

A New Delight— Foods Shot from Guns

There are myriads of homes where these foods are not new—these delicious Puffed Wheat and Puffed Rice.

The people who know them are already serving seventeen million dishes per month.

But to millions of others these foods remain a new and unknown delight. And to those this appeal is addressed.

The appeal is to try one package—just for the children's sake.

Puffed Wheat—10c Puffed Rice—15c

These are the foods invented by Prof. Anderson, and this is his curious process:

The whole wheat or rice kernels are put into sealed guns. Then the guns are revolved for sixty minutes in a heat of 550 degrees.

That fierce heat turns the moisture in the grain to steam, and the pressure becomes tremendous.

Serve it tomorrow morning. Listen to what they say. Then ask them what food they want next.

Wheat and rice are common foods, prepared in numerous ways. See if this way is best.

We make all sorts of cereal foods, so it matters little to us which kind you prefer.

But it means much to you to get the food that you like best. See if Puffed Wheat is that food.

Then the guns are unsealed, and the steam explodes. Instantly every starch granule is blasted into a myriad particles.

The kernels of grain are expanded eight times. Yet the coats are unbroken, the shapes are unaltered. We have simply the magnified grain.

One package will tell you why people delight in them. Order it now.

Made only by The Quaker Oats Company

The members of the granges in Burlington county, N. J., purchased together enough seed potatoes from other members of the organization in the state of Maine to plant this spring 3,000 acres.

Ohio has over thirty new and reorganized granges since the last meeting of the state grange in Columbus as against eighteen for the entire year of 1908.

GEORGE W. PIERCE.

Death of a Past Master of Vermont State Grange.

George Warren Pierce of Brattleboro, Va., a past master of the state grange, died recently from an affection of the heart. His grange career began thirty years ago, and he was a most active and influential member of the Order during all these years. For three years he was master of Protective grange, in Brattleboro, and during that time 176 members were added. He was lecturer and overseer of the state grange and was a Mason, being a member of Beauseant commandery of Knights Templars. For many years he served as trustee of the First Universalist church, of which he was a member. In December, 1906, he was master of the state grange and declined re-election last December. He was a member of the special tax commission appointed by Governor Prouty last year, and he was president of the Windham County Good Roads association for four or five years. Mr. Pierce organized the Windham County Fish and Game Protective association and was its president for six years. He was secretary of the Vermont Dairy-men's association for six years and president one year. In his death the state and the grange lose a loyal and useful representative. He was fifty-five years of age.

FAVORS PARCELS POST.

State Master Godfrey of New York Sees Good in the Proposition.

[Special Correspondence.]

The great argument in favor of parcels post is that it would be of as great benefit to the people as the postal service. It would break up one of the great monopolies of the country and save the people millions of dollars annually, besides being a great source of revenue to the government. It would be of fully as great benefit to the farmers as rural delivery of mails and I believe, a source of profit to the government as well. I believe it would be a great benefit to the retail merchants in that those living in the country could order small packages of goods by telephone, having them sent out by rural delivery, thereby increasing the number of small orders and these orders going to the home dealers instead of to the distant mail order houses. The lessened expense of transportation would enable the retailer to sell goods at a lower price, thereby having an advantage not now obtained.

F. N. GODFREY.

Ancient and Honorable.

Russell B. Lovell, who has been an officer in Milbury (Mass.) grange for many years, has recently passed his eighty-seventh birthday. He is always at his post in the grange.

Forest City grange, Ithaca, N. Y., recently initiated a class of thirty into the mysteries of the Order of Patrons of Husbandry. Among the number was State Fair Secretary S. C. Shaver.

Elephant Police.
The sight of six pairs of elephants simultaneously at work capturing a half dozen struggling, trumpeting mates is an imposing one. Like a pair of animal policemen arresting a prisoner, the great beasts sidle alongside a victim, take him between them and jostle and squeeze and worry him, tail first, toward a tree. Every inch is contested by the herculean fighters until bearing a stout tree or stump the little brown elephant catches slide from their mounts to the ground, crawl under the ponderous bellies and shuffle, kicking feet, slip cable slings

It is not a generally known fact that the Bluecoat school (Christ's hospital) once possessed a coinage of its own. At that time the coin of the realm could not be used at the hospital. Before he could buy anything in the "truck shop" a new boy had to get one of the headles, who were the school money changers, to change his shillings and pence into "house money," as it was called. This was made of copper, the coins being octagonal in shape, with their value stamped on them. These curious coins are now very rare, and numismatists possessing any are fortunate.—London Captain.

AVOID
The

THE GREATEST OF ALL MUSICAL INVENTIONS—THE TWO-HORN

DUPLEX PHONOGRAPH

THREE DAYS' FREE TRIAL IN YOUR OWN HOME

¶ The Duplex is the biggest, finest finished, loudest, clearest, sweetest-toned instrument ever put on the American Market. It is the only phonograph manufactured and sold DIRECT FROM FACTORY TO YOU on

EASY PAYMENTS

¶ The Duplex is the only phonograph that gives you all the sound vibrations and gets all the volume of music. This is because of its double vibrating diaphragms in the sound box, and the two horns to amplify the sound waves. All other phonographs, with one-sided diaphragm and a single horn, get only half the music. The Duplex is like a perfectly formed athlete with both sides developed. Other phonographs are like the one-eyed, one-legged, one-lunged defectives sometimes seen—capable of doing something, it is true, but not the best. Don't allow anyone to persuade you to buy another make of phonograph until you have sent for and received our splendid

FREE CATALOGUE

which explains fully the superior qualities of the Duplex. We are the only Company actually manufacturing phonographs and selling direct from factory to user. All other concerns are either jobbers and dealers who do not manufacture what they sell, or are manufacturers who do not sell direct to the user, but market their output through jobbers and dealers. Hence, we can and do

Save All The Dealers' 70% Profit for our customers. We are content with a fair manufacturer's profit. When you buy any other make you pay a profit to the manufacturer, a profit to the big jobber or distributor, and another profit to the dealer. We have no agents; but the Editor of this paper has made investigation and is satisfied that we give all our customers

THE SQUARE DEAL and has consented to assist the readers of this paper in every way in placing their orders for the Duplex during the year this advertisement will run in the paper. When you write for catalogue, mention this paper and address exactly as below; and when you write ask for full particulars regarding our

Home Concert Collection which we sell on Easy Payments. It consists of the Duplex Phonograph with all the latest improvements—our mechanical feed which relieves the record of all the destructive work of propelling the reproducer (sound box) and needle point across its surface; and our weight regulating device which is the greatest record saver ever invented. Both these are exclusive features of the Duplex and can not be had on any other phonograph. ¶ The Home

Concert Collection contains 16 of the best ten-inch records that money can buy, all specially selected to give a variety of music so that a dozen people of the most varied tastes can be given a two hours' entertainment at your home and each will be sure to hear at least one or more selections that will give delight. These choice records contain the best band and orchestra pieces, instrumental and vocal solos, vocal duets and quartets, talking pieces, comic songs, record and a great needle box. This collection is intended to give you, without buying another cent's worth, 160 days and evenings of entertainment, and we give you six months to pay for it, a small payment down and six small monthly payments.

¶ We put in 600 assorted records—first class, second class, capable of producing music soft and sweet and low, enough for the sick room, or loud and joyous enough for a crowd of picnickers. We put in a bottle of 3-in-1 oil, a first-class oil can, a can of Monarch metal polish, and a neat needle box. This collection is intended to give you, without buying another cent's worth, 160 days and evenings of entertainment, and we give you six months to pay for it, a small payment down and six small monthly payments.

THREE DAYS' FREE TRIAL

¶ You are not asked to buy the Duplex and Home Concert Collection "sight unseen," as we used to make jack-knives when boys at school. We show you a full-size days' trial at your own residence, in which to decide whether you will keep it or send it back. If it does not **please** you every claim for it, after a careful test for three days, then keep and send back by freight at our expense—and we'll pay your advance money back. But (as you feel sure it will) if you like you, keep it and write us and say so; and thirty days afterward send us your first monthly payment, or pay it over to the Editor of this paper, who is authorized to receive monthly payments and send them in. After each thirty days make a similar payment until all the installments are paid. This is the biggest snap in phonographs ever offered to the public. No harm in investigating it, at any rate. Talk to the Editor of this paper; ask him to send you a catalogue and terms for you, or write direct, mentioning this paper, to

DUPLEX PHONOGRAPH CO., 31 Rose St., Kalamazoo, Mich.

NOTE:—The undersigned has made careful investigation and finds that the Duplex Phonograph Company give their customers fair and honorable treatment, and advises readers of this paper to send for catalogue and further particulars. It costs nothing but a postage stamp or a postal card to try. If you do not wish to take the trouble to write, give me your name and address and I'll do the asking. And I'll see that you get a square deal. Always mention this paper when you write.
