Will Go After Black Hand.

It is reported that in the near future United States secret service agents will be sent to Wilkes-Barre to break up the Black Hand gangs that are flourishing in this region. These Italians are not supposed to be a part of the regular Black Hand society, or Mafia, but are believed to be a few men gathered together for the purpose of extorting money from Italians or Americans under the guise of that organization. From the extent of the extent of their criminal offences in the country from Bernice to Wilkes-Barre and Pittston, through the mining regions, it is plain that rigid methods should be taken to exterminate the gang.

Today (Friday) and April 28, are the days designated by Governor Tener as Arbor Days. Reckon this date is rather early for the planting of trees and shrubs but it is a good time to begin planning on a fitting celebration when the latter date arrives. For a number of years governors of this state have encouraged this work in the schools and as a result many of the school surroundings are rid of that barren look that fairly encourages "hookey playing" among the youthful scholars. Make the place beautiful and agreeable to the youngsters and the tasks, which at best are arduous when the summer days approach, will be more easily mastered.

ge Washington's sword, said to have been given him by Frederick the Great, which was lost in the capitol fire at Albany, N. Y., has been recovered. How little the veracious George thought that many years after he had departed, with truth stamped upon his memory, his very sword would be found ly (ie) ing in the capitol of one of the greatest States.

Anglers are patiently waiting for the opening of trout season on April 15, when the legal reetraint falls away and the piscatorial passion vent itself on the speckled beauties of Sullivan County's streams. No premiums have so far been offered for the largest catch.

Large Family.

David Molyneux, one of the prominent stock breeders of the county has a Cheter White sow that Prothonotary's Office, recently gave birth to a litter of Laporte, Penna., eighteen pigs. All are reported to April 3, 1911. be alive and doing well.

QUALITY

When people realize that it is not the quantity for the money, so much as the quality that counts, then they will patronize the store which does business in good pure goods. Cut prices often mean cut qualities. Our prices are as low as good goods wil allow. Our goods are not of the cheap mail-order variety. When comparing prices do not forget to compare qualities. If you find the prices lower than ours, then you will find the qualities inferior-generally 'bargain house' job lots.

Ask us to show you why our stock is superior.
