"The Only Thing That Will Relieve Neuralgia."

The piercing pains of Neuralgia, which often follows a bad cold or La Grippe, are frequently almost unbearable and few medicines afford any relief to the sufferer.

I am a rural mail carrier and have been a user of the Dr. Miles medicines for years.

Dr. Miles' Anti-Pain Pills can't be beaten. They are the only thing I have found that will relieve my neuralgia and I have tried most everything, besides medicine from the doctor. I am willing to tell anyone what the Anti-Pain Pills did for me.

CHARLES HILDERBRANDT,
Box 205 Woodville, Ohio

If you, like Mr. Hilderbrandt, "have tried most everything" in vain, why not do as he did, fight your aches and pains with Dr. Miles' Anti-Pain Pills. Let the pills bear the brunt of the battle. No matter how stubborn the contest, they will come out victorious.

Dr. Miles' Anti-Pain Pills stand on their record, which is a long list of cures extending back a generation.

Druggists everywhere sell them. If first package fails to benefit, your druggist will return your money.

Wm. Nelson Barrows of New York City, is spending a few days with his sister, Mrs. E. P. Ingham. Mr. Barrows made his first visit to Laporte when Jasper Clark was proprietor of the Laporte Hotel. He finds many changes for the better and is an enthusiast for the future of Lake Mokoma.

SLATE MAKERS.

We have authority for stating that our Democratic friends are in a fair way to win honors as slate makers. The powers that be, mostly radiating from the Eastern end of the county, have made their slate and we are informed the ticket they have selected is as follows: For Associate Judges, Dennis Keefe of Dushore and ---; for County Commissioners, Clinton Dieffenbach of Cherry and W. B. Snider of Davidson; for Treasurer, Frank Magargle of Davidson; for Sheriff, Cott of Elkland; for Prothonotary and County Auditors our informant was uninformed. This is a pretty snug ticket, might be worse and has some good material on it as every one knows. The problem is to show the people something better. And the chief trouble with slates is that they are written in the night, and in the morning the teacher, in cases of this kind, the voters, wipe it clean and puts up new material.

Finest In The State.

The Clinton County Times says in part of C. R. Lauer, a former resident of this place and a brother of Mrs. Frank Ingham:

Lock Haven can boast of another preeminence. This time it is not of a civic or industrial nature, but has to do with the "pale realms of shade, where each shall take his chamber." We refer to the modern undertaking parlors of C. R. Lauer of this city, who has achieved great success since locating here a few years ago, when he took over the business of J. N. Sloan, for many years the leading funeral director of the city.

Some few months ago, Mr. Lauer purchased the Merrill home at the corner of West Main and Second streets, just across from Trinity M. E. church, one of the choicest locations in the city, and after improving and remodeling the home, decided to erect a modern undertaking establishment on the rear of the lot.

He has succeeded admirably in all his desires and traveling men in the undertaking line have told Mr. Lauer that his funeral parlors are superior to anything in the state, not excepting the larger cities.

A Correction.

We are pleased to make a correction in our article of last week on slate making. We made a statement that a formal meeting of slate makers had been held in the Court House. We have since been informed by reliable authority and some who were present, that the meeting was not held at the Court House, and we hereby correct that part of the article. If we make any mistatements in the News Item they are not intentional and shall always take pleasure in correcting them as soon as we are shown they are not correct.

Chicken Waffle Dinner at the Laporte Hotel, Sunday, August 27, 1911, between the hours of 1 and 2 p. m. Price 50 cents.

Lock Haven, the most beautiful city on the west branch of the Susquehanna, is the location of the Central State Normal School, an institution which ranks among the very best in the state. It is not only strong as an educational institution but the management of the school have developed a home like spirit and in this way, it fosters a development of character. Its students therefore leave the school with higher ideals of life and living and are better citizens in consequence. The fall term begins Sept. 11th. Write for catalogue. Adv

BOAT CARNIVAL GRAND SUCCESS.

The fourth annual illuminated boat Carnival on Lake Mokoma was a grand success in every particular. In numbers and beauty of decorated and competing floats, boats and canoes, it far exceeded all former carnivals. Excursion trains brought large crowds to the lake and from twelve to fifteen hundred people witnessed the display.

The first prize for floats, a beautiful silver loving cup, was won by the Farrell Sisters, whose float represented a cottage homestead, with open fire-place; an elderly couple were enjoying its genial warmth. A beautiful effect was produced by the rendering of "Silver Threads Among the Gold" by an unseen violinist. The second prize was awarded to a float representing "The Hanging of the Crane," arranged by R. M. Pennock and Miss Barrows. The first prize for single boats went to Miss Leone Ladley, whose boat represented Betsy Ross making the first American flag. The second prize for single boats was awarded to Miss Eunice Ingham, her boat representing a college girls "Den". Time and space prevent a mention of other individual boats, but it is proper to say that the task confronting the judges was a difficult one for every competing boat was worthy.

The prizes awarded by Lake Mokoma Company consisted of a beautiful silver loving cup, two silver canoes and a silver soap box, all suitably engraved.

The line formed below island lake and moved once around the lake.

The thousands of Japanese lanterns and other lights transformed the lake into a veritable fairyland and the beauty of the same will never be forgotten by those who witnessed it. The event was a most fitting culmination of a higher successful season at this rapidly developing summer resort.

"Darn Such Roads."

Now Gents, it is not fair to talk about roads in that rough way. The road is not to blame for the reason that a road has no brains. It is, we think, correct logic that good roads are a fine thing for everybody. No use going a thousand miles away from home to criticize the roads, but begin right here in our own Laporte township.

From the Shrewsbury line to Celestia, the road machine put in some excellent work and loose stones were thrown out, but not one decent water break was made. Now we are no lover of water breaks, but if we must have them instead of Culverts, give us something better than loose dirt. We do not blame the men that done the work they had to make a "showing". We might just as well put into our stomachs a "mud pie" made by a child as to do "biz" in that manner.

I heard one man say who has no team, that he would be one of twenty to put in one dollar each, to have the work done right, and the writer would be no office. And us fellers want no office.

Our Position.

We have received a number of letters approving the course of the News Item last week for open and honest politics. We wish to assure our friends that we appreciate their letters. We have also had some fault found with us for what we said. We wish also to thank those who have criticised us. This we consider open politics and fair. We wish both approval and criticisms, and in this way hope to get a fair opportunity of knowing what the public want. We have not criticised individuals but were contending for principles. The Item is a Republican paper, because we believe in Republican principle. In national matters good Republicans support a platform rather than a candidate. In local matters good Republicans as well as all good citizens should support the candidates who will serve the people. In this county many Republicans have been successful because they were fitted for the positions. A majority party has difficulties to contend with which do not affect the minority party. On the other hand a minority party can only win by naming candidates whose qualifications will rally to their support the votes of those citizens who value the good of the country above the welfare of the politicians. It is such candidates that this paper would like to see nominated and elected.

At the last commencement of the Lock Haven State Normal School, a handsome tower clock and a 3500 pound bell was dedicated. They were presented by Mr. Wilson Kistler, a philanthropic citizen of Lock Haven, and they are in every respect first class. The entire expense involving an expenditure of about \$4,000. This is an evidence of the esteem in which the school is held by the best citizens of its home community, but it has a state wide reputation as well as reference to its finely illustrated catalog will show. The fall term of 15 weeks begins Sept. 11th. Write for a catalogue. Adv

QUALITY

When people realize that it is not the quantity for the money, so much as the quality that counts, then they will patronize the store which does business in good pure goods. Cut prices often mean cut qualities. Our prices are as low as good goods will allow. Our goods are not of the cheap mail-order variety. When comparing prices do not forget to compare qualities. If you find the prices lower than ours, then you will find the qualities inferior—generally "bargain house" job lots.

Ask us to show you why our stock is superior.
