Miss Edith Maben is again on  
the sick list.

Hon. Thos. J. Ingham was a  
Williamsport visitor Saturday.

Miss Ella Yaw of New Albany  
is visiting Mrs. G. S. Eddy.

Rev. J. H. Jarrett is conducting  
revival services at Nordmont.

Carl O. Bird spent Sunday with  
his brother, Victor Bird at Sonestown.

Miss Olive Barrows last week  
left for New York City where she  
will spend the winter with relatives.

Mrs. Charles Landon of Bingham-  
ton, N. Y., is the guest of her  
sister, Mrs. Frank Gallagher.

Miss Francis Oviatt of Wells-  
ville, N. Y., is the guest of Mrs.  
Frank Taylor.

Mr. Levi S. Saymen and Miss  
Maud A. Crawford, were married at  
St. John's Rectory on Wednesday  
November 14th. by the Rev. Thur-  
low Washburn Null.

Mr. F. P. Miller and daughter  
Mrs. P. Bivins, on Tuesday morn-  
ing left for Upper Sandusky, O.,  
where they will spend the winter  
with Mr. Bivins who is engaged  
in civil engineering at that place.

Mr. and Mrs. Robert Mason and  
little daughter have returned from  
an extended visit with Mrs. Mas-  
on's parents at English Center.

Among those who came to Lap-  
orte to cast their vote were Frank  
Shoemaker of Bucknell, Mr. Geo.  
Shoemaker, and Richard Pennock  
of State College.

Mrs. William Shoemaker has  
returned from Minnesota, where  
she spent the summer. The cli-  
mate of that state did not prove  
beneficial, as was hoped, for throat  
trouble with which Mrs. Shoem-  
aker is afflicted.

The High School pupils had  
quite an interesting debate Fri-  
day afternoon. Question: Resolved  
that there would be a great  
calamity in the country if Wm. J.  
Bryan were elected President of  
the United States. Debaters were  
as follows: affirmative, Eunice  
Ingham, Marjorie Mason, Cecil  
Botsford, Negative, Frank Bots-  
ford, George Giger, Kenneth Bots-  
ford.

Charles M. Hall, a member of  
the Bradford county bar, died sud-  
denly at his home in Towanda on  
Monday morning. Heart trouble  
was the cause of his death.

The pupils of the Sonestown  
High School gave a Halloween  
masquerade party in Lorah hall,  
which proved a delightful affair, as  
things usually do when the young  
people of that energetic little town  
are at the head of things.

Plenty of game is predicted for  
the next two years as a result of the  
forest fires which have raged in  
more than a dozen mid-state coun-  
ties, by Dr. J. C. Kalbus, secretary to  
the state game commission, who has  
visited the burned areas. He says  
that the damage done to the forests  
is great, but that game did not suffer  
much as the animals and birds were  
sufficiently developed to get out of  
the way. The fire was so great that  
it destroyed the large trees, and the  
areas burned over will be covered  
with young grass and new shoots  
next year, so that there will be fine  
grazing grounds for the animals the  
coming summer. This fact will do  
much to provide sustenance for the  
game.

Says the Coudersport, Potter  
county Enterprise: "David P. Jim-  
erson an educated Indian from the  
Seneca tribe, and who lives near Sa-  
lamanca, has been a guest at the Ho-  
tel Crittenden. He is accompanied  
by his wife. Mr. and Mrs. Jim-  
erson are in Potter county on a pecu-  
liar mission. He claims to know  
where there is a rich silver mine in  
Alleghany township near the head  
of the Alleghany river. He says  
the find was made by his great-  
grandfather 100 years ago, and that  
it has been a family secret ever since.  
He has the description given to him  
by his father, to whom it was given

by his grand mother, who secured it  
from his great-grandfather, the  
original discoverer. Before coming  
here, Mr. Jimerson had some corre-  
spondence with Burgess J. M. Clark  
and after reaching here he succeed-  
ed in interesting Dr. W. H. Tassel  
and H. Hesting Cobb in the matter.  
They will begin a search for the  
mine at once."

The bulletin of the Pennsylvania  
State Railroad Commission covering  
accidents reported as having occur-  
red during the month of August, on the  
lines of railroads and street railways  
of the state, shows that 64 per cent.  
occured on railroads and 36 per cent.  
on street railways. The bulletin  
classifies railroad accidents, not only  
by a character of the accident, but  
also showing the number of killed  
and injured under the heading of  
"Employees," "Passengers," "Tres-  
passers" and "Others." This last  
refers to persons injured at grade  
crossings. The classification ap-  
plies in tabulation of street  
railway accidents, except that the  
word "others" is used to cover ac-  
cidents occurring to persons travel-  
ing on public high-ways which are  
also occupied by street railway  
tracks.

A feature of the report is the large  
number of trespassers killed on the  
railroads. Under the classification  
of fatal injury to trespassers, con-  
stituted 63 per cent. of all deaths  
occurring on railroads during the  
month. Over 28 per cent. of fatal in-  
juries on railroads was suffered by  
employees and 70 per cent. of in-  
juries suffered on railroads occur-  
red to employees.

In the reports of street railway  
companies the singular thing is the  
large number of injured shown to  
employees. 70 per cent. of the in-  
jured reported are those to passen-  
gers.

The total number of accidents re-  
ported for the month, 1193, is a daily  
average of 38.5. The average number  
of killed on railroads and street rail-  
ways of the state was almost three  
per diem. The average number of  
injured daily is about 35. Under  
the classification "Character of Ac-  
cident" it is shown that 55 of the 92  
deaths which occurred during the  
month were caused by persons being  
struck by trains, locomotives or cars,  
11 occurred to persons jumping on or  
off trains, locomotives or cars, 7 by  
persons falling from trains, 6 at  
grade crossings and 4 by collision.

**HEMLOCK GROVE**

There will be services at the  
church next Sunday as follows:  
Sunday school at 10 o'clock, pray-  
er and class meeting at 11 o'clock, A.  
M. all are invited to attend these  
services.

Rev. S. B. Bidlack of Muncy  
Valley called at the home of George  
Sherwood for a short time Saturday.

William H. Bay, Pathmaster, and  
Earnest A. Fulmer, Supervisor,  
transacted official business at Sonestown  
on Saturday.

J. S. Harrington of Dushore load-  
ed a fine car load of apples at Beech  
Glen last week. They were shipped  
to Philadelphia.

Miss Myrl Phillips was a Muncy  
Valley visitor Saturday.

Gibson Rider has moved his fam-  
ily to this place. Mr. Rider's former  
residence was located so as to  
make the distance inconvenient to a  
school house. The change will greatly  
remedy this, and will therefore be a  
benefit to his children.

Harvey Phillips is hauling his  
winters supply of wood from the  
saw mill at Sonestown, he believes  
this can be done cheaper than pro-  
curing the same from the forests.

Frank Reece of North Mountain  
visited friends at this place Sat-  
urday. While here he took an active  
part in the ball game between this  
place and Marsh Run, being on the  
winning side he considers his visit  
an honorable one.

Thomas Swank of Emmons, a for-  
mer contractor with the Penn-  
sylvania Lumber Company, was  
seen shaking hands with old ac-  
quaintances at this place last week.

Thomas Sherwood was a business  
caller at Lungerville Saturday.

Robert Warburton of North  
Mountain, while hauling apples to  
this place last week, had the mis-  
fortune of having the pole of his wa-  
gon broken in three pieces. The team  
was left to stand by themselves for  
a short time, and for some unknown  
cause started to run away but was  
soon brought to a standstill. With  
the exception of the broken pole the  
damage to the wagon was slight.

Fred Arms who is holding a po-  
sition in New York State, is visit-

ing his parents at this place, he will  
however return to that place some  
day next week where he will re-  
sume work again.

Miss Bessie Fulmer has accepted  
a position as clerk for her uncle  
George W. Myers at Muncy Valley.

At this time of the year every  
yard which has shade trees, has also  
an accumulation of leaves; and how  
to dispose of them is a question  
which naturally confronts not a few  
of our people. Usually they are  
raked into heaps or winrows and  
burned in the early evening. But  
as the clothing of women and child-  
ren frequently take fire at such times,  
not a few boroughs and municipal-  
ities have passed ordinances, pro-  
hibiting this means of disposal.

A safer and easier way to get  
rid of the leaves, is to put them up  
on the garden, piling them in heaps  
to be rotted during the winter  
then scattered on the ground for a  
fertilizer in the spring. There is  
nothing that so enriches the soil as  
decayed leaves, and they can now be  
had in abundance, the ground being  
thickly carpeted with them.
