### NORDMONT.

Miss Lottie Speary visited friends at Hughesville Sunday.

Justin Hunter of Laquin spent Sunday with friends here.

Miss Etta Hunter has gone to Laporte to work

Mrs. Bruce Reese and daughter Pauline of Bernice spent Sunday with her parents here.

Bert Snider and Lenna Fiester drove to Laporte Sunday afternoon.

Mrs. Mary Ardway of Rochester, N. Y., is visiting friends here.

## POWER BOAT COMPLETED AND IN OPERATION.

IS NAMED "CLINTON LLOYD."

The new power boat on Lake Mokoma is completed and was given her trial trip Tuesday evening. Wm. T. Simpson, State Boat Inspector of Scranton, Pa., made the inspection Monday and pronounced her a perfect boat in ever respect and issued the proper certificate to the Company. He also examined the master, Mr. George Ladley, and engineer Maben, both of whom passed satisfactory examinations and received certificates.

The boat is fifty feet in length and is permitted to carry one hundred passengers. On the trial trip she proved all that could be desired. Although the machinery was new, there was no delay, and when the power was turned on the boat moved away from the pier eaisly and gracefully.

immediately set to work, interested board." capital in the enterprise, formed a company and purchased nearly 800 acres of land. Had his life been spared, greater progress would have been made in the development of the enterprise. But with his death progress ceased until took possession about three years

It is therefore a most proper thing to honor the memory of Mr. Lloyd in the naming of the beautiful new boat, and the company is to be congratulated upon its happy selection of a name.

#### Lawn Fete.

The lawn fete to be held in Maple Park on Friday evening will begin at 7 o'clock. Our command of the English language will not enable us, nor will space allow us to tell of the many good things the ladies of the V. I. S. have prepared for your inside and outside comfort and amusement on this occasion. Anyway, there will be a fish pond for the children, candy, peanuts and lemonade for the young folks and sandwiches, pie, cake and coffee for everybody. Ice cream will also be on sale.

The beautiful doll and base ball outfit will be presented to the holder of the lucky number at 8 o'clock.

One of the principal features of the evening will be the presence of a professional fortune teller whose June 5, 1911. services have been secured to tell the past, present and future to those who care and dare to have

At 9 p. m., when all are filled to the neck with good things served in the park, it is time to the street where something out of the ordinary in the line of ministrelsy will be presented to those who pay 10 cents for admittance. This is the big show after which cake, coffee, etc., will be again served in she park.

Saturday.

Mrs. Frank Cox and little sons, Mervin and George of Philadelphia are visiting her parents here.

Born, to Henry Rooker and wife July 13, a son.

Raymond Steck, wife and son of West Virginia are visiting the lady's parents here.

Henry Rooker and wife died July Zera Cox was a caller at Dushore 18, aged 2 years and 3 days.

Lopez Young Man

In Serious Trouble.

Joseph Meeks of Lopez is charged with a serious offense. For the past two years, some one has been tampering with Lehigh cars near and at Lopez, and serious accidents have been narrowly averted. Air brake equipments have come in for a good deal of changing, and other mischief has been done.

On Thursday of last week, Lehigh Detective Cooley of Towanda, went to Lopez and after a thorough investigation, secured enough evidence to justify the lodging of a complaint against young Meeks, and an arrest was made. The charge against the young man is tampering with air brakes, malicious mischief and larceny. He gave bail in the sum of \$400 for his appearance at the next term of the Sullivan county court.

#### Relationship Does Not Count.

Under the new school code, teachers who happen to have rela-In the name of the boat, "Clin- tives in the school board of their ton Lloyd," will be recognized a home town are going to have a just tribute to the man who first hard time to get elected, unless formed the idea of the develop- they are absolutely faultless. #### SPINNING ASBESTOS.

One Thread a Hundred Yards In Length May Weigh but an Ounce.

Asbestos was first mined in Italy, and prior to 1880 it was the only country that produced it at a com-mercial profit. The Italian asbes-tos is very silky in appearance and gray to brown in color. Often the fibers are several feet in length.

Asbestos upon leaving the cobbing sheds is sent to the spinning mills in bags holding about 100 pounds. Upon its arrival it is first forecarded by a machine similar to the saw tooth gin used in cotton mills. This separates the tangled fibers, after which a final carding takes place on a regular carding machine. When the asbestos leaves the carding machine it is combed smoothly and the fibers laid parallel treated in a rota spinning machine.

This first spins it into a coarse yarn and then draws and spins this yarn until it becomes fine and quite strong. Where a hard, strong thread is required for certain fabries the asbestos yarn is put into a doubling and twisting machine, where two or more of the yarn threads are combined. Of course if the asbestos is to be impregnated with rubber a smooth, hard finished thread is not desirable.

The spinning of asbestos for a long time seemed of great difficulty, owing to the manner in which the threads persisted in slipping past each other. Finally it was discovered that under the microscope a thread of asbestos showed a notched surface and that by means of special twisting the spinning could be made successful. Now, after much experimenting, manufacturers are able to spin a single asbestos thread of 100 yards in length not weighing over an ounce.—India Rubber World.

Burglary In England. Burglary cannot be committed in

the daytime. The English rule is that if there is light enough to see the face of the intruder there is no

burgiary. This, however, does not include moonlight, for a house-breaker entering after nightfall however brightly the moon may be shining, is legally a burglar—that is, if it is reasonably certain that he has entered with the intent to commit felony, for while a tramp breaking into a house to sleep may be a housebreaker he is not in the proper sense of the word a burglar. Burglary, however, may consist in breaking out as well as breaking in, for one who hides in a house before nightfall to steal and after stealing breaks out to get away is just as much a burglar as he who to effect his purpose breaks in.

A Long Walk.

A professor of the University of Pennsylvania who has greatly endeared himself to the students on account of his kind heartedness has one particular failing-that of absentmindedness, the Philadelphia Times relates.

He visited his married nephew and had listened to the young wife's praise of her firstborn. The gentleman felt that he must say something to give the impression that he was interested.

"Can the dear little fellow walk?" he inquired quietly. "Walk?" the mother shouted.

"Why, he has been walking for five months!"

Dear me!" the professor exclaimed, lapsing again into abstrac-tion. "What a long way he must have got!"

Just What He Said.

"I don't believe a word you have said," snapped the skipper, "but I'll tell you what I do believe—that you are a confounded sea lawyer and that you would talk the hind leg off a donkey. Did you hear what I said?"

"Yes, sir," replied Able Seaman Danks sulkily. "What did I say?"

"You said that you believe I would talk your leg off, sir!"—London Express.
