SIGNS OF VICTORY **UPON EVERY HAND**

Philadelphia Republicans Will Roll Up Big Majority.

CITY TICKET CERTAIN TO WIN

Attempt of So-Called "Reformers" to Get Possession of the Water Works Has Raised an Important Issue In Quaker City Campaign.

[Special Correspondence.]

Philadelphia, Sept. 28. Members of the local Republican clubs who attended the convention of the State League at Altoona returned home impressed with the earn-estness and ardor displayed by the rank and file of the Republican party organization throughout the state in chalf of the party's nominees.

There was great enthusiasm shown at the mass meting when Senator Penrose in his speech declared that despite some differences and friction in Phila-delphia the entire Republican ticket here would be elected by a large majority and that the candidates on the state ticket will sweep the commonwealth with a quarter of a million ma-

What the senior senator said of po litical conditions in the Quaker City will unquestionably be demonstrated when the election returns shall be read on the night of Nov. 2.

There has never been more activity shown by the stalwart Republicans of Philadelphia than in this contest. They realize the desperate character of the opposition and the unscrupulous campaign of misrepresentation that is being waged by the so-called Gibboney combination. They see the same old forces that have been arrayed against the Republican organization for the last ten years and more, with a few new allies joining their ranks in the expectation of being able to foster cer-2in schemes which have been to ned down by the Reyburn administration.

One of these projects, in which capi-talists are ready to invest millions of dollars, is the sale or leasing of the Philadelphia water works.

This great revenue producing plant

has been regarded by a little coterior wealthy Philadelphians as a great 'melon" which they would like to cut ip and divide among themselve

When they could not get the Repub lican organization to father their scheme, the Republican leaders having called councils together and passed a resolution against all propositions to ake the water works from control of the people, these financiers turned in with the insurgents and have since been giving support to the independ-ent ticket headed by Gibboney for district attorney. They have the backing of the Wanamaker newspaper syndi-cate, which has been fighting the Republican party ever since Wanamaker was defeated in his aspirations to go to the United States senate, and they have succeeded in making quite a "racket" at least in these newspapers.

But that is as far as they will get. The people are on to their game.

The great mass of Republican voters of this city will not be fooled. They know that Gibboney means Wanamak are behind Gibboney and are seeking to break up the Republican organiza tion in order that they may put their nefarious schemes through councils.

The substantial business interests of the community are back of the Repub lican ticket, as was shown yesterday at the meeting of the Republican Business Men's association, which met in the Bellevue-Stratford and indorsed the full Republican ticket and resolved to work to insure its election.

Men who have not heretofore taken

an interest in practical politics were at that meeting. Presidents of big financial institutions, heads of large industrial establishments and commer-cial houses and others identified with resentative gathering, many of the men at the head of the Gibboney move-ment look like pigmies.

uel P. Rotan for re-election, and they are taking an active part in the canvass in his behalf.

Governor Stuart is heart and soul in invited to address a number of meet-

signton at a great reception and mass meeting. The men and women of the mill districts will then turn out by the thousands to express their apprecia-tion of the senior senator's services in connection with the framing of the tariff bill so as to protect the interest of Pennsylvanians against foreign

competition.

The arrangements for the great dinner which is to be given to Senator Penrose by the manufacturers of Pennsylvania an l elsewhere at the Bellevue-Stratford on Saturday, Oct. 16, are

his constituents.

While naturally a majority of the participants will be Pennsylvanians, the dinner is not merely a state function. It had its inception among members of the National Association of Hosiery and Underwear Manufacturers, but other manufacturing interests have insisted upon being represented at the gathering.

An Excellent Sermon.

President Taft is showing that he is a more versatile man than has been supposed. In Salt Lake City he revealed himself as a capitol preacher. He found his text naturally and properly in Holy Scripture and delivered a homily or exhorspeaking.

Seing By Wire.

A frenchman claims to have discovered a method by which persons may be enabled to see over, through, or along a telephone wire. The name applied to this apparatus is the "teleradiopticon," which is in itself enough to attract attention. The inventor of the seeing wire is now in prison, but if his apparatus does what it claims for it he will not remain long behind prison bars. Those who have examined the machine say it is successful consisting of what resembles opera glasses attached to the end of the wires through which the person at one other end of a wire may recognize the face of the person talking

Some twenty years ago a citizen of Williamsport claimed to have discovered a means by which he could look over wires to any distance. Unfortunately for the fame of Williamsport and the fortune of the inventor of the alleged seeing machine the citizen was unable to induce capitalists to exploit his invention and he went to some other part of the world and his device was lost to man-1909. Charge, embezziement. Grand kind. It was believed at the time that the Williamsport inventor not mentally sound, which it is hoped is not the case with the Frenchman who says he has a contrivance which will permit the users of Telephones to see each other's faces.
