Advertiser For Husband.
 Miss Mary Lewis, twenty-four years old and pretty, surprised her friends at Wilburtha, N. J., by placing advertisements in papers in her home section for a husband, saying that none of her friends or acquaintances need answer.

Her name appears in the advertisements, which merely say that she desires a husband with good habits, about twenty-eight years old, who has sufficient income to keep a wife in a conservative manner.

She has received numerous answers already, but most of them are from acquaintances who know her circumstances. She declares that she wants to marry a man she has never seen, but she has assured her friends that she will wed none until she has made a full investigation as to his reputation and habits.

Loses Memory Through Operation.
 Following a successful surgical operation at Chicago for the removal of a tumor from the brain, Jesse V. Taylor has been brought to his home at Fort Wayne, Ind., in the mental condition of a five-year-old child.

Taylor was editor of an agricultural publication in Chicago when a strange development resulted in an almost complete loss of memory. Physicians say that Taylor must now begin to learn as a little child would and it will be necessary to start anew to teach him. Physically he is as well as ever, but there is small hope of his complete mental recovery.

He Was Not Forgotten.
 An old Oxford graduate recently journeyed all the way from Cornwall to revisit the scenes of his youth. As he entered the gate a bill was presented to him for goods supplied to him when he was an undergraduate nearly half a century before. "God bless me, sir," he roared, "do you think that I come up here once in every half century for the pleasure of being dunned?"

The Test Star.
 What is the farthest limit to which the human vision can reach? Power in his book, "The Eye and Sight," gives the ability to see the star Alcor, situated at the tail of the Great Bear, as the test. Indeed, the Arabs call it the test star.

Isinglass.
 The best Isinglass comes from Russia. It is made from the giant sturgeon, which inhabits the Caspian sea.

"The Liver Pills act So Naturally and Easily."

Such a statement, coming from the cashier of a bank, shows what confidence responsible people have in these pills. Mr. A. L. Wilson after trying them wrote:

"I have used Dr. Miles' Nerve and Liver Pills and also your Anti-Pain Pills, and myself, with good results. The Liver Pills act so naturally and so easily that I scarcely know that I have taken a pill. Frequently being troubled with headache I take an Anti-Pain Pill and get immediate relief in every case." A. L. Wilson, Sparta, Ill.
 Mr. Wilson was for a number of years cashier of the First National Bank of Sparta.

Dr. Miles' Nerve and Liver Pills

are different from others. Many kinds of liver pills are "impossible" after one trial on account of their harshness. Dr. Miles' Nerve and Liver Pills do not act by sheer force but in an easy, natural way, without gripping or undue irritation. They are not habit forming.

If the first bottle fails to benefit, your druggist will return the price. Ask him. MILES MEDICAL CO., Elkhart, Ind.

Will Organize Basket Ball Team.

Arrangements are being made to organize a basket ball team in Laporte. The Lake Mokoma Company have granted the use of their dancing pavilion on the Mokoma grounds for a court. We have some pretty good stock for basket ballists in our town and with a reasonable amount of training we think a team composed of the young athletes of this place can hold their own for the county seat. Basket ball however requires agility and practice to make good. We have the former quality and it is only a matter of time until our team will —but what's the use telling what they will do, That would spoil the interest and besides we see a few mighty good teams around this section pricking up their ears at our words, and we do not feel exactly safe in predicting an entirely sunny career for our boys. But wait and see.
