disappointed. The pure food law was demanded because dealers in this state were selling adulterated food stuffs manufactured in other states. Some of the dealers were willing to cease disposing of impure food stuffs, but others were willing to endanger the lives of the people by selling adulterated food. One of these took the matter to the Blair county court with the result above noted.

T. L. Lewis, the new president of the United Mine Workers of America, though in office a few weeks, is already demonstrating that he is a man of sound sense. To an assemblage of some 5,000 men at Tamaqua, Pa., on Sunday, declared that there was no room in the miners organization for politics. This is sufficient notice from one of the strongest branches of the American Federations of labor that Samuel Gompers' impudent scheme to deliver the labor vote to Bryan and Kern is doomed to failure.

President Lewis is no mere tyro in the labor union movement, nor can it be said that he is unfamiliar with the ways of politics. He has nothing to learn from Mr. Gompers about either side of the question, and his advice, therefore, is certainly worth the careful attention of the tens of thousands of men who belong to his organization. "Each mine worker" said Mr. Lewis, should vote according to the dictates of his own conscience—which is quite a different thing from voting according to the dictation of Mr. Gompers and Mr. Bryan. The former is all that any man has a right to ask, and when a professional seeker after the presidency, undertakes to add tricks with organized labor upon any other basis he is taking the shortest possible cut to the disintegration of labor unions.

It has never yet been possible to secure permanent advantage to a labor organization by mixing it up with politics, and the experiment is not likely to succeed in this year of grace.

The Coudersport Enterprise tells the following story of a true friendship: William Hasset, who is well known in this borough, and who some years ago was a prosperous business man, but was overtaken by misfortune, and of late has been an inmate of the county home, left on Wednesday morning for Tullio, Tenn., where he will be cared for by his former partner, James Anderson, a prosperous business man in that city.

"Years ago Mr. Hasset was a partner of Mr. Anderson and after they had parted company the later went South where he prospered. Mr. Hasset remained in potter county but he seemed to be overtaken by misfortune, his money soon went, and when he reached the point where he could no longer care for himself, the doors of the county home were opened to him. Recent Mr. Anderson wanted to hear from his old partner, and he made inquiries through various channels until he finally located him. When he found that his old friend and associate was an object of charity, his heart would not reconcile itself to Hasset's condition, and he sent here for his old friend to join him in his palatial Tennessee home."
