CHARLES KAHNI

The case of the Commonwealth vs. Charles Kahni, who on January 17, 1910 shot Associate Judge Richlin seriously wounding him, was brought before the Court on Monday afternoon and after evidence was taken from several witnesses all of which considered the man insane the jury returned a verdict of "Not Guilty on the Ground of Insanity."

Following is given the proceedings of the case:

Commonwealth vs. Charles Kah ni: Indictment for assault and battery with intent to kill. Grand Jury returns True Bill.

Defendant having no counsel Court appointed Alphonsus Walsh Esq., to defend him. After consultation with prisoner the attorney informed the Court that in his opinion the defendant is insane. Court ruled that this could be put in as a plea and the question of insanity submitted to the jury in connection with the evidence in the case. Plea returned was "Not Guilty by Reason of Insanity."

A jury was selected as follows: E. C. Peters, Lawrence Miller, T. J. Clarke, Daniel Phillips, Fennie Atherton, Albert Foust, Maynard Phillips, William H. Kast, Porter Higley, David Boyles, P. J. Walls and Warden Bahr.

Jury sworn and case opened by District Attorney F. W. Meylert. Henry Richlin called in behalf of Commonwealth, sworn and examined in chief. By Mr. Mullen: Q. Where do you reside? A. Forks Township. What were you driving? A. A horse and cutter. Q. Is Murray's House near the public road? A. Yes, it is probably as far as from here to the back end of the Court House. Q. It sets below the

How serious was this wound? Just go on and describe how it affected you. A. I was sixteen days in the hospital at Sayre, at the Packer Hospital. Dr. Herman and Mr. Murray went there with me. I was there sixteen days, and I had a fever of one hundred and one for six weeks, and my pulse was one hundred and twenty; and at the end of six weeks I had an abscess which discharged through the lungs. Four quarts of discharge came out through the lungs. *Q*. In all, how long have you been iii? A. I am

And you saw him off and on, frequently? A. Yes. Q. What has been Judge, the condition of his mind, so far as you know, judging from his actions? A. Judging from his actions I don't think his mind was very clear. Q. You say it was not clear? A. I think not. Q. Why? A. Because he had no cause to do

this-no motive at all, whatever.

Q. Did he ever say anything to you about any general or special grievance prior to this time? A. Yes, he claimed that I had had him discharged at different places. Q. Was there any foundation for these allegations? A. No, sir. Q. So that in your opinion he was not in his right mind?. A. 1 think not. you know that he was affected in this way? A. I have thought so

the stand. He said he was the Justice who issued the warrant for Kahni's arrest and same day had asked him why he had shot Rich-I had to shoot the Judge or myself"-that Richlin had persecuted him. He did not seem to realize the crime he had committed.

Commonwealth rested. Alphonsus Walsh opened for the defense.

Adam Kahni sworn. He said: 'I am a brother of the defendant. He had been out west and when he returned he acted strange. He threatened to shoot me. I think he was insane. He has been in bad health for 12 or 14 years. He said about two years ago that they would have to carry Judge Richlin out dead sometime. That was about the time he threatened to shoot me."

Charles Kahni sworn. Kahni aid he shot Richlin because he had persecuted him, and was injuring him in such ways that he could not endure any longer; that he had to kill Richlin or die himself.

Alphonsus Walsh addressed the jury on behalf of the defendant, stating that if found not guilty on the grounds of insanity he would be sent to a hospital for insane criminals, where he would be taken sutiable care of until such time as he should be found rational and safe to be released.

E. J. Mullen closed by a plea to the jury in which he urged them to consider the evidence well and if they believed the prisoner was not insane to convict him of misdemeanor; if insane that they should find him not guilty for the reason of insanity.

The charge of the Court was a clear explanation of the crime charged and the law which governs the case. He outlined the evidence and instructed the jury to consider the facts carefully. He said there was no dispute about the fact that Q. How long prior to this time did that Kahni had shot Richlin with intent to kill him, and there should be a verdict of "guilty" as indicted for the last ten years Q. And in unless the evidence clearly indicatthose ten years have you seen him ed that the defendant was actually frequently? A. Yes, sir. Q. And insane when he shot Richlin. If have had opportunity to judge of in the opinion of the jury the dehis mental condition? A. He has fendant was so positively insane as been out west several times during not to be conscious of the enormity this time, but as far as I know I of the crime he committed, the verdict should be "not guilty for don't think he was trigh. I believe it. that reason it would be the duty of the Court to order the prisoner to be taken to a hospital for the insane there to be detained and treated as required by an Act of Assembly, until such time as he should be released in pursuance of the provisions of said Act of Assembly. Jury returned a verdict of "Not Guilty on ground of Insanity."

Run your advertising with the same common sense that you do the rest of your business, and there will be no guess-work about it. It will pay every time and always, but do not buy space on billboards; do not buy little tin signs to tack up on back fences;

do not hire some perambulating painter to disfigure the farmers

If your business isn't large enough to justify extensive advertising, better confine your work to the columns of the best paper in the town. It is a pretty sure thing that the best people in town-those whose trade is most desirable-are the ones who take the best paper. Its circulation is made up of the cream of the community, and you had better get all the trade you can out of that circulation before you turn to something else.
