**Lad Burned by Kerosene.**

While trying to start a fire with kerosene oil on Sunday morning, George Little, the nine year old son of Mr. and Mrs. Robert Little, was quite badly burned about the face and it is feared that he will lose the sight of one eye as a result. The youth had built a fire and had left it freshly started and forgotten it. Returning to the room some minutes later he found that it had gone nearly out and started to pour some oil on the coals when it flared up in his face. The boy's screams brought his mother to the room and Dr. Randall was hastily summoned and treated the burns.

**Dushore Bank Approved As State Depository.**

The first National Bank of Dushore has been approved by the State Board of Revenue Commissioners and State Commissioner of Banking as a depository for funds of the Commonwealth of Pennsylvania, and has received a deposit of same. It is only after a careful investigation and being satisfied of the absolute soundness of an institution that it is approved as a State Depository and the First National Bank of Dushore is to be congratulated that it has come up to the required standard.—Dushore Review.

**Selling the Best Groceries**

**We Employ Every Facility and Adopt Every Method to Insure Highest Quality**

We operate what is undoubtedly the largest and most successful retail grocery store in the world. Our business for the first three months of 1910 exceeded one million dollars in this department alone. This tremendous volume of business has grown from almost nothing because of our exceedingly low prices and our splendid qualities. With the growth of the business we have adopted the most advanced methods and our grocery and food products measure up to the highest standards required by the national and state pure food laws. You can't buy such groceries as we sell from day to day anywhere else in the world at such low prices as are quoted by us. You can't get better qualities anywhere, no matter what price you pay. We can save you one-third on the prices you pay in the average retail store, and at the same time give you better goods, more satisfactory groceries than you can possibly get of the small retail dealer.

**Our Stocks are Always Fresh**

The enormous volume of our business insures freshness in every article sold by us. Groceries of every description pass through our hands so rapidly that there is no opportunity for them to become stale or shoddy. Our volume of business being so large, we go to the first sources of supply and therefore get the goods direct from the producer or manufacturer, which is also an insurance of freshness and quality. Much of the merchandise sold by us, especially in manufactured articles such as baking powders, flavoring extracts, sodas, washing powders and many others of this character, are put up by us in our own modern laboratories. Goods not manufactured by us are subject to analysis by our chemists and so you see we surround the sale of groceries with every safeguard which makes for quality and purity.

**We Have No Open Stocks**

Our groceries are not kept in open bins, boxes, barrels and cases sitting around the floor as you are accustomed to see them in the country grocery store. Instead our grocery department is operated on the package basis and almost all bulk goods are put up by automatic weighing, bottling and boxing machinery. The original packages as they come from the producer and manufacturer are weighed into great hoppers and pass through automatic weighing machines into sacks, boxes, cans or barrels, without being touched by human hands. Receiving merchandise of guaranteed quality. It is so handled in our store that it passes on to you in the same fresh, wholesome, sanitary condition. Ask any customer of our grocery department about the kind of goods we send on our orders and they will make us believe you that they never bought better groceries anywhere at any price.

**Write Today for Our Free Grocery Catalogue**

We issue a new grocery catalogue every 60 days. We have a new one now, just from the printer's hands, and we will be glad to send you a copy free and postpaid by return mail if you will write us a letter or a postal card and ask for it. It quotes everything in groceries and shows you how you can reduce your grocery bills at least one-third and in many cases one-half. This free book will show you how to solve the high-cost-of-living problem. It will show you how to get better, fresher, more satisfactory groceries at a big saving in price. We want to send you a copy now and if you will write us a letter or a postal card asking for it, please send me your latest grocery list, addressing your letter or postal card to an editor Chicago or Kansas City, whichever city is nearest to you, and we will send the book at once, postpaid.
