VOL. XIII. NO 40

LAPORTE, SULLIVAN COUNTY PA. THURSDAY FEBRUARY 25, 1909.

75¢ PER YEAR.

\$24,000—\$44,000 Which Do You Prefer ?

The average man earns about \$1,100 a year. He works 40 years and earns a total of \$44,000 in a life time. The average day laborer gets \$2,000 a day or \$600 for a year of 300 days. He earns \$24,000 in a life time. The difference between \$44,000 and \$24,000 is \$20,000. This is the minimum value of a practical education in dollars and cents. The increased self-respect cannot be measured in money. Why not stop plugging away at a small salary when the International Correspondence Schools, of Scranton, Pa., can give you an education that will make high salaried man of you? No matter what line of work you care to follow, this great educational institution can prepare you in your spare time and at a small cost to secure a good-paying position. Our local Representative will show you how you can triple your earning capacity. Look him up today. He is

Lace Nets.

For waists in white cream, ecru and colors to match many shades of the new dress goods; also all kinds of staple and fancy dress trimmings.

CAPITOL PARK TO BE ENLARGED

State House Will Be Relieved
of Unightly Surroundings.

GOVERNOR OBTAINS FACTS

Long Denied Public Improvement to Be
Accomplished at Last.

Harrisburg, Pa., Feb. 18.—The Fox bill for the extension of Capitol park has been favorably reported by unanimous vote of the senate committee on public grounds and buildings. The bill is certain to pass the senate, and probably without a dissenting vote. While there may be some opposition in the house this has not yet asserted itself in any way and there is every reason to believe that a handsome majority awaits the bill there. Governor Stuart is expected to sign it in view of the overwhelming sentiment in the legislature and throughout the state in favor of this much needed improvement.

The desirability of extending the Capitol park, so as to give the magnificent new state house an adequate setting, has never been questioned. The only objections raised in the past have been based on the uncertainty of the cost of the project and the difficulty of finding revenue to meet it because of the extraordinary demands on recent legislatures for providing modern and ample asylums for the insane, increasing the public school appropri-

Sunday School Convention.

The Semi-Annual Convention of the Elkland Township S. S. Association was held at Estella, Pa., February 6, 1909. Meeting was called to order by the Chairman, G. E. Bown.

It was a most profitable and interesting session. The following subjects were discussed:

What would it mean to the County if each Sunday school had a Normal class? Worth of the Sunday School to the worker. How to organize a Home Department in every Sunday school in the District. How could Primary work in our Sunday Schools be improved? How to get the Adult Bible Class to Sunday School. Relation of the Sunday School to the Temperance Cause. Question box which was very helpful.

Rev. La Rose delivered an interesting address in the evening on the Relation of the Parent to the Sunday School.

Flora Cook, Press. Supt.

Noted Lecturer Coming to Laporte.

Mr. W. Y. Warner of Germantown, will give his interesting lecture "Forty Thousand miles on a Clipper Ship," at the Court House on Friday evening, February 25. Mr. Warner has the reputation of being a fine speaker. Don't miss the opportunity of hearing him at this time.

TANNERS ALLEY—FROM SOUTH STREET, LOOKING SOUTH.

tion, establishing tuberculosis sanatoria and promoting good roads. In view of the liberality of the legislatures of 1905 and 1907 toward these objects, the present body finds itself less restricted in the matter of expenditures for permanent public improvements, and the plan of the Fox bill for expending not more than \$400,000 a year during a period of five years, for the purchase and improvement of the park extension, makes the way easy from the standpoint of the state finances. As the state spends \$25,000,000 a year on its departments and its charities, \$400,000 is a mere drop in the bucket, and as the purchases are to be made by a commission, all questions of the possibility of wasteful extravagance have been eliminated.

Nor is there any longer a question as to just what the park extension will cost. The last legislature authorized the governor to appoint a commission to appraise the property and report to the board of public grounds and buildings for the information of the present senate and house. This commission, composed of three real estate experts, has presented a detailed report, including a complete description, with the assessed and market values of every property in the district, and Governor Stuart has transmitted this report to the legislature. It shows that the assessed value of the property is \$941,219 and the market value \$1,801,450. The Fox bill provides for a total expenditure of \$2,000,000, the difference of \$198,550 being considered ample to cover all cost of purchasing and condemning the property.

The inadequacy of the present Capitol park is apparent to everyone. The new Capitol is as long as the park is wide, nearly 520 feet, and in addition

Mrs. Gearhart Fritz Dies at Nordmont.

Mrs. Gearhart Fritz was suddenly taken ill on Saturday evening and died on Monday afternoon. Previous to this she had been in her usual health, when upon going into the fresh air she became very sick, the family helping her back into the house. It was found that her left side was numb and helpless.

Dr. Voorhees was summoned and after treatment she was somewhat revived. About 2 o'clock she had a second stroke which resulted in death Monday afternoon.

Mrs. Fritz was the mother of sixteen children, four of whom died in infancy also Iva wife of Jesse Lovelace who died about three years ago.

Mrs. Fritz leaves to mourn her loss, the following children:

Ellis of Laquin, Mrs. John Harrison, Minnie and Herman of Wilkes Barre, Mrs. Jos. Doty of New Columbus, Lee, of Laporte, Mrs. Andrew Small and Mrs. Fred Foust of Nordmont, and Willis, Lanra and Grover, at home. Also two sisters Mrs. Dorothy Fritz of Nordmont and Mrs. Chet Speary of New Columbus and one brother Hiram Hess of Ricketts.

Mrs. Fritz was an estimable and industrious lady, a kind and affectionate wife and mother and a good neighbor, and will be missed by family and many friends who sympathize with the bereaved ones.

She was sixty-three years eleven months and seven days old. The funeral services were conducted at the home by Rev. S. B. Bidlack, Thursday afternoon.

From the New York World.

To all the men who work for wages or salaries their only hope for a peaceful old age and for a life free from racking money cares is to provide beforehand for the future. They should take no risk. When they speculate they stake their family's future and their own peace of mind against a few dollars. Even were the chances equal—and in case of a small man the odds are always against him—the risk which he takes is vastly disproportionate to to any possible gain.

Few men ever heard of progressive compound interest, and still fewer know what it does. One dollar deposited in a savings bank which pays four per cent. will amount to \$2.19 in twenty years. This is simple compound interest. But how many men know that if they deposit \$1.00 every year the value in twenty years will not be \$2.19 but \$30.97?

Any man or woman who is earning wages at all can save \$1.00 a week. That money deposited in a savings bank for twenty years will amount to \$1,612. A deposit of \$5.00 a week will amount to over \$8,000. The annual interest on this at four per cent. would be \$320.

Thus the man who deposits \$5.00 a week in a savings bank, can, after twenty years, draw out \$6.00 a week and still leave to his wife and children at his death all the money that he deposited and more than half as much more. There is no paradox or catch in this. It is a plain, simple mathematical statement of what any savings bank will do.

Every wife should read these figures and go over them for herself. They are accurate. The only necessity is to make the deposits regularly. If instead of discontinuing the weekly deposits at twenty years they are continued ten years more, every dollar a week will have become \$68.83 and the \$52 a year will have become over \$3,000. For every dollar which had been deposited \$2 a week can be drawn out without impairing the principal, which has been doubled.

It takes time to make money this way, but the result is certain. There is no secret about it, no mystery no allurements, no dazzling speculation. All that it requires is industry and a little self denial every week. It pays better than any gold or copper mine, than any pool room or bucket shop.

HEMLOCK GROVE.

There will be services at the church next Sunday as follows:

Sunday-school at 10 o'clock, prayer and class meeting at 11 o'clock A. M. All are invited to attend these services.

Miss Mildred Buck of Sonestown, was pleasantly entertained at the home of Mazie Phillips Saturday and Sunday.

Misses Fredrea and Martha Myers of Montvern were social callers here over Sunday.

Mrs. G. C. Swank and son Le Roy and Melvin Bay of North Mountain called at the home of the formers brother William Bay, Sunday.

The Hatchet social held in the Methodist church Saturday evening, was, in every respect, a success.

Quite a number of young people from Bethel attended preaching services here on Sunday.

Miss Bessie Fulmer, who is employed as clerk at Muncy Valley, spent Sunday at the home of her parents.

Mr. and Mrs. Emory Shiers, of Hughesville, called at the home of the formers parents, on Sunday.

Luke Shires, agent for literature on the "Italian earthquake" transacted business at North Mountain Saturday.

Milton Flick, of Beaver Lake, was seriously injured in an accident, on the road leading from here to that place, on Friday evening. He was returning from Muncy Valley with his team where he had delivered a load of straw. The night being dark, Mr. Flick evidently trusted his horses to lead the way, which might have been possible had the condition of the road permitted.

The road however, being icy caused the wagon to slide over the embankment taking team and man with it. His two companions, who escaped by jumping, quickly investigating found Mr. Flick in a dangerous position. After some efforts he was taken to a near by house where he was given medical assistance.

The conviction of Henry T. Moore, of the Towanda wholesale liquor dealer on the charge of selling liquor without license, and the ruling of the court thereon, stirred up much comment, and many questions were put up to the Court and District Attorney Mitchell to decide. The trouble arose from the fact that the ruling of the court in the case was not thoroughly understood.

In order to make it more plain, and that in the future there will be no misunderstanding, the Review publishes the following written by District Attorney Mitchell and concurred in by Judge Fanning, which makes the Moore case so plain that all can understand and know exactly on what points Mr. Moore was convicted:

In the case of the commonwealth vs. Henry T. Moore, the question involved was whether or not the sale of liquors by the defendant were made at Laquin or at the defendant's store in Towanda. The Commonwealth contended that the defendant cannot make sales at any place except at his store and that orders were taken by defendant's solicitor in Laquin and by him brought to Towanda where the liquors are put up in jugs, marked with name of purchaser, but packed together in cases were shipped by the defendant to himself at Laquin where his agent and drayman delivered them to his customers at their houses and there received his pay, the sales were made in Laquin and not at his store.

The contention was sustained by the court and the jury found that the sales were made at Laquin. A wholesale dealer may receive orders at his store, in the regular course of business and deliver the goods ordered to his customers either by his own convenience or by Common carrier.

Everybody Says So.

Cascarets Candy Cathartic, the most wonderful medical discovery of the age, pleasant and refreshing to the taste, act gently and positively on kidneys, liver and bowels, cleansing the entire system, dispel colds, cure headache, fever, habitual constipation and biliousness. Please buy and try a box of C. C. C. to-day; 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.
