"I was Crippled, could hardly walk and had to crawl"

down stairs at times on my hands and knees. My doctor told me I had an acute attack of inflammatory rheumatism. I was in the hospital for weeks, but was scarcely able to walk when I left it. I read about

Dr. Miles' Nervine
bought a bottle and began to get better from the start, and for the past six months I have had scarcely any pain and am able to walk as well as ever." J. H. SANDERS,

P. O. box 5, Rockaway, N. J.
Few medicines are of any benefit for rheumatism, but Mr. Sanders tells plainly what Dr. Miles' Restorative Nervine did for it. One ounce of salicylate of soda added to one bottle of Nervine makes an excellent remedy for rheumatism, which is now known to be a nervous disease and therefore subject to the influence of a medicine that acts through the nerves, as does

Dr. Miles' Nervine
Sufferers from rheumatism seldom fail to find relief in the use of Dr. Miles' Nervine, with salicylate of soda.

Sold under a guarantee that assures the return of the price of the first bottle if it fails to benefit. At all Druggists.

The graduates of the Lock Haven State Normal School are everywhere filling important positions, not only in the public schools, but as County and City Superintendents, College Professors and in business affairs. A recent graduate was appointed during the last month as State Entomologist of Indiana at a handsome salary.

He attributes much of his success to the careful training in science that he received at Lock Haven. Other students can do likewise. During the last two years, the school has been filled to its capacity and in the future the number of students will be limited in order that they may all receive individual attention. Its object is to develop home life and to advance its young men and women morally and intellectually. Write for its handsome catalogue.

Serious Accident.

While swinging in a hammock with three other children, the five year old son of Christopher Brochart of year Nordmont, was seriously injured on Saturday last.

One end of the hammock was fastened to a hand cider press which toppled over with the four children swinging in it, striking young Brochart and inflicting a serious gash across the forehead and injuring one eye. Dr. Randall of this place was summoned and dressed the wounds. The youngster is recovering nicely.

QUALITY

When people realize that it is not the quantity for the money, so much as the quality that counts, then they will patronize the store which does business in good pure goods. Cut prices often mean cut qualities. Our prices are as low as good goods will allow. Our goods are not of the cheap mail-order variety. When comparing prices do not forget to compare qualities. If you find the prices lower than ours, then you will find the qualities inferior—generally "bargain house" job lots.

Ask us to show you why our stock is superior.
